TO: South Dakota Aeronautics Commission

FROM: Jack Dokken, Office of Aeronautics

DATE: November 19, 2026

SUBJECT: 2027 Airport Weather Cameras

Over the past two years, aviation weather cameras have been installed at Sturgis, Spearfish, Aberdeen, Gregory, Huron, Sisseton, Wagner and Yankton. The approved vendor can install five more cameras at locations for South Dakota airports in 2027. The airports requesting cameras include Brookings, Mitchell, Pierre, Wall and Winner.

The Commission approved to reimburse 75% of equipment and installation costs for future aviation weather camera installations using state funds. The remaining 25% will be covered by local funds, fuel tax funds, or a combination as determined by the sponsor.
