10. Nursing Practice:

a. Unlicensed Dialysis Technician (UDT) Pilot Project Update: Olson presented a report on the UDT Central Line (CL) Pilot Project which was previously approved by the Board and began in February 2021. A total of 6 South Dakota dialysis centers are participating with 11 UDTs. All of the UDTs completed the training and perform the delegated CL tasks under the supervision of an onsite dialysis RN. Data revealed 4,253 CL tasks were performed by the UDTs since February 2021: 1,565 CL catheter initiations; 1,474 discontinuations; and 1,214 aseptic dressing changes. There were no adverse outcomes reported and infection control data from participating facilities support safe outcomes. Guests, Nordquist, Sanford Health Dialysis, and Hohn, DaVita Dialysis, provided an update on the project’s positive outcomes and voiced their support of continued to allow nurses to delegate CL dialysis tasks to dialysis techs and support the amendments to the drafted rules, as presented in agenda item 12a.

b. CNM Out-of-Hospital Report: Olson presented the 2021 report on out-of-hospital (OOH) births that were attended by 11 of the 12 CNMs who were approved by the BON to attend OOH births, and who agreed to comply with the BON’s OOH Practice Guidelines. Overall, since 2008, 672 women requested an OOH birth, 84.7% delivered OOH, 8.9% were referred for a hospital birth, and 6.4% were transported during labor to a hospital.

c. Practice Guidelines:

i. Request to Modify Advisory Opinion on Medication Administration by RNs and LPNs: Olson presented a request from Avera Health, Monument Health, and Sanford Health to modify the Board’s current position statement relating to a nurse determining which pain medication or dose to administer to a patient. Guests described being negatively cited by accrediting organizations on pain management, that nurses were practicing outside of scope when they conducted pain assessments and selected a pain medication to administer when more than one medication was ordered. The Board discussed nursing scope as outlined in SDCL 36-9-3 and SDCL 36-9-4. Motion by Buchholz to approve the following revised practice statement on medication administration. Second by Bowar. Motion carried.

The South Dakota Board of Nursing determined that the following two situations are consistent with the practice of nursing:

1. Determining which medication to administer when an authorized prescriber orders more than one medication for the same therapeutic indication, including pain management medication. To promote safe, individualized, and effective pain management, nurses should use their clinical decision-making skills and valid, reliable pain assessment tools. Assessment tools, such as pain intensity ratings, descriptors, or behavioral pain scores, may be referenced, but should not be used solely, to guide and inform their clinical judgment when selecting pain medication to administer to each patient.

2. Determining the dose to administer when an authorized prescriber orders an as needed, PRN medication with a range of doses.

ii. Request to approve LACE Statement on APRNs Changing a Population or Role: Olson presented the Licensure Accreditation Certification Education (LACE) national network’s statement titled, “Advanced Practice Registered Nurses (APRN) Changing a Population or Role.” The statement provides guidance to APRNs on changing or adding a new APRN role or Nurse Practitioner focus area to their practice. The statement highlights that when an APRN changes a role or population focus, the APRN must complete an accredited graduate program and sit for a national certification exam that aligns with the new role or population focus area.

\(^{2}\text{All motions taken by roll call, unless otherwise stated. Unanimous motions with all “Yes” votes are recorded as “motion carried.”}\)
Motion by Tschetter to approve the LACE network statement on APRNs changing a population or role. Second by Bergeleen. Motion carried.

11. SD Center for Nursing Workforce (CNW):
   a. South Dakota Association of Healthcare Organizations (SDAHO) Request for Nurse Leadership Program Support: Olson presented the proposed request from SDAHO for $2,000 to support SDAHO’s 2022 Nursing Leadership Program. SDAHO will offer a yearlong nursing leadership program for hospitals, long-term care nursing facilities, home health, and hospice agencies. Motion by Tschetter to approve $2000 to support the SDAHO 2022 Nursing Leadership Program paid through the CNW. Second by Bowar. Motion carried.

   | Bergeleen | Yes | Buchholz | Recuse | Hinker | Yes | Tschetter | Yes |
   | Berchardt | Yes | Cradduck | Absent | Keefler | Yes | VandenBos | Yes |
   | Bowar     | Yes | Gabriel  | Yes    | Koencke | Yes |          |     |

   b. Micro-credentialing Project: Olson presented an overview of the CNW’s project involving micro-credentials for nurses. Academic and practice partners are collaborating with the CNW on content development of nurse preceptor and nurse mentor micro-credentials.

12. Policy:
   a. Draft Dialysis Delegation and Technician Rules: Olson presented the drafted rules for consideration by the board for approval to proceed with promulgation. The draft includes repeal of section 20:48:04:02.04, with the update to LPN dialysis rules in 2014, this rule is no longer needed; amendments to rules in chapter 20:48:04.02 to allow the delegation of central line dialysis tasks to technicians; and removal of registration of dialysis technicians in chapter 20:48:16. Motion by Tschetter to approve proceeding with promulgating the following: Repeal of 20:48:04:02.04 Training program required for a licensed practical nurse to perform kidney dialysis functions; Amendments to chapter 20:48:04.02 Delegation of Nursing Tasks to Dialysis Technicians; and Amendments to chapter 20:48:16 Registration of Unlicensed Assistive Personnel. Second by Bergeleen. Motion carried.

   b. SD Legislative Update: Young provided an overview of bills that may impact nurses.

13. Short Term Executive Director Succession Plan: Young presented the need to approve a BON staff member to serve as a designated backup if the current executive director (ED) is unable to perform the role of the ED due to an emergency or unexpected vacancy in the position. Motion by Keffeler to approve Miller as the ED’s designated backup. Second by Hinker. Motion carried.

15. Travel Approval Requests: Motion by Tschetter to approve travel requests as presented. Second by Buchholz. Motion carried.
   a. Nurse Licensure Compact (NLC) Administrators Meeting: March 14, 2022; St. Louis, MO (up to 1)
