CHAPTER 24:59:02

POSTSECONDARY TECHNICAL INSTITUTE FUNDING DISTRIBUTION

Section

- 24:59:02:01 Tuition.
- 24:59:02:02 Set-asides.
- 24:59:02:03 Formula for funding.
- 24:59:02:04 Yearly revision of formula for funding.

24:59:02:02. Set-asides. The Board of Technical Education shall set aside facility funds and National Guard Tuition Benefit funds from the total appropriated to the postsecondary technical institutes under "Postsecondary Vocational Education."

In fiscal year ~~2019~~ 2020, the facility fund set aside shall be ~~\$2,327,362~~ \$2,317,668, an amount equal to twenty- seven percent of the current year lease purchase agreement payments.

The amount set aside for the National Guard Tuition Benefit fund in fiscal year ~~2019~~ 2020 shall be \$214,190. The National Guard Tuition Benefit funds shall be distributed each academic term to the postsecondary technical institutes based on the actual state tuition benefits applied for qualifying National Guard members after federal tuition benefits are applied.

In fiscal year ~~2019~~ 2020, the maintenance and repair fund set aside shall be ~~\$223,675~~ \$505,103.

General Authority: SDCL 1-16A-94, 13-39A-12, 13-39A-18.

Law Implemented: SDCL 1-16A-43, 1-16A-96, 13-39A-12, 13-39A-18, 33-6-6.

24:59:02:03. Formula for funding. The postsecondary technical institutes shall receive state funding, from the amount appropriated by the Legislature less funds reserved in §24:59:02:02, under a formula that distributes these funds based on full-time equivalent students as follows:

(1) Subtract the total set-asides reserved in § 24:59:02:02 from the total amount appropriated by the Legislature within the general appropriations act;

(2) Determine the number of full-time equivalent students at each institution for the preceding fiscal year using the following calculation:

(a) One "full-time equivalent student" equals 30 credit hours of instruction;

(b) The number of full-time equivalent students for an institution is calculated by dividing tuition collected for the preceding fiscal year by program as per chart of accounts prescribed within the South Dakota School District Accounting Manual by the tuition fee per credit and the quotient is divided by 30 credit hours;

(3) Multiply the number of full-time equivalent students at each institution by the per student allocation to determine the total allocation for the distribution formula. The distribution formula is as follows:

(a) "Per student allocation," for school fiscal year ~~2019~~ 2020 is ~~\$3,522.26~~
\$3,610.32;

(b) Twenty-five percent (25%) of the total allocation will be distributed equally among the four institutions as a baseline for common operations at each technical institute. The funds shall be divided by four (4);

(c) Seventy-five percent (75%) of the total allocation will be distributed within three program categories: high cost-low density programs, high cost programs, and standard cost programs. The funds shall be distributed by determining each program's full-time equivalent students, multiplied by the weighted program factor multiplied by the weighted per student value;

(d) The executive director will identify the weighted program factor of each program documented on the South Dakota School District Accounting Manual;

(e) The weighted per student value is determined by the allocation divided by adding the total high cost-low density program's full-time equivalent students multiplied by a weighted program factor, plus the total high cost program's full-time equivalent students multiplied by a weighted program factor, plus the total standard cost program's full-time equivalent students by a weighted program factor.
