## Additional Agenda Items

Approval of December meeting minutes --

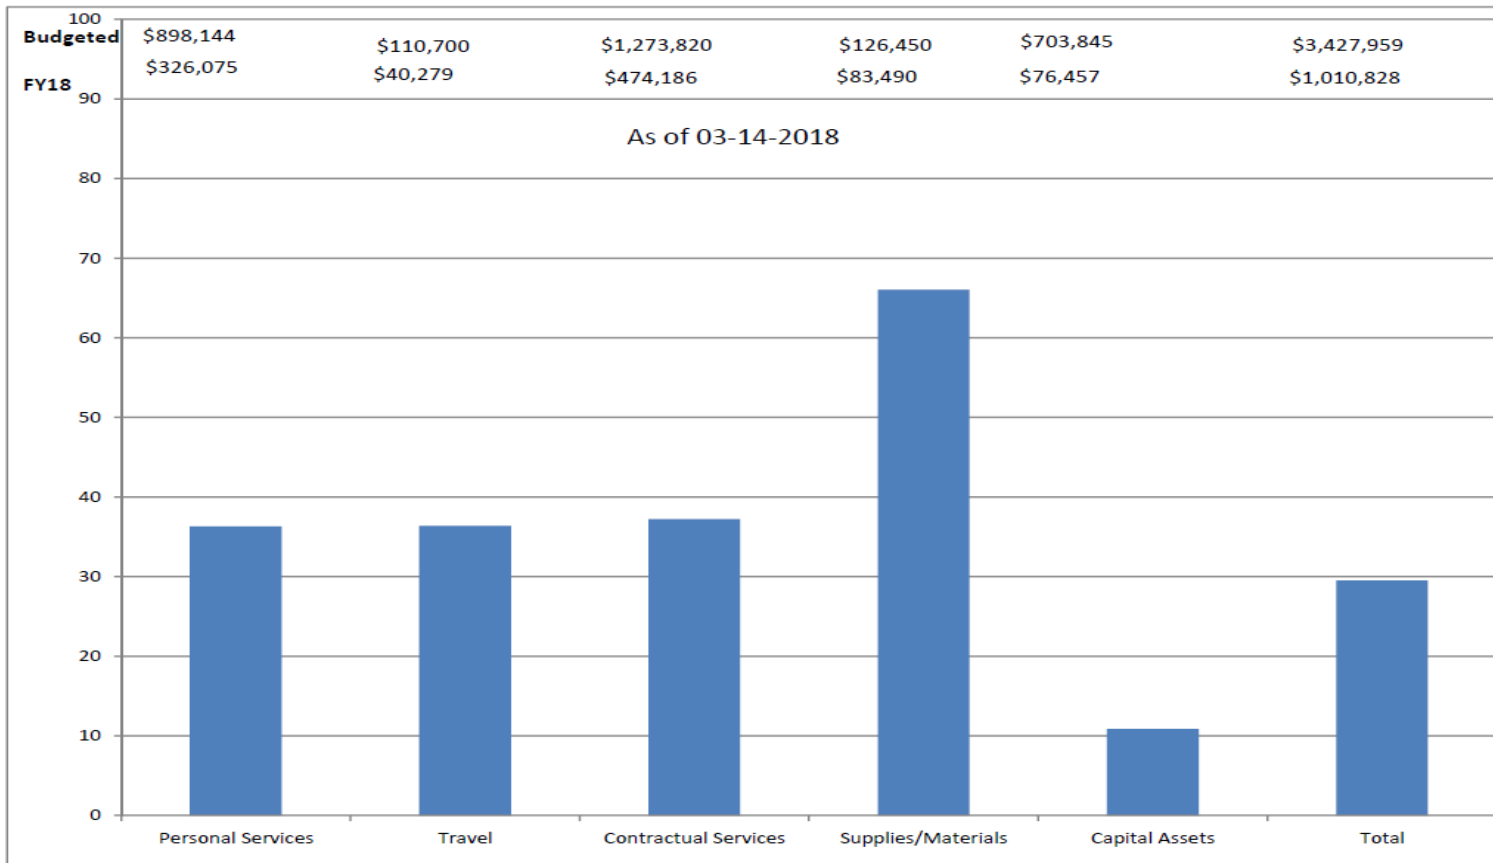

## New Business

### 1. 2018/2019 Budget

- On track for the most part. Personal Services might take a hit with on tech resigning and another passing.
- Added to our 2018 budget \$300,000 for the Union County site
- SLIGP 1 grant closed out, we matched .02% above our 20% requirement

### 2. FY19 Budget Request

- \$10,000 added to support Union County Tower, 1.2% Salary increase.

### 3. FirstNet

- Service is being offered in-state at this time. Can be purchased by organization or individual purchase. Basically the following rate plan: \$41.99 for standard smartphone, \$51.99 for smartphone + tethering (hotspot capable), \$36.80 for data-only device.
- Agencies will have some additional responsibilities in maintaining current user lists.
- Verizon does have a similar offering.
- What can we do to make a difference in South Dakota right now?

### 4. Sustainable Funding

- Revamping numbers, not sure if the base .35 proposed earlier will still make it with one less year.
- If this doesn't get any traction this year, we need to seriously consider our position.

### 5. Union County Site

- Representative Anderson from District 16 requested from Governors Office \$300,000 to install a site at the county tower between North Sioux City and Jefferson. Initially they requested that BIT/SRC absorb the additional operational costs of the site, but we were able to get \$10,000 added to our base in the FY19 fiscal year.

### 6. Redfield Area

- State Radio techs have been trying to address issues in the Redfield area for some time, a recent try to install a bi-directional amplifier (BDA) did not provide the results hoped for. State Radio is looking for guidance from the Council on how to address this and others that will come up.

### 7. Standard Programming Plan

VRI TPI MTI BKI WTI WBI IBI ABI RDI HRI MLI CHI WNI PRI BSI FHI PHI MRI NHI RCI

CHAMBERLAI INT CHAMBERLAN INT/CHAMBERLAI INT/CHAMB INT CHAMB INT CHAMBERLAI INT CHAM INT

VERM INT VERM INT VRM INT VERM INT VER INT VER INT VER INT VERM INT VER INT VERM INT VERM INT

Jerry Gabert has put together a start for a standardized programming plan, should we form a committee and include dealers to come up with a plan and make that mandatory?

## 8. Other

### OLD BUSINESS

#### 1. Grant Status, all grants --

SLIGP 2.0 is now in effect, total over 2 years is \$247,251 with \$50,591 match from the state.

#### 2. Digital Radio Infrastructure Updates

#### 3. SCIP Update

#### 4. OEC updates

- COMU Technical Assistance
- RF Technician technical Assistance

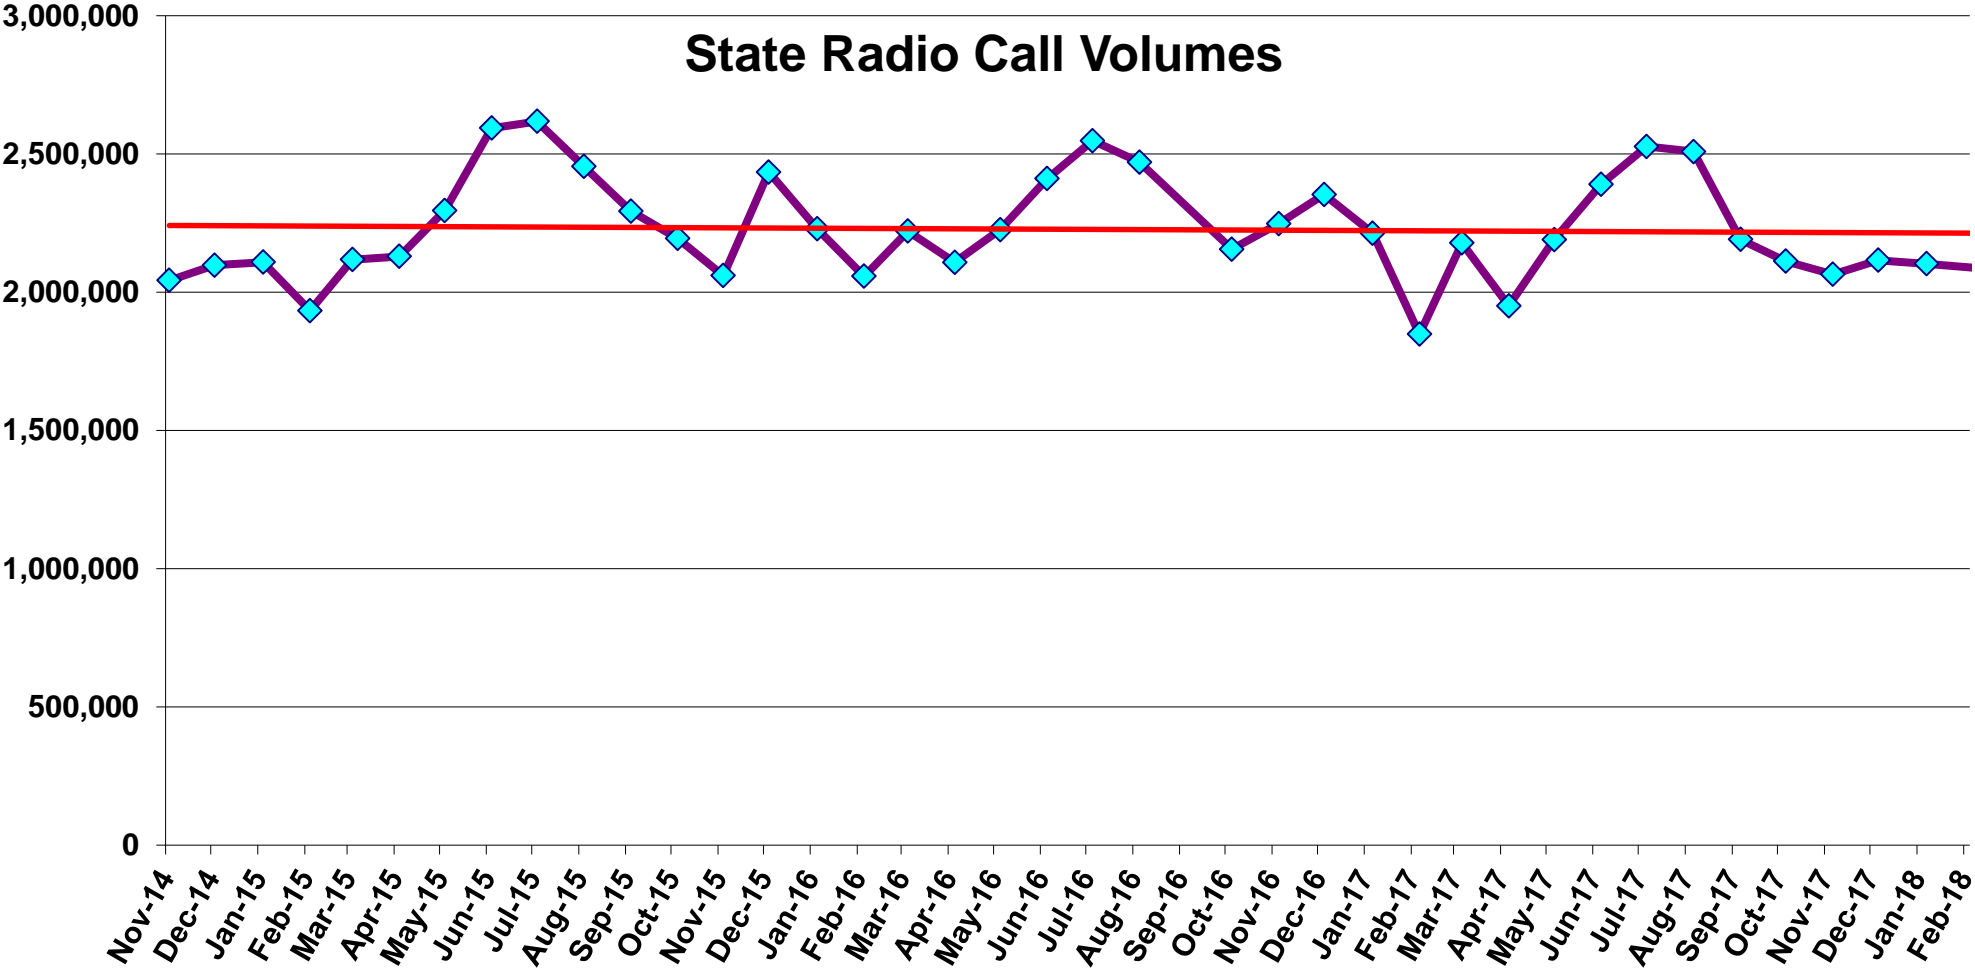

#### 5. Train the Trainer Program

- First formal session is March 22<sup>nd</sup> in Pierre.
- Primary unknown right now is how we handle the practical portion

#### 6. Keystone Pipeline

- As of yet still a commitment to the project
- State Radio staff has developed a one-talkgroup extender setup that will pass encryption

# State Radio Call Volumes

**7. Air-Ground Communications**

**8. Requests for radio access, such as Circuit Judges**

**9. Other**

## Travel reimbursement forms
