Dr. Kramer recessed the board meeting at 3:00 p.m. for new doctor matriculation. The board meeting reconvened at 4:15 p.m.

M/S Deutsch/McCracken to add Dr. Tony Hintgen and Dr. Doug Ortman to the disciplinary committee to replace Dr. Tony Lammers and Dr. Robin Lecy who are no longer in active practice
Passed, no opposition

Telemedicine Discussion – at this time there isn't legislative authority for chiropractor's to be involved with telemedicine, it may not be considered a patient protection issue so best to be addressed through the association for possible legislation rather than through the board.

A request was received regarding allergy/lab testing. Allergy/lab testing can be done under the chiropractic scope of practice but the board cannot regulate the charges for such or if the doctor chooses to work in conjunction with an allergy specialist.

A request was received regarding proper coding for timed-therapies. The board accepts the most current version of ChiroCode book as the reference for coding.

The board reviewed an email from the association requesting consideration of moving toward a partial online 36-hour program to be developed by Dr. Jeff Rich which would decrease the classroom time required. The same testing component would be in place as currently done. The board would be in favor of such program but would need to review and approve the final course offering.

The Federation of Chiropractic License Board district meeting will be held in Portland, OR October 5-8, 2017. Dr. Kramer and Marcia Walter will plan to attend.

M/S McCracken/Deutsch to approve preceptor applications of Ethan Helder with Dr. Max Reinecke; Joel Martens with Dr. Ross McDaniel; Tyler Nenaber with Dr. Tyler Parham; Christina Yackley with Dr. Chad Munsterman; Dominic Means with Dr. Casey Weerheim
