4. **LACE Network Statement on APRNs Changing a Population or Role:** Olson presented the Licensure, Accreditation, Certification and Education (LACE) national network’s statement titled, “Advanced Practice Registered Nurses (APRN) Changing a Population or Role.” The statement was approved by the Board in February 2022 and provides guidance to APRNs who want to treat patients that are not consistent with that APRN’s licensed role or focus area. The LACE network recommends APRNs obtain additional formal education and national certification. Members discussed various scenarios.
5. **SD PDMP:** Olson presented the report submitted by Melissa DeNoon, R.Ph, SD Prescription Drug Monitoring Program Director, SD Board of Pharmacy. DeNoon reported that all SD controlled substance prescribers must register with the SD PDMP program; 95% of CNPs and CNMs are enrolled. The SD PDMP shows a positive decline in the number of opioid prescriptions issued by SD prescribers. Information on the *PharmaDrop Drug Take-Back Program* was also provided.
Action: Olson to contact DeNoon to discuss enrollment of APRNs and opportunities to increase compliance.

¹1-27-1.17. Draft minutes of public meeting to be available--Exceptions--Violation as misdemeanor. 6. **2021 OOH CNM Report and OOH Birth Practice Agreement:** Olson provided a report on out-of-hospital (OOH) births attended by SD CNMs. Since 2008, 706 women requested an OOH birth, 85% delivered OOH. In 2021, a total of 113 women requested an OOH birth, 104 delivered OOH, 2 were referred for a hospital birth, and 7 were transported during labor to a hospital. Olson also presented the modification to section E, on the Board's OOH Birth Practice Agreement, that the Board approved at their August 2022 meeting. The Board approved changing the requirement that a CNM 'shall consult with a physician' to 'may consult a physician' for various conditions.
7. **SD and National Legislative/Rules Updates:**
 - a. Young shared the proposed amendment to ARSD 20:62:03:10 as requested by CNMs who perform OOH births. The Board approved their request to promulgate the revision to this rule at their August 2022 meeting. APRN committee members voiced support of the proposed amendment.
 - b. Olson provided an overview of the key provisions of the APRN Compact. Discussion was held and it was identified that SD's CNS practice laws are not consistent with full practice authority, and this presents challenges for SD to join the APRN compact.
