

MARTIN L. GUINDON, CPA AUDITOR GENERAL

Date: November 6, 2017

To: SD Department of Education

SD State Board of Internal Control

Re: Audit Report on – Feeding South Dakota

As of and for the year ended June 30, 2017

By: Eide Bailly, LLP, CPAs

We have accepted the final report on the audit of the above-named entity conducted under the requirements of OMB Uniform Guidance.

OMB Uniform Guidance requires the State of South Dakota, as a direct recipient of federal assistance who provides federal awards to a subrecipient, to:

- 1. Ensure that subrecipients expending \$750,000 or more in Federal awards during the subrecipient's fiscal year have met the audit requirements of OMB Uniform Guidance for that fiscal year.
- 2. Ensure that the subrecipient takes timely and appropriate corrective action when the audit report discloses instances of noncompliance with federal laws and regulations.
- 3. Consider whether this subrecipient audit necessitates adjustment of your program records.

The accompanying audit report is submitted to you to help fulfill these requirements.

The report does identify an audit finding pertaining to federal award programs administered by your agency/department that is required to be reported in accordance with OMB Uniform Guidance, §200.516(a). See page 6 of the report on federal awards. Accordingly, you are required to issue a management decision on the audit findings within six months after receipt of this audit report (OMB Uniform Guidance §200.331(d)(3)).

Please contact us if you have any questions.

Sincerely,

Martin L. Guindon, CPA

Auditor General

Statements of Cash Flows	
Notes to Financial Statements	

Independent Auditor's Report

The Board of Directors Feeding South Dakota Sioux Falls, South Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of Feeding South Dakota (the Organization) which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of activities, functional expenses, and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Feeding South Dakota as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated October 16, 2017 on our consideration of Feeding South Dakota's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Feeding South Dakota's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Feeding South Dakota's internal control over financial reporting and compliance.

Sioux Falls, South Dakota

Esde Saelly LLP

Note 1 - Organization and Summary of Significant Accounting Policies

Organization

The Organization is a South Dakota nonprofit corporation which assists with emergency food needs for local families and individuals, supplies on-site programs with reclaimed food, and collects and redistributes food to agencies throughout South Dakota.

Cash and Cash Equivalents

The Organization considers all cash and highly liquid financial instruments with original maturities of three months or less, and which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents.

Receivables and Credit Policies

Accounts and grant receivables are stated at the amount management expects to collect from outstanding balances. Due to the nature of the receivables, they are non-interest bearing. Payments of receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoices. If accounts become uncollectible, they are charged to expense when the determination is made.

Promises to Give

Feeding South Dakota reports unconditional promises to give as contributions. If outstanding contributions are expected to be collected in less than one year, they are recorded at the estimated amount to be ultimately realized. If outstanding contributions are to be paid to the organization over a period of years, they are recorded at the present value of their estimated cash flows. Promises to give amounts are reflected net of an allowance for uncollectible amounts based on management's judgment, past payment experience and other relevant factors.

Food Inventory

Inventory consists of donated food and non-food items, purchased food and United States Department of Agriculture (USDA) commodities received from the government. Donated non-government food and donated government food was valued at \$1.52 and \$1.67 per pound for the years ended June 30, 2017 and 2016, respectively. This valuation is based on a cost study conducted for Feeding America, which for the most recent cost study, included a separate valuation of food that excludes non-food items. This valuation was used in the \$1.52 value per pound above. Purchased food is valued at the latest purchase price.

Investments

Investment purchases are recorded at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the statements of financial position. Net investment gain/(loss) is reported in the statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less investment management and custodial fees.

Fixed Assets

Land, buildings, and equipment purchases over \$1,000 are capitalized by the Organization and are recorded at cost. The fair value of donated fixed assets is similarly capitalized. Depreciation is computed on the straight-line method using the lives as shown below. When assets are sold or otherwise disposed of, the cost and related depreciation is removed from the accounts, and any remaining gain or loss is included in the statements of activities. Costs of maintenance and repairs that do not improve or extend the useful lives of the respective assets are expensed currently.

Buildings
Furniture and equipment
Vehicles
39 years
5 years

Contributed property and equipment is recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations contributions of property and equipment are recorded as unrestricted support. Construction in process was \$4,623,626 at June 30, 2016, which includes purchased land of \$773,900.

Net Assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Unrestricted Net Assets – Net assets available for use in general operations. The Board has approved a policy to designate a three-month operating reserve. During fiscal year 2016, the board approved a temporary decrease in the three-month operating reserve requirement until the sale of the Sioux Falls warehouse was completed in July 2016. Unrestricted board designated operating reserve as of June 30, 2017 and 2016, was approximately \$1,236,000 and \$1,028,000, respectively.

Temporarily Restricted Net Assets – Net assets subject to donor restrictions that may or will be met by expenditures or actions of the Organization and/or the passage of time.

The Organization reports contributions restricted by donors as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Permanently Restricted Net Assets – Net assets whose use is limited by donor-imposed restrictions that neither expire by the passage of time nor can be fulfilled or otherwise removed by action of the Organization. The restrictions stipulate that resources be maintained permanently but permit the Organization to expend the income generated in accordance with the provisions of the agreements.

Allocation of Functional Expenses

The costs of providing the various program services and supporting activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated between program and supporting service classifications based upon specific identification where possible and estimates made by management.

Contributions

Contributions, including unconditional promises to give, are recognized in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met.

Donated Materials and Services

Donated materials and services are recorded at their estimated fair value if they enhance the Organization's nonfinancial assets or require specialized skills that the Organization would normally purchase if not provided by donation. Volunteers contribute significant amounts of time to the Organization's program services, administration, and fundraising and development activities; however, the financial statements do not reflect the value of these contributed services because they do not meet recognition criteria prescribed by generally accepted accounting principles.

Fund Raising Costs

Fund raising costs are expensed as incurred.

Income Taxes

Feeding South Dakota is a nonprofit organization other than a private foundation that is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Organization received its permanent 501(c)(3) status in February 1984. Contributions to the Organization are eligible as deductible charitable contributions for federal income tax purposes. The Organization is annually required to file a Return of Organization Exempt from Income Tax (From 990) with the IRS. In addition, the Organization is subject to income tax on net income that is derived from business activities that are unrelated to their exempt purpose. The Organization has determined it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990-T) with the IRS.

Feeding South Dakota believes that it has appropriate support for any tax positions taken affecting is annual filing requirements, and as such, does not have any uncertain tax positions that are material to the financial statements. The Organization would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates and those estimates could be material.

Employee Benefits

The cost of employee benefits and compensated leave are accrued as they are vested to the employee.

Financial Instruments and Credit Risk

Feeding South Dakota manages deposit concentration risk by placing cash, money market accounts, and certificates of deposit with financial institutions believed by management to be creditworthy. At times, amounts on deposit may exceed insured limits or include uninsured investments in money market funds. To date, Feeding South Dakota has not experienced losses in any of these accounts. Credit risk associated with accounts receivable, grants receivable and promises to give is considered to be limited due to high historical collection rates and because substantial portions of the outstanding amounts are due from governmental agencies, organizations and other individuals supportive of Feeding South Dakota's mission.

Fair Value Measurements

Certain assets and liabilities are reported at fair value in the financial statements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal, or most advantageous, market at the measurement date under current market conditions regardless of whether that price is directly observable or estimated using another valuation technique. Inputs used to determine fair value refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available. A three-tier hierarchy categorizes the inputs as follows:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that Feeding South Dakota can access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Level 3 – Unobservable inputs for the asset or liability. In these situations, Feeding South Dakota develops inputs using the best information available in the circumstances.

Shipping and Handling Costs

Transportation costs billed to customers is considered sales revenue and related transportation costs are included in program expenses.

Subsequent Events

Subsequent events have been evaluated through October 16, 2017, the date which the financial statements were available to be issued.

Note 2 - Promises to Give

The following summarizes promises to give at June 30, 2017 and 2016:

		2017	2016
South Dakota Cattlemen's Foundation	\$	236,508	\$ 212,000
Capital campaign		195,352	329,251
Other		-	7,596
Total promises to give		431,860	548,847
Less discount to net present value at 5%		(3,948)	 (10,662)
Net promises to give	_\$	427,912	\$ 538,185

At June 30, 2017 and 2016, one donor accounted for approximately 55% and 39% of total promises to give.

The following summarizes scheduled receipts of promises to give at June 30, 2017.

Due by June 30: 2018 2019 2020 2021	\$ 375,860 32,500 18,500 5,000
	\$ 431,860

Note 3 - Investments

The following summarizes investments by major investment type at June 30, 2017 and 2016:

	2017		2016	
Certificates of deposit	\$	-	\$	251,163
Mutual funds - equity securities		-		152,208
Debt securities		-		129,399
		-		532,770
Long term investments				(350,499)
Investments, current	\$		\$	182,271

Net investment return consists of the following for the years ended June 30, 2017 and 2016:

	 2017		2016	
Interest and dividends Unrealized gain (loss)	\$ 4,120 5,733	\$	45,613 (26,151)	
	\$ 9,853	\$	19,462	

Note 4 - Beneficial Interest in Assets Held by Community Foundations

Agency Funds

During 2012, the Organization established various permanent endowment funds (the Funds) with Sioux Falls Area Community Foundation, Black Hills Area Community Foundation and South Dakota Community Foundation and named itself beneficiary. The Organization granted variance power to the community foundations which allows them to modify any condition or restriction on its distributions for any specified charitable purpose or to any specified organization if, in the sole judgment of the respective community foundation's Board of Directors, such restriction or condition becomes unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community. In addition, the Organization is the beneficiary of a legacy gift which is invested with Sioux Falls Area Community Foundation and to which the donor did not grant variance power. The Funds are held and invested by the community foundations for the benefit of Feeding South Dakota, and are reported at fair value in the statements of financial position, with trust distributions and changes in fair value recognized in the statements of activities. The aggregate current market value of such transfers, plus income or losses and less distributions and fees was \$384,822 and \$355,811 at June 30, 2017 and 2016, respectively, and is reflected in the Organization's assets as beneficial interest in assets held by community foundations.

Designated Funds

In April 2017, a \$1,000,000 endowment fund was established by an outside donor with the South Dakota Community Foundation ("Foundation") that names Feeding South Dakota as the designated beneficiary of distributions from the endowment. The Organization recognizes temporarily restricted revenue from the endowment as it is received to fund facility operational costs. The balance of the fund with the Foundation was \$1,037,841 as of June 30, 2017.

In December 2014, a \$1,000,000 endowment fund was established by an outside donor with the South Dakota Community Foundation ("Foundation") that names Feeding South Dakota as the designated beneficiary of distributions from the endowment. The Organization recognizes unrestricted revenue from the endowment as it is received. The balance of the fund with the Foundation was \$1,002,579 and \$934,527 as of June 30, 2017 and 2016, respectively.

Distributions received totaled \$43,543 and \$44,260 for the years ended June 30, 2017 and 2016, respectively. Distributions from the two designated funds to the Organization are in accordance with distribution policies for permanent funds adopted by the Foundation. The endowments represent restricted net assets of the Foundation.

Note 5 - Fair Value of Assets and Liabilities

Assets measured at fair value on a recurring basis at June 30, 2017 and 2016, are as follows:

			_	2017	2016
Certificates of deposit Beneficial interest in assets held by community foundations Mutual funds - equity securities Debt securities		_	\$ 384,822	\$ 251,163 355,811 152,208 129,399	
			=	\$ 384,822	\$ 888,581
The related fair values of these assets are determined	d as follo	ows:			
	Àcti	ted Prices ive Mark Level 1)		Other oservable Inputs	observable Inputs Level 3)
June 30, 2017 Beneficial interest in assets held by community foundations	\$		<u>-</u> _	\$ <u>-</u>	\$ 384,822
	\$		<u>-</u> =	\$ 	\$ 384,822
June 30, 2016 Certificates of deposit Beneficial interest in assets held by	\$		-	\$ 251,163	\$ -
community foundations Mutual funds - equity securities Debt securities		152,20	- 08 -	- 129,399	355,811 - -
	\$	152,20	08	\$ 380,562	\$ 355,811

A portion of the Organization's investment assets are classified as Level 1 because they are comprised of openended mutual funds with readily determinable fair values based on daily redemption values. The fair value of certificates of deposit and corporate debt securities are determined by reference to similar assets that are directly or indirectly observable in the marketplace, and are classified within Level 2. The fair value of the Organization's beneficial interest in assets held by community foundations is based on the fair value of fund investments as reported by the community foundations. These are considered to be Level 3 measurements.

15

Following is a reconciliation of activity for assets required to be measured at fair value that are based upon significant unobservable (non-market) information for the years ended June 30, 2017 and 2016:

Balance at June 30, 2015	\$ 367,075
Adjustments to fair market value, net of distributions	(11,264)
Balance at June 30, 2016	355,811
Adjustments to fair market value, net of distributions	29,011
Balance at June 30, 2017	\$ 384,822

Note 6 - Assets Held for Sale

On September 11, 2015, the Organization entered into a purchase agreement to sell its real property located at 3511 N. 1st Avenue in Sioux Falls, South Dakota. Assets held for sale for this property on June 30, 2016 totaled \$465,092. The closing date of the sale of this property occurred on July 18, 2016. The net gain on the sale of these assets was \$482,438. This amount is included as part of the gain on disposal in the statements of activities. The Organization has relocated the Sioux Falls operations to its newly constructed facility located at 4701 N. Westport Ave.

Note 7 - Contingent Liability

The Organization received the following zero interest rate funds from the Department of Community Development of the City of Sioux Falls, South Dakota:

2.00202	21, 1777	\$ 166,300
Freezer	June 21, 1999	40,000
Elevator	August 6, 1992	71,800
Roof	January 18, 1991	\$ 54,500
Repair or replacement		

These funds were recognized as income in the periods received. The principle sums as specified in the agreements, shall not become due and payable until the occurrence of one of the following events: (1) conveyance of said property by the Organization, (2) voluntary or involuntary relinquishment of said property by the Organization, or (3) termination of the agreement by the City for noncompliance. The related property is secured by mortgages. The original agreements were amended in May 2016 and transferred to the property at 4701 N. Westport, Sioux Falls, South Dakota.

Note 8 - Restrictions on Net Assets

Temporarily restricted net assets represent donor restricted funds for specific program expenses and fixed asset acquisitions. Following are the temporarily restricted net assets available for the following purposes:

	2017		 2016	
BackPack program	\$	709,654	\$ 698,867	
Mobile food pantry		35,000	60,000	
Sioux Falls food pantry		41,108	21,416	
Protein food purchases		237,883	213,300	
Delivery truck		-	160,000	
Generator and security equipment		50,000	31,667	
Rapid City collective impact - personnel expense		35,910	-	
Other		89,216	 95,669	
	\$	1,198,771	\$ 1,280,919	

Net assets were released from restrictions as follows during the years ending June 30, 2017 and 2016:

	2017		2016	
Satisfaction of purpose restrictions				
Sioux Falls food pantry	\$ -	\$	10,765	
Mobile food pantry	25,000		-	
Delivery truck	160,000		-	
BackPack program	-		38,528	
Capital campaign	-		2,362,738	
Other	24,473		17,727	
	\$ 209,473	\$	2,429,758	

Note 9 - Retirement Plan

The Organization has established a 401(k) retirement plan that covers all employees who meet eligibility requirements. Employees are fully vested on all amounts contributed to the plan. The plan provides for a discretionary matching contribution. For the years ended June 30, 2017 and 2016, the Organization has elected to match contributions up to 3% of compensation for each eligible employee. For the years ended June 30, 2017 and 2016, this contribution was \$40,168 and \$38,174, respectively.

Note 10 - Member Agreement

The Organization renewed its member agreement with Feeding America on October 1, 2014. The purpose of the contract is to establish Feeding South Dakota's membership in the national Network of Feeding America, provide definition and guidance for the business relationship between Feeding South Dakota and Feeding America, foster a cooperative spirit, and improve the capacity of the Network to provide solutions to the problem of hunger in America.

Note 11 - In Kind Donations

Donated goods and services received are included as in-kind donations and commodities revenue on the statements of activities and consisted of the following for 2017 and 2016:

	2017	2016
Food and food discounts	\$ 16,850,772	\$ 18,838,524
Commodities	2,300,262	2,111,050
Fundraising	20,009	15,874
Professional services	104,767	95,762
Media	6,034	-
Capital items	35,379	62,997
Miscellaneous	25,027	18,526
	\$ 19,342,250	\$ 21,142,733

Note 12 - Capital Lease Obligation

The Organization leases certain trash compactor equipment under a lease classified as a capital lease. The following is a schedule showing the future minimum lease payments under the capital lease by fiscal year and the present value of the minimum lease payments as of June 30, 2017. The interest rate related to the lease obligation is 5.24% and the maturity date is October 2021.

Years ending June 30:		
2018	\$	14,460
2019		14,460
2020		14,460
2021		14,460
2022		3,615
Total minimum lease payments		61,455
Less amount representing interest		(6,476)
Capital lease obligation	\$	54,979
Capital lease obligation - current	\$	11,861
Capital lease obligation - long-term	Ψ	43,118
	\$	54,979
I and a second and

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Directors and Management of Feeding South Dakota Sioux Falls, South Dakota

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Feeding South Dakota (the Organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 16, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Feeding South Dakota's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Its Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

The Board of Directors and Management Feeding South Dakota Sioux Falls, South Dakota

Report on Compliance for Each Major Federal Program

We have audited Feeding South Dakota's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Organization's major federal program for the year ended June 30, 2017. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance for the Organization's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for its major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Its Major Federal Program

In our opinion, Feeding South Dakota complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of Feeding South Dakota is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as Finding 2017-001 that we consider to be a significant deficiency.

The Organization's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Organization's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of Feeding South Dakota as of and for the year ended June 30, 2017, and have issued our report thereon dated October 16, 2017, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Feeding South Dakota. The information in this schedule is presented in accordance with the requirements of the Uniform Guidance. Feeding South Dakota received federal awards both directly from federal agencies and indirectly through pass-through entities. Federal financial assistance provided to a subrecipient is treated as expenditure when it is paid to the subrecipient.

Note 2 - Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-122, Cost Principles for Non-profit Organizations or Subpart E – Cost Principles of the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Organization's summary of significant accounting policies is presented in Note 1 in the Organization's basic financial statements.

Feeding South Dakota has not elected to use the 10% de minimis cost rate.

Note 3 - Food Distribution Cluster

The amount of reimbursement available from the pass through agency for administrative costs is unknown at the time the costs are incurred. As a result, the amount presented as administrative costs at June 30, 2017 for the commodity supplemental food program includes \$63,836 of reimbursements by the pass through agency for which costs were incurred in the prior year. In addition, the amount presented as administrative costs at June 30, 2017 for the emergency food assistance program includes \$32,679 of reimbursements by the pass through agency for which costs were incurred in the prior year.

Note 4 - Nonmonetary Assistance

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. At June 30, 2017, the Organization had food commodities totaling \$409,406 in inventory.

Subrecipient Monitoring Significant Deficiency in Internal Control over Compliance

Criteria: Under 2 CFR 200.331(d), the Organization is required to monitor the activities of the subrecipient as necessary to ensure that the subaward is used for authorized purposes, in compliance with federal statutes, regulations and the terms and conditions of the subaward.

Condition: The Organization was unable to provide an accurate list of participants receiving the food boxes for one month for one subrecipient. In addition, the Organization did not retain sufficient documentation to support the monitoring and review of the eligibility of subrecipient's participant applications.

Cause: The subrecipient was nonresponsive to requests to provide a revised listing of program participants for the month. When management requested the revised listing, the agency responded that it was due to boxes being distributed to participants on the waiting list, however they could not provide details of which individuals were the recipients. Documentation supporting the review of participant applications for accuracy was not retained.

Effect: Without adequate support, demonstrating compliance with laws, regulations and grant requirements is difficult.

Questioned Costs: None reported.

Context/Sampling: A nonstatistical sample of eleven subrecipients out of fifty-three total subrecipients were selected for testing.

Repeat Finding from Prior Year: No

Recommendation: We acknowledge the Organization made several requests to the subrecipient to obtain the listing of program participants. We further acknowledge the Organization is working with volunteers at the subrecipient sites which causes additional challenges for training and mentoring. We recommend that management continue to train, mentor and implement consequences for subrecipients whom do not provide information requested and/or retain supporting documentation to demonstrate program compliance. In addition, we suggest revising procedures over the review of participant applications to ensure that adequate supporting documentation is retained to substantiate the Organization's performance of monitoring activities.

View of Responsible Officials: Management is in agreement.

Management's Response to Auditor's Findings: Summary Schedule of Prior Audit Findings and Corrective Action Plan June 30, 2017

Prepared by Management of Feeding South Dakota

Summary Schedule of Prior Audit Findings

Financial Statement Findings

None reported.

Federal Award Findings

Finding: 2016-001

Federal Agency Name: Passed-through South Dakota Department of Education

Program Name: Food Distribution Cluster

CFDA #: 10.565, 10.569

Initial Fiscal Year Finding Occurred: 2015

Finding Summary: Based on a sample test of subrecipients, in three instances the subrecipient was not verified as not being suspended or debarred. In 2016, Feeding South Dakota revised the subaward agreement and site monitoring checklist to include certification that the subrecipient was not suspended or debarred. For the three instances sited that were out of compliance, an old agreement form was used instead of the updated form.

Status: Corrective action was taken. Management is thoroughly reviewing the subrecipient files to ensure that all have been verified as not being suspended or debarred. An exclusion check is also being done on SAM.gov.

Finding: 2016-002

Federal Agency Name: Passed-through South Dakota Department of Education

Program Name: Food Distribution Cluster

CFDA #: 10.565, 10.569

Initial Fiscal Year Finding Occurred: 2016

Finding Summary: Under 2 CFR 200.331, Feeding South Dakota is required to clearly identify elements of the federal subaward to the subrecipient. Our subaward agreements did not include all of these required elements, specifically the period of performance start and end date.

Status: Corrective action was taken. All required subaward elements are now on Feeding South Dakota's subrecipient agreements, which are updated annually.

Corrective Action Plan

Federal Award Findings

Finding: 2017-001

Federal Agency Name: Passed-through South Dakota Department of Education

Program Name: Food Distribution Cluster

CFDA #: 10.565, 10.569

Finding Summary: Finding 2017-001 pertained to subrecipient monitoring. For one of the subrecipients selected for testing, Feeding South Dakota was unable to provide an exact participant listing as to who received a senior food box for one specific month. The participant listing provided to Feeding South Dakota by the subrecipient showed more participant names than the number of boxes received. In addition, Feeding South Dakota did not retain sufficient documentation to support the review of participant eligibility. Subrecipient monitoring visits are conducted at least annually by Feeding South Dakota. During the monitoring visit, participant applications are reviewed for completeness and accuracy in order to ensure eligibility. Although noted as being done on the site review checklist, copies of the actual participant applications were not retained.

Responsible Individuals: Russ Hofeldt, Diane Briest, Dan McGinnis, and Lynn Maixner

Corrective Action Plan: Participant lists received each month from subrecipients will be verified with the number of senior food boxes received by each agency to ensure complete and accurate lists. Feeding South Dakota will continue to train, mentor and implement consequences for subrecipients who do not provide information requested and/or retain supporting documentation. When subrecipient monitoring visits are conducted, Feeding South Dakota personnel will scan the reviewed participant applications into a secure file to retain confidentiality of the information, while providing evidence of the application review.

Anticipated Completion Date: 10/31/17
