Potential Incentives to Leverage 100% FMAP**

Incentive	Impacted Population	Estimated Cost	Status	Notes	
2015 Health Care Solutions Coalition (HCSC) Recommendations					
1	Increase use of telehealth services to support emergency departments and increased access to primary and specialty care consultation and treatment through Indian Health Service and Tribal Programs.	IHS Patients	N/A	In-Progress	Anticipate July implementation for e-emergency. Phase 1: Rosebud, Pine Ridge, Eagle Butte
2	Develop a formal Community Health Worker/Community Health Representative pilot program.	1,500 Medicaid Recipients	\$360,000 (\$160,776 state) to \$900,000 (\$401,940 state)	In-Progress	Stakeholder group recommended training and other standards. Estimate ranges from low utilization estimate of 8 to 20 hours of service annually for 1,500 individuals.
3	Increase support for prenatal and postpartum care to support healthy birth outcomes				
4	Increase capacity for mental health and chemical dependency services through Indian Health Service and Tribal Programs.	Tribal Health and IHS Patients	N/A	In-Progress	Technical assistance through Great Plains Tribal Chairman's Health Board
5	Add Medicaid eligible providers of behavioral health and substance use disorder (SUD) treatment services	220 Medicaid Recipients	\$550,000 (\$242,000 state)		Adds eligible outpatient behavioral health Medicaid providers to include licensed Marriage and Family Therapists.
		265 Medicaid Recipients	\$667,700 (\$293,788 state)		Adds eligible outpatient behavioral health Medicaid providers to include Clinical Social Workers (CSW) working towards Private or Independent Practice (PIP) designation and Licensed Professional Counselors (LPC) working towards Mental Health (MH) designation.
6	Add evidence-based behavioral health services and supports for children and families, including supporting the provision of functional family therapy as a Medicaid state plan service		Complete		Implemented in 2016
Essential Health Benefit Recommendation					
7	Cover substance abuse treatment for all adults currently eligible for Medicaid. Current coverage is for pregnant women and adolescents.	1,900 Medicaid Adults	\$2M (\$880,000 state)		Contemplated as part of full Medicaid expansion in 2015 HCSC discussion; substance abuse treatment is an essential health benefit under the ACA.
Total Cost of HCSC Recommendations		\$2 M state			
Other Incentives
