

Celebrate **35 Years of the Americans with Disabilities Act**

1990-2025

REFOCUS Exhibit

In partnership with Serendipity Studios

Shriver Square

For the Month of July

People with visible disabilities often face immediate assumptions and judgments due to their conditions, a reality they cannot conceal. Refocus challenges these preconceived notions through the powerful medium of photography, with the aim of telling unique stories, dismantling stigmas and challenging misconceptions. This exhibit is the result of a unique collaboration between two nonprofits in the local community, Rare by Design and Untitled.10, and photographer Hollie Leggett.
