

## SOUTH DAKOTA BOARD OF PHARMACY MEETING

*The mission of the South Dakota State Board of Pharmacy is to protect the health and welfare of South Dakota consumers by administering licensure and inspection of retail and hospital pharmacies, to ensure that all licensed pharmacy practitioners conform to South Dakota Laws and Board of Pharmacy rules; to ensure that all licensed outlets conform to South Dakota Laws and Board of Pharmacy rules; to perform initial licensure of pharmacy practitioners by examination or reciprocity and ensure that all licenses are renewed properly, and, to administer the licensure and inspection of wholesale drug distributors and non-resident pharmacies delivering prescription drugs to South Dakota.*

# SDPhA Update | Summer 2020

*Submitted May 29, 2020*

## CORONAVIRUS (COVID-19)

Communication and offering assistance to our pharmacists and pharmacies anywhere and everywhere we can during this pandemic continues to be a top priority for SDPhA. Pharmacies and pharmacists are critical to the well-being of the citizens of South Dakota, not only in dealing with COVID-19, but also in our residents' ongoing care. We continue to update the COVID-19 [resource page on our website](#) which was established early-on in the pandemic. It houses links and resources which address many of the concerns and questions we have received here in the office. We post "news" related information on [our Facebook Group page](#). That includes pertinent updates from CMS, DDS, the FDA, etc. We continue to send out emails to all as appropriate. We greatly appreciate the strong and open channels of communication with the South Dakota Board of Pharmacy on items of concern to pharmacists as well as the public health and safety.

### Key Communications

For the safety of pharmacists and staff we continue to communicate several key messages which include:

- Heed CDC guidelines as much as possible.
- Encourage drive up or delivery.
- Frequently clean and disinfect counters, waiting areas and other spaces where public interaction occurs with and EPA-approved disinfectant.
- Monitor all staff for sickness regularly. Take temperatures once per shift and send them home if they have symptoms of a respiratory infection
- If you or a staff member have symptoms and require a test, it's imperative your health provider knows you are a pharmacist or pharmacy staff to obtain high priority for testing purposes.
- There's more information regarding pharmacy team exposure on our Covid-19 resource page.

### Advocacy and Engagement

- State Level
  - While the initial frenzied pace has slowed somewhat, we continue to engage with the BOP, South Dakota Department of Health, and other state partners on behalf of pharmacists where appropriate, including participation in the workgroup to distribute hydroxychloroquine as part of the statewide test initiative.
- Federal Level
  - We are in close communication with our Congressional delegation, and continue to work hard to keep apprised of the all the rapidly moving parts at the federal level – from testing to funding programs and everything in between. We also continue to work with our other national partners on matters of concern and importance to pharmacists, and again engaging where appropriate.

## SPRING DISTRICT MEETINGS

Spring District Meetings took a bit different look this year as district meetings took place across the state via Zoom. We provided an update on Association activities, COVID-19 efforts, a recap of the 2020 Legislative Session, and had great dialogue about other state and federal efforts. The format provided an opportunity for some to participate in the meetings without travel, and which was appreciated by many particularly in the Black Hills and Mobridge Districts, which cover a large territory. Many important items were addressed at Spring Meetings, including the election or re-election of district officers; nominations for the state association board of directors; and the recognition and nomination of worthy pharmacists, reps and technicians to be considered by the Executive Board for the awards presented at our annual meeting. Our thanks to the BOP for allowing flexibility regarding the attendance sheets for these virtual meetings, and to the district officers who worked with us as we pivoted from the traditional in-person events.

## SDPhA ANNUAL CONVENTION

**It is our current plan to move forward with the SDPhA Annual Convention.** Early-bird registration is open, and we are finalizing the speaker order and lineup. It is important for everyone to know we are exploring all options with programming and presentation, because as with all large gatherings right now – this is a fluid situation. Above all, the safety and well-being of our pharmacists is paramount. We will continue to review CDC guidelines as they are updated, and work with the venues to make any necessary changes or cancellations. However, our current plan remains to gather in-person Sept. 25-26, 2020, in Brookings. To that end, we're working to bring you some practical tools around issues we know matter most right now including COVID-19, sessions on burnout/health and well-being. Our Hot Topics Session continues to be a huge hit, and will return again this year. We'll talk PBMs, PBMs and the Supreme Court, and several other items of interest. The lineup also includes the ever-popular New Drug Update, Board of Pharmacy review and PDMP update, immunization education and more! Last but not least – we have a block of tickets for the Jackrabbit football game Sept. 26, so plan accordingly! Registration and game ticket information available online and the Spring and Summer editions of the SDPhA Journal.

## PHARMACY TECHNICIAN UNIVERSITY (PTU)

SDPhA continues to work hard to make this cost-effective pharmacy-technician training option available to our pharmacies. PTU 101 meets PTCB's requirements to allow pharmacy technicians to sit for the certification exam. More than 70 people have now enrolled in the course since SDPhA solidified a new agreement with TRC healthcare roughly 2½ years ago. In addition to the pharmacies across the state which take advantage of this program, we work with DIAL Virtual School, a program that works with advanced high school seniors. DIAL has put between 4-8 high school seniors through the program for the past few years – 6 are scheduled at this time for this Fall. In addition to PTU 101, we now offer two additional training modules as well through TRC – PTU Elite: Compounded Sterile Preparation Technician Program and PTU Elite: Soft Skills Program. We have entered a new contract, and our rates have increased slightly, but remain very affordable at \$350 for PTU 101.

## RUTLEDGE V. PCMA

As we previously reported, in mid-February, SDPhA had the opportunity to sit down with Jason Ravnsborg, Attorney General for South Dakota, to urge his support of the amicus brief from the National Association of Attorneys General in this case. SDPhA has signed on to a similar brief submitted to the court on behalf of state and national pharmacy associations.

Bob Riter, SDPhA lobbyist and legal counsel; Amanda Bacon, SDPhA executive director; Kristen Carter, SDPhA Vice President, and Eric Grocott, a past SDPhA president presented information to Ravnsborg about the lack of meaningful PBM oversight, and how it impacts patients every day. We also talked about the laws we have worked to pass in recent years, and how the very practices those laws prohibit continue seemingly unabated. We had a very positive and

productive conversation, and we greatly appreciated him spending so much time with us during a particularly busy season for him and his office. We are extremely pleased to report his favorable consideration of our request, and his support in this matter.

If Arkansas wins this case, it does not end DIR fees or unfair reimbursement, but it could give states the authority to determine whether these practices are detrimental - saying whether states indeed have the right to regulate PBMs. The Supreme Court was scheduled to hear this case April 27, 2020, however the pandemic has caused delay, and it is now rescheduled for the October 2020 term.

## NATIONAL BILLS

SDPhA remains engaged in a variety of ways in various national efforts on key topics directly impacting our pharmacists such as: COVID-19 related bills, DIR fee relief, PBM reform, pricing transparency, improvements to Medicare, prescription drug misuse and abuse, compounding guidance and provider status. There were many efforts to include some of these topics in Coronavirus legislation, including: DIR fee relief, dispensing requirements, compounding requirements, provider status and scope of practice. The list that follows are the major bills currently related to the aforementioned issues.

### [H.R 6201 | Families First Coronavirus Response Act](#)

This bill responds to the COVID-19 outbreak by providing paid sick leave, tax credits, free COVID-19 testing; expanding food assistance and unemployment benefits; and increasing Medicaid funding. There are several sections of the bill which impact Medicare, COVID-19 testing and funding therefor. This bill has 20 related bills. South Dakota's entire Congressional Delegation supported this bill. The Families First Coronavirus Response Act became Public Law No: 116-127 3/18/2020

### [H.R 748 | CARES Act](#)

This bill responds to the COVID-19 outbreak and its impact on the economy, public health, state and local governments, individuals and businesses. In terms of healthcare, the act addresses medical supply and emergency drug shortages, access to healthcare for COVID-19 patients, testing and preventative services, support for healthcare providers and many other matters of personal and professional consequence to pharmacists. South Dakota's entire Congressional Delegation supported this bill. This bill has 48 related bills. The CARES Act became Public Law No: 116-136 3/27/2020

### [H.R 6800 | HEROES Act](#)

This bill responds to the COVID-19 outbreak and its impact on the economy, public health, state and local governments, individuals and businesses. In terms of healthcare, it establishes a fund to award grants to provide pandemic premium pay for essential workers, modifies and expands the Paycheck Protection Program (which provides loans and grants to small businesses and nonprofit organizations), provides funding and establishes requirements for COVID-19 testing and contract tracing, eliminates cost-sharing for COVID-19 treatments. It also expands several programs and policies including those regarding Medicare and Medicaid, health insurance. This bill narrowly passed the House 5/15/2020. Rep. Dusty Johnson R-SD did not support the legislation. This bill was placed on the Senate Legislative Calendar under Read the First Time on 5/21/2020.

### [H.R 6666 | COVID-19 Testing, Reaching and Contacting Everyone Act](#)

This bill authorizes the Centers for Disease Control and Prevention (CDC) to award grants for testing, contact tracing, monitoring, and other activities to address COVID-19 (i.e., coronavirus disease 2019). Entities such as federally qualified health centers, nonprofit organizations, and certain hospitals and schools are eligible to receive such grants. In awarding the grants, the CDC shall prioritize applicants that (1) operate in hot spots and medically underserved communities, and

(2) agree to hire individuals from the communities where grant activities occur. This bill has 64 co-sponsors and was referred to the House Committee on Energy and Commerce 5/1/2020.

### [H.R 19 | Lower Costs, More Cures Act of 2019](#)

This bill provides for certain reforms with respect to the Medicare program under title XVIII of the Social Security Act, the Medicaid program under title XIX of such Act, the Food and Drug Administration and for other purposes. The bill aims to end the so-called “pay-for-delay” tactic regarding generic drugs, place a cap on seniors’ out-of-pocket drug expenses, and increase drug price transparency. There are 25 other bills related to this one. H.R. 19 was referred to the Subcommittee on Antitrust, Commercial, and Administrative Law 12/19/2019. The bill has 146 co-sponsors, including Rep. Dusty Johnson.

### [S. 640/H.R. 1034 | Phair Pricing Act of 2019 \(Identical Bills\)](#)

This bill requires that certain negotiated prices for covered drugs under the Medicare prescription drug benefit be disclosed at the point-of-sale. Specifically, negotiated prices offered under a prescription drug plan (PDP) must be disclosed at the point-of-sale; the disclosed price must include specified adjustments, payments, and fees that are negotiated with the pharmacy (e.g., dispensing fees) by the PDP sponsor or pharmacy benefit manager. Additionally, the Centers for Medicare & Medicaid Services must establish certain quality measures for PDP sponsors to use when determining incentive payments and adjustments (e.g., performance payments) to pharmacies. The Senate bill currently has 14 cosponsors and was referred to the Committee on Finance 3/4/2019. The House version has 75 cosponsors and was referred to the Subcommittee on Health 2/7/2019

### [S. 2723 | Mitigating Emergency Drug Shortages Act](#)

This bill aims to increase authority for the U.S. Food and Drug Administration (FDA) regarding enhanced manufacturing reporting requirements and new market-based incentives to encourage drugs in shortage or at risk of shortage. We know this legislation is of particular importance to SDSHP, and SDPhA is committed to working with SDSHP on these issues. This legislation has been introduced, and referred to the Committee on Health, Labor, and Pensions. 10/29/2019. The bill has one cosponsor.

### [H.R. 789/H.R. 803/S. 988 \(Identical Bills\) | Improving Transparency and Accuracy in Medicare Part D Spending Act](#)

This bill prohibits Medicare prescription drug plan sponsors from retroactively reducing payment on clean claims submitted by pharmacies. S. 988 has been referred to the Committee on Finance. Identical House bill H.R. 803 was referred to Subcommittee on Health 3/1/2019. The bill has 27 cosponsors.

### [H.R. 1332 | Fair Care Act of 2019](#)

This bill is intended to address the high costs of health care services, prescription drugs, and health insurance coverage in the United States and for other purposes. This is a companion bill to H.R. 803/H.R. 789. The bill was referred to the Subcommittee on Health 2/26/2019.

### [H.R. 1035 | Prescription Drug Price Transparency Act](#)

This bill would codify Medicare transparency provisions concerning maximum allowable costs for generics and apply them to the Federal Employee Health Benefits Program. It would also establish a MAC appeals process and prohibit PBM requirement to use a PBM-owned pharmacy. Referred to the Committee on Energy and Commerce, Ways and Means, Oversight and Reform 2/7/2019. The bill has 37 cosponsors.

### H.R. 3528 | Every Prescription Conveyed Securely Act – 115<sup>th</sup> Congress

This bill generally requires, with specified exceptions, electronic prescribing under the Medicare prescription drug benefit with respect to covered drugs that are controlled substances. The bill was placed on the Union Calendar 6/12/2018. The bill has 51 cosponsors.

### H.R. 4275 | Empowering Pharmacists in the Fight Against Opioid Abuse Act – 115<sup>th</sup> Congress

This bill requires the Department of Health and Human Services (HHS) to develop and disseminate training programs and materials on: (1) the circumstances under which a pharmacist may refuse to fill a controlled substance prescription suspected to be fraudulent, forged, or indicative of abuse or diversion; and (2) federal requirements related to such refusal. HHS must seek input from relevant stakeholders. This bill passed the House 6/12/2018, and was received in the Senate, and referred to the Committee on Health, Education, Labor and Pensions 6/13/2018.

### S. 2553 | Know the Lowest Price Act of 2018 – 115<sup>th</sup> Congress

This bill prohibits a prescription drug plan under Medicare or Medicare Advantage from restricting a pharmacy from informing an enrollee of any difference between the price, copayment, or coinsurance of a drug under the plan and a lower price of the drug without health-insurance coverage. This bill became public law 115-262 on 10/10/2018. Senators Thune and Rounds supported the bill.

### S. 2554 | Patient Right to Know Drug Prices Act – 115<sup>th</sup> Congress

This legislation would prohibit gag clauses in Health Insurance Marketplace plans as well as Employee Retirement and Income Security Act (ERISA) plans—employee benefit plans offered by private sector employers. This bill became public law 115-263 on 10/10/2018. Senators Thune and Rounds supported the bill.

### H.R. 592/S. 109 | Pharmacy and Medically Underserved Areas Enhancement Act – 115<sup>th</sup> Congress

Amends Title XVIII of the Social Security Act to provide for coverage under the Medicare program of pharmacist services. Referred to the Subcommittee on Health. 2/1/2017. Senators Thune and Rounds have graciously agreed to co-sponsor this important legislation. The House version has 296 cosponsors. The Senate version has 55.

### H.R. 1038 / S. 413 | Improving Transparency and Accuracy in Part D Drug Spending Act – 115<sup>th</sup> Congress

Similar/Companion bills dealing with DIR fees. Introduced in the Subcommittee on Health 3/9/2017. Senators Thune and Rounds have agreed to co-sponsor this legislation.

## HEALTH PROFESSIONAL ASSISTANCE PROGRAM

The SDPhA Board was pleased to welcome Amanda McKnelly and Maria Piacentino of Midwest Health Management Services, which operates the HPAP program, to a recent board meeting. McKnelly and Piacentino spoke to the finer points of the HPAP program's role and function, including associated costs to SDPhA, and pharmacist participant numbers. SDPhA's costs for HPAP increased 50% last year, and we expect a similar increase again this year. SDPhA does continue to support the HPAP program, and encourage its use. A pharmacist may access the program by self-referral, board referral, or referral from another person or agency, employer, coworker or family member.

## C&L FUND

**We continue to say it a lot around here, but it's important – lobbying is an expensive endeavor. It's also extremely vital.** The C & L Fund is used to support the legislative work we do. It assists us in the protection and promotion of the profession during legislative session. It also relies nearly solely on contributions, and we need your help to ensure we have the financial resources to swing into action on bills and policy that impact South Dakota pharmacists. We've working hard on our end to update the website to make process as visible and as simple as possible. And don't forget to support your own district by paying your dues!

## SDPHA OFFICE UPDATE

This written report is submitted just prior to our June meeting in which the SDPhA board will finalize the budget for the 2020-2021 fiscal year. We continue to look into some new opportunities to engage and communicate with our pharmacists. We expect COVID-19 to continue to dominate most of the work in the next few months, as well as determine the ultimate course of the Annual Convention, and possibly even Legislative Days. We are already looking into potential options to pivot these events if need be. In spite of the pandemic, we do continue to see some forward momentum in some of the issues so important to so many of our pharmacists, and our patients. We remain highly encouraged by The Supreme Court rescheduling Rutledge V. PMCA for the October term, and what a favorable ruling may mean for the ability for states to better regulate PBMs. I also continue to greatly appreciate the spirit of collaboration I have received from the BOP through this time of rapid change, and while there are certainly many challenges that lie ahead, I look forward with the firm belief that we are all stronger working together.

Respectfully Submitted,

*Amanda*

### 12-Month Follow-up with the Board of Pharmacy

Stats as of 6/1/2020

- 70 patients have donated medications/supplies to the program
  - o \$803,765.60
- 33 patients have received donated medications/supplies from the program
  - o \$276,405 dispensed to patients at no cost
  - o Most of these dispenses were for patients with no insurance, financial barriers preventing timely access to medications, or were waiting on a mail-order pharmacy to send the medication.
- 8 products destroyed/aged in repository
  - o \$33,311.31

Goals for the next 6 months

- Begin study on efficacy of pilot: Objectives
  - o Identify cost savings for patients
  - o Speed to therapy- for those patients with a financial barrier or insurance delay
  - o Identify potential burdens to pharmacy (time, space, etc) in participating with a drug repository
- Expand the project to our discharge pharmacy
  - o Some of the meds being donated have a likely better chance for utilization from other pharmacies that have different business models (i.e. our discharge pharmacy more likely to use enoxaparin or Eliquis).
- Increase awareness of the program
  - o Working with Avera Marketing to provide visibility of our program on our website, as well as, flyers/handouts to provide to patients when they are prescribed specialty medications.

Avera Specialty Pharmacy requests to continue the variance for an additional year and can provide a 6-month follow-up, if necessary or requested.

## **DRAFT BOARD POLICY STATEMENT COVID-19 TESTING BY PHARMACISTS**

The South Dakota Board of Pharmacy acknowledges that the United States Department of Health and Human Services (HHS) published guidance on April 8, 2020 regarding the fact that the Public Readiness and Emergency Preparedness (PREP) Act passed, authorizing licensed pharmacists to order and administer COVID-19 tests, including serology tests, and that the Food and Drug Administration (FDA) has authorized<sup>1</sup> through its Emergency Use Authorization (EUA).<sup>2</sup> Further the HHS Office of General Counsel has issued an advisory opinion that says licensed pharmacists may order and administer COVID-19 tests regardless of state or local restrictions.<sup>3</sup>

Further, the Coronavirus Aid, Relief, and Economic Security (CARES) Act allows patients who are uninsured to be billed by pharmacists to HRSA for COVID-19 testing services.<sup>4</sup> Additionally, the SD Medicaid program will pay pharmacists as well.<sup>5</sup>

It is the Board's policy that during the COVID-19 Federal Emergency, pharmacists may order, perform, and report COVID-19 tests without a separate provider order or collaborative practice agreement if the requirements listed below are met. Currently, most of the tests are Clinical Laboratory Improvement Amendments (CLIA) waived tests per the Centers for Disease Control (CDC) and supported by the Food and Drug Administration (FDA) and therefore will require a CLIA waiver to perform these tests.<sup>5,6</sup> When the emergency declaration has ended, the pharmacist may only perform these tests by physician order. This policy statement is to further clarify and allow pharmacists to order and perform COVID-19 testing for their patients.

This policy is in effect for the duration of the State of South Dakota declared emergency or the PREP Act, whichever expires soonest

Before a pharmacist may begin testing, the following must be completed:

1. The pharmacy notifies the Board before testing commences and provides the Board with the policy and procedures written for testing which includes the type of FDA approved test, staff training, the location of testing, i.e., parking lot of pharmacy, planned personal protective equipment (PPE) use, documentation, informing the provider of the test.
2. The pharmacy must obtain a Clinical Laboratories Improvement Act (CLIA) waiver to perform these tests, if they will be using a device to process the tests in house. If sending to a commercial laboratory, the CLIA waiver is not required.
3. The pharmacy must assure that all **pharmacists** performing these tests have the appropriate PPE to protect themselves and any staff from aerosolization as well as the proper training to perform and handle these tests.
4. The pharmacist may perform testing in a location which is not a licensed location, as long as **the pharmacist is conducting the testing is licensed.**
5. The pharmacist must report test results to the South Dakota Health Department at **[sd.gov/diseasereport](https://sd.gov/diseasereport)**

6. The pharmacy must receive a letter from the board allowing the pharmacy to begin testing.
