

SOUTH DAKOTA INVESTMENT COUNCIL

STATE INVESTMENT OFFICER SUCCESSION PLAN

I. Normal Retirement

The incumbent State Investment Officer will give the Investment Council (Council) a minimum of six months' notice prior to a planned retirement.

The chair of the Council will communicate in writing with the chair of the LRC Executive Board, the chair of the LRC Executive Board Subcommittee on the Investment Council, and the Governor to report the announced retirement and the implementation of the Council's succession plan.

Following the announced retirement, the Council will meet as soon as practical to discuss the parameters of a candidate search and to select a national executive search firm. The communications to the search firm should emphasize the Council's historic focus on a long-term investment approach and use of internal management. *(See Appendix A for the State Investment Officer's Position Description, Appendix B for examples of required communications, and Appendix C for potential executive search firm options.)*

The search is expected to have a national scope and to include internal candidates. Upon completion of the search process, the consultant will provide a list of all qualified candidates and recommendations of finalists based upon the Council's parameters. The Council will interview finalists in person and may also interview other candidates from the list of qualified candidates. The Council should expect to reimburse travel expenses for external candidates. The interview process may require follow-up discussions

Following completion of the interview process, the Council will select a first and second choice for the position of State Investment Officer. An offer will be formulated with the assistance of the consulting firm to be presented to the Council's first choice, and if necessary, the second choice.

II. Emergency

In the event of the need for an emergency search, the same process as outlined above shall take place with the following changes.

- ◆ The Council Chair shall notify the Council, LRC Executive Board and Subcommittee for the Investment Council, and the Governor of the need to implement the Succession Plan. The Chair shall communicate that the Assistant Investment Officers, with increased oversight by the Council Chair, have initially assumed Investment Officer responsibilities pending appointment of an acting State Investment Officer.

- ◆ The Council Chair shall convene an emergency meeting of the Investment Council at the earliest opportunity to name an Acting State Investment Officer. In the interim, the Investment Officer responsibilities will be assumed by the Assistant Investment Officers, with decisions made by majority vote and in close consultation with the Council Chair for any significant decisions.

- ◆ The Council Chair will again notify the LRC Executive Board and Subcommittee and Governor when an Acting Investment Officer has been appointed.

Adopted: 8/15/2000

Amended 12/9/14, 11/16/17

APPENDIX A

State Investment Officer Position Description

Investment Officer Responsibilities

- ◆ Chief executive officer of the Division of Investment.
- ◆ Primary responsibility for the investment management of South Dakota Retirement System assets and other state related financial assets within approved policies of the South Dakota Investment Council.
- ◆ Primary responsibility for personnel, administration, budget, and long-term planning.
- ◆ Primary responsibility for relationships with the legislature, executive branch, other state entities related to funds managed. *(See Appendix C for additional detail.)*
- ◆ Primary responsibility for communications with external organizations and the public.

Reporting

The State Investment Officer reports to the eight-member South Dakota Investment Council.

Education and Experience Requirements

Typically requires extensive investment portfolio management experience with knowledge of the major asset classes utilized by the Division of Investment. Experience in administration and personnel management is desirable. A Bachelor's degree is required. The Chartered Financial Analyst designation or an advanced degree in a relevant field is preferred.

APPENDIX B

Communications with legislature, executive branch and other state entities:

- LRC Executive Board: Typically meet with three times a year. Communicate with chairs of LRC Executive Board and Subcommittee as necessary.
- Appropriations Committee: Appropriations hearing each year with possible follow-up communications.
- Retirement Laws Committee: Minimum of one meeting a year, often in conjunction with SDRS meeting.
- Legislators: Communications with individual legislators as issues arise.
- Governor & Executive Team: Communications as issues arise.
- South Dakota Retirement Board: Ongoing communication as member of the Retirement Board.
- Executive Director of SDRS: Significant on-going communications due to cross-board memberships and the significant relationship between the investment process and the SDRS benefit design.
- Bureau of Finance & Management: Communications as needed relating to the budget process and other issues.
