Jaf Karim

DOT STAFF PRESENT: Joel Jundt, Karla Engle, Mike Behm, Mark Leiferman, Sam Weisgram, Jon Suomala, and Kari Kroll

**DOT STAFF PRESENT
VIA CONFERENCE CALL:** Craig Smith and Corey Pinkley

OTHERS PRESENT: Secretary Kevin Robling – Department of Game Fish & Parks (GFP); Adam Kulesa – GFP; and Jeff VanMeeteren - GFP

Chairman Austin Simons called the meeting of the South Dakota Transportation Commission (the “Commission”) to order at 9:00 a.m. CDT. A roll call was taken, and a quorum was present.

Simons opened the floor to the Commission members to disclose potential conflicts of interest and to present requests for waiver pursuant to South Dakota Codified Law (SDCL) chapters 3 – 23.

No members of the Commission disclosed a conflict or requested a waiver.

Simons asked for a motion to approve the March 26, 2026 Commission meeting minutes.

A typo was noted. The minutes should read 2026 and not 2025.

A MOTION WAS MADE by Roby and seconded by Vallery approve the March 26, 2026 Commission meeting minutes with the date edit noted above. All present voted aye by roll call vote. The motion carried.

Simons asked for a motion to approve the April 9, 2026 Commission meeting minutes.

A MOTION WAS MADE by Rosenboom and seconded by Roby to approve the April 9, 2026 Commission meeting minutes. All present voted aye by roll call vote. The motion carried.

Karla Engle, Office of Legal Counsel, announced a public hearing on proposed amendments to Administrative Rules of South Dakota (ARSD) 70:01:02:44 – Lincoln County speed zone rule.

Engle explained the rule adoption process that had been followed to date for the amendments to the rule. Engle explained the effect of the proposed rule change, which would be to reduce the 50 miles per hour (“mph”) speed limit on South Dakota Highway 115 in Lincoln County to 40 mph from a point 0.1 mile south of the intersection with Veterans Parkway to 85th Street in Sioux Falls. Engle stated the purpose of the rule change is to enhance safety. Engle reported that one written comment on the rule change was timely received from Mayor Derick Wenck of the City of Harrisburg on April 19, 2026. Mayor Wenck supported the rule change, but he noted the department’s use of the 50th percentile speed when recommending the speed limit and proposed using similar methodology on other segments of Highway 115. Engle noted all recommended changes by Legislative Research Council were incorporated into the proposed rule.

Simons asked for public testimony in favor of or opposed to the proposed rule amendments. No members of the public offered testimony in support of or in opposition to the rule changes.

A MOTION WAS MADE by Roby and seconded by Nelson to approve the proposed amendments to ARSD 70:01:02:36 - Lincoln County speed zone rule. All present voted aye by roll call vote. The motion carried.

RESOLUTION #2026 – 4.1 was adopted.

Simons opened the floor to public input. No other members of the public addressed the Commission or offered any input.

Secretary Joel Jundt presented the following items to the Commission in his Secretary’s Report:

- **Federal:** The Department of Transportation (the “Department”) was notified two weeks ago by U.S. Department of Transportation that the Department was selected as a recipient of a \$65 million grant via the Competitive Highway Bridge Program (CHBP). The grant is for the SD44 Platte-Winner Bridge replacement project. CHBP grants were awarded to 14 projects in 12 states to fund bundled bridge replacement and rehabilitation projects. The bridge was bundled with a Douglas County structure northwest of Armour on 280th Street. The grant program focuses on repairing and replacing bridges in rural communities (those geographical locations with less than 115 individuals per square mile). CHBP’s "bridge bundling" approach groups small projects into a single award. This grant, plus the Congressional Directed Spending grant Senator Thune and

Senator Rounds (\$25 million) secured for the same project through the appropriations package, will provide sufficient funding for the Department to let the project later this fall.

- **AASHTO:** At the AASHTO (American Association of State Highway Transportation Officials) meeting last week, it was reported that the House Transportation and Infrastructure committee is expected to release their proposed surface transportation bill during the last week of April or first week of May. Knowing possible programs and funding for the next five years will help the Department plan its construction program.
- **State:** On April 10, the Department sent a letter to the Federal Highway Administration (FHWA) declaring interest in the Surface Transportation Project Delivery Program as referenced in 23 U.S.C § 327. Under this program, the Department would assume responsibilities for compliance with National Environmental Policy Act of 1969 (NEPA) and all other Federal environmental laws pertaining to the review or approval of the Department's transportation program. Under this program, the Department will be taking over NEPA assignment /authority and complying with FHWA environmental regulations and policies. The notification letter is the first step in the process.
- **Fall *On the Road* Meeting:** This year the Commission's on-the-road meeting will take place in Sioux Falls on September 22 – 23.
- **Hall of Honor:** Nominations for SD Transportation Hall of Honor are still being sought for individuals who have made a lasting, valuable, or unique contribution to South Dakota's air, highway, public transit, or rail transportation system. Items to be considered are statewide technological innovations, political activity, legislative accomplishments, creativity, time, cost saving efforts, and economic impact. Nominations are due May 22.

Secretary Jundt introduced Secretary Kevin Robling from the South Dakota Department of Game, Fish, & Parks (GFP.) Jundt shared with the Commission that they have provided state highway funds to GFP to help maintain collector roads. In state fiscal year (FY) 2021, the Commission increased the funding from \$500,000 to \$2.8 million per year. As part of a Memorandum of Understanding (MOU) between the agencies, GFP is to come before the Commission and provide justification for the funding, which includes a description of where GFP intends to spend the state highway funds for the coming fiscal year.

Secretary Robling and Adama Kulesa presented to the Commission the projects that used FY 2026 funds as well as a list of the priority projects for the FY 2027 funds should the Commission approve GFP's funding request of \$2.8 million for collector road improvements.

A MOTION WAS MADE by Vallery and seconded by Roby to approve amending the current agreement between the Department and GFP to extend the contract terms for one year with \$2.8 million available for state fiscal year 2027. All present voted aye by roll call vote. The motion carried.

Secretary Jundt informed the Commission that the information item on incentives and disincentives has been postponed to the May Commission meeting.

Commissioner Jaf Karim left the meeting at 9:30 a.m.

Craig Smith, Division Director of Operations, presented the following informational Construction Change Orders (CCO) to the Commission.

CCOs completed in March contain an increase of \$1,789,700.59. Over the past 12 months, the total change to the original contract amounts has increased by 1.77%.

The following projects have a CCO with a change of more than \$100,000 or a change of more than 25.0% to the contract.

ABERDEEN REGION

1. Project: IM 0295(46)139, Brookings & Deuel County, PCN 06P3
Location: I-29 S from SD 30 to SD 28
Contractor: Duininck, Inc.
Type of Work: Cold milling, asphalt concrete surfacing/resurfacing, guardrail, pipe work, ramp detours, acceleration and deceleration lane

Original Contract Amount:	\$	9,840,426.33
\$ Change on CCO No. 4:	\$	287,314.36
% Change on CCO No. 4:		2.9%
Net Change to Date:	\$	1,055,002.67

Explanation of Change on CCO No. 4: This increase is the result of SDDOT adjusting contract quantities to match as built quantities, removing unnecessary items from the contract, and additional work for replacing delineators removed to replace topsoil and placing relief joints to prevent buckling of the underlying concrete.

2. Project: NH-P 0011(316), Brown, Faulk, Potter & Spink County, PCN 09KJ
Location: Various locations in the Aberdeen area
Contractor: Asphalt Surface Technologies Corporation
Type of Work: Rout & seal

Original Contract Amount:	\$	273,674.40
\$ Change on CCO No. 1F:	\$	165,580.24
% Change on CCO No. 1F:		60.5%
Net Change to Date:	\$	165,580.24

Explanation of Change on CCO No. 1F: This increase is the result of SDDOT increasing the quantity of crack sealing. During construction of the project, an increase in the amount of longitudinal cracking was identified and the work was added.

3. Project: P 0324(06)357, Brookings County, PCN 05QC
 Location: SD 324 Structures 0.4 miles and 0.8 miles east of I-29 over Medary Creek
 Contractor: PCI Roads LLC
 Type of Work: Low slump dense concrete overlay, approach slabs, joints, bridge rail, end blocks

Original Contract Amount:	\$	2,107,499.15
\$ Change on CCO No. 2:	\$	231,781.30
% Change on CCO No. 2:		11.0%
Net Change to Date:	\$	245,952.96

Explanation of Change on CCO No. 2: This increase is the result of SDDOT increasing the removal quantity of unsound or delaminated concrete identified during construction.

4. Project: NH 0037(170)120, Beadle County, PCN 08M0
 Location: SD 37 – 4.4 miles north of Sanborn Co line over Stony Run Creek
 3.5 miles south of the junction with US 14 over Cain Creek
 Contractor: BX Civil & Construction, Inc.
 Type of Work: Low slump dense concrete bridge overlay, berm repair, approach slabs, approach pavement, approach guardrail

Original Contract Amount:	\$	3,010,000.00
\$ Change on CCO No. 1:	\$	(172,512.60)
% Change on CCO No. 1:		5.7%
Net Change to Date:	\$	(172,512.60)

Explanation of Change on CCO No. 1: This decrease is the result of SDDOT removing unnecessary items from the contract, adjusting contract quantities to match as built quantities, and assessing a disincentive for a calendar day count overrun in accordance with the contract.

MITCHELL REGION

5. Project: ER 0011(325)56, Lincoln County, PCN 0A2A
 Location: SD 11 – 2 miles west and 0.1 miles north of Canton
 Contractor: Dakota Clearing & Grading, LLC

Original Contract Amount:	\$	115,055.00
\$ Change on CCO No. 1:	\$	40,034.60
% Change on CCO No. 1:		34.8%
Net Change to Date:	\$	40,034.60

Explanation of Change on CCO No. 1: This increase is the result of SDDOT compensating the contractor for extra work clearing and placing additional rip rap needed to protect and stabilize the area.

6. Project: IM-EM-NH-TA 0909(46)406, Minnehaha County, PCN 4433
Location: I-90 Exit 406 (Brandon)
Contractor: T & R Contracting, Inc.
Type of Work: Interchange reconstruction, replace structure, lighting, PCC surfacing

Original Contract Amount: \$ 41,275,125.06
\$ Change on CCO No. 25: \$ (149,327.38)
% Change on CCO No. 25: 0.4%
Net Change to Date: \$ 820,710.51

Explanation of Change on CCO No. 25: This decrease is the result of SDDOT adjusting the contract quantities of option borrow excavation to match as built quantities.

7. Project: IM-NH-P 0023(71), Minnehaha County, PCN 09L8
Location: Various locations in the Yankton area
Contractor: Bituminous Paving, Inc.
Type of Work: Asphalt surface treatment

Original Contract Amount: \$ 3,521,912.27
\$ Change on CCO No. 1F: \$ (177,304.62)
% Change on CCO No. 1F: 5.0%
Net Change to Date: \$ (177,304.62)

Explanation of Change on CCO No. 1F: This decrease is the result of SDDOT adjusting contract quantities to match as built quantities.

PIERRE REGION

8. Project: EM 0012(206)112, Corson County, PCN 05U5
Location: US 12 from Morrystown east 9 miles
Contractor: Central Specialties Inc.
Type of Work: Cold milling, asphalt concrete resurfacing, asphalt concrete surfacing

Original Contract Amount: \$ 8,531,809.24
\$ Change on CCO No. 2: \$ 667,062.14
% Change on CCO No. 2: 7.8%
Net Change to Date: \$ 652,562.14

Explanation of Change on CCO No. 2: This increase is the result of SDDOT adjusting contract quantities to match as built quantities with the largest increases being an increase in asphalt binder for all 3 routes. The department verified mix design contained a target binder content higher than estimated in the plans.

9. Project: NH-PS 0073(83)92, Haakon County, PCN 08RU
 Location: SD 73 in Phillip over RCPE Railroad
 Contractor: Simon Contractors of South Dakota, Inc.
 Type of Work: Crossing surface, asphalt concrete surfacing, traffic control

Original Contract Amount:	\$	74,610.25
\$ Change on CCO No. 2:	\$	18,959.03
% Change on CCO No. 2:		25.4%
Net Change to Date:	\$	20,054.53

Explanation of Change on CCO No. 2: This increase is the result of SDDOT adjusting contract quantities to match as built quantities.

10. Project: P 0047(117)67, Lyman County, PCN 069Q
