

## Draft 2028-2030 State Plan for Independent Living

### Draft Goals

1. Strengthen Outreach, Awareness, and Operational Consistency
2. Deliver High Quality Core IL Services Through Individualized and Systems Advocacy
3. Expand Independent Living Skills, Youth Transition, and Community Engagement

| State Plan for Independent Living (SPIL) 2028 – 2030                                                                                                                                                                                                                     |                       |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------|
| <b>Mission:</b> The SILC, CILs and DSE support the mission to advocate for and help to create local and state support systems which assist people with disabilities to determine, achieve, and maintain independence, productivity, and integration into community life. |                       |
| <b>Goal 1. Strengthen Outreach, Awareness, and Operational Consistency</b>                                                                                                                                                                                               |                       |
| <b>Descriptor:</b> Increase awareness and understanding of IL services, expand access through effective outreach, and ensure consistent operational practices across the IL Network to support high-quality, equitable service delivery statewide.                       |                       |
| Objective                                                                                                                                                                                                                                                                | Indicator/Measurement |
| Objective 1.1                                                                                                                                                                                                                                                            |                       |
| Objective 1.2                                                                                                                                                                                                                                                            |                       |
| Objective 1.3                                                                                                                                                                                                                                                            |                       |

### Example

|                                                                   |                                                                    |
|-------------------------------------------------------------------|--------------------------------------------------------------------|
| Objective:<br>Increase access to IL services in underserved areas | Indicator:<br>15% increase in consumers served from targeted areas |
|-------------------------------------------------------------------|--------------------------------------------------------------------|
