Beginning with FFY19 the Council will have two years to obligate the funds and all the work needs to be completed in the first 24 months of the federal grant award and the third year is only for paying the funds out. All FFY17 is obligated plus a little more. We have received the full grant award for FFY18 of \$507,546.00.

The Council has not obligated or spent any of the FFY18 grant award (\$507,546). The FFY19 grant timeline begins on October 1, 2018 with all funds needed to be obligated and expended by September 30, 2020. Arlene shared what she put together to show the timeline for each grant award, obligations, expenditures and what remains to be expended. She will update this quarterly. An estimated \$100,000-115,000 is used each year for administrative and personnel expenses.

Year 27 of Partners in Policymaking, Continuing Education for Partners graduates and recruitment of Year 28

Discussion was held about raising the overall budget, any concerns with match, using “not to exceed in the language for the dollar amount; approximately \$5,000 per person per year to attend; and a desire to increase the number of people that are able to attend without having a specific number of people. Barb Hemmelman made a motion to issue the RFP with an amount “not to exceed \$150,000”, seconded by Reed Haug. Tim Neyhart, Wendy Parent Johnson and Roger Bowie abstained.

Youth Leadership Forum 2019

Council members had a similar discussion about increasing the federal funding; having the grantee share who attends and where they are from; to share if the costs exceed what the program receives; and any concerns about providing more matching funds. Roger Bowie made a motion to issue the RFP with an amount of \$25,000, seconded by Derek Smith. Motion carried. Wendy Parent Johnson, Wendy Trujillo, and Eric Weiss abstained.

Outreach and Support for the DD Council

The bullet stating to purchase items needed for door prizes needs to be changed to educational materials. Derek Smith made a motion to approve the RFP for Outreach and Support, seconded by Erica Gloor. Motion carried.

Public Information and Awareness

Arlene needs to make some edits to this RFP before it is voted on.

DESIGNATED STATE AGENCY (DSA) REVIEW

Council policy says that the Council will review the designated state agency and share any recommendations for change with the Governor's Office. Arlene answered questions from council members regarding the Memorandum of Understanding that expired in 2015. She also explained that she will be moving near the end of September and that may change the content of the MOU. Arlene was asked if she has a contact person within the

DSA. The last contact person no longer works for the Department of Human Services. Barb Hemmelman proposed that there not be a name in the MOU but instead a position in the event or staff tour over. Darryl Millner suggested the DD Director could be the point of contact with the DD Senior Secretary as the backup.

The DSA Review committee recommended having the Department of Human Services/Division of Developmental Disabilities continue as the Council's Designated State Agency. Derek Smith made a motion to accept the recommendation of the committee, seconded by Roger Bowie. Motion carried.

OFFICE OF SPECIAL EDUCATION

Melissa Flor joined the council by phone to explain the alternative assessment. She explained that more than likely, children that are taking the alternative assessment are in the category for developmental disability. Special Education law has changed for the assessment, limiting the state to 1% of all of the students that they test to take the alternate assessment. South Dakota is over the 1%, so the Office of Special education needs a plan to reduce that number. Melissa explained the requirements for students to take or not take the assessment. She also explained that a workgroup has been formed, what they have been doing and how they have addressed concerns for students, families and schools. Council members asked questions and provided comments regarding the alternative assessment.

BUDGET REQUEST FOR SFY2020

The Council is part of the Division of Developmental Disabilities' budget. Internal Department budget meetings are held in early August. Arlene explained that she will need to take a closer look to make sure that we have enough federal expenditure authority for the next few years to accommodate spending the FFY18 and 19 dollars in SFY2019, 20 and 21. Updates will be provided.
