BUDGET UPDATE

Arlene Poncelet reviewed the Information Budget that she prepared. Arlene shared that the first Notice of Award for FFY25 (which began on October 1) has been received for \$116,788 for the Continuing Resolution through December 19. The current available funds from FFY23 and FFY24 as (\$-175,251.92) if the

proposals presented today are funded. When you include the estimated FFY25 funding of \$526,120 minus administrative costs, Public Info grant and another possible project the remaining balance from FFY23, FFY24 and FFY25 is \$135,968. Toni Feist made a motion, seconded by Melanie Westin, to approve the budget report as provided by Arlene.

DIRECTOR'S REPORT

Arlene provided an update on the Administration for Community Living reporting system for the FFY24 Annual Report. Usually due on December 31, this year there is a change of software as of September 30 so they are unsure how Council will be reporting for FFY24.

Arlene shared a recommendation related to training with Jessica. Initially, it was proposed for 4-6 weeks of training once the new director was on board. Arlene and Jessica feel the full 6 weeks would be beneficial so Arlene will work through November and be available by phone after that.

POLICY UPDATES

During a review of the Council policies due to the switch from a contracted employee to a state employee, Arlene made the following recommendations:

1. Role and Authority of the Executive Committee – remove item K
2. Personnel – Remove contracting, fiscal agent responsibilities, and need for personnel policies. Add in that Council staff is a state employee and authorizing the Executive Committee to perform an evaluation when requested by the Department of Human Services.
3. Evaluation & Compensation of the Executive Director - remove entirely (what was needed is included in the Personnel Policy)

Cole Uecker made a motion, seconded by Nicole Meyer, to approve the policy changes as recommended. Motion passed.

Questions and comments included:

- Do community mental health center staff get involved early (before a crisis)? Can they be integrated more fully?
- Are families being involved in the development of services for people with IDD and mental health concerns?
- Need training for providers before behaviors escalate.
- In juvenile corrections, kids with IDD are placed there but it is not the most appropriate setting.
- Are there resources for hospitals to call mental health staff for support?

- Is there a resource list/outline of processes for people with IDD and their families during crisis?

ELECTION OF OFFICERS

Arlene reviewed the officers, terms and who is eligible. Caryn Johnson has served two terms as the Member-at-Large and is not eligible for another term (until next year). Rebecca Jensen expressed interest in being the Member-at-Large. Cole Uecker made a motion, seconded by Melanie Westin, to elect Rebecca Jensen to the position. Motion passed.

BYLAWS

Arlene reviewed the recommended revisions to the Bylaws. Jessica and Arlene will meet with DHS legal about whether the Department of Human Services/Designated State Agency needs to be left in about financial compensation and scheduling meetings. Most changes are to make the bylaws read the same as the Executive Order. The changes to the bylaws cannot be approved at this meeting as Council members must have 30 days to review them before voting.

MEMORANDUM OF UNDERSTANDING

The Memorandum of Understanding was quickly reviewed with Arlene stating that she would like to review it one more time and compare with the DD Act Assurances to ensure that all are included that need to be included. Jessica and Arlene will complete this review before Arlene is retired.

WEBSITE DEVELOPMENT

Arlene provided the background on the conversations the Council has had about the creation of a website. Discussion included that cost estimate from the Bureau of Information and Technology (BIT) was not available and if the Council went with BIT there is the possibility of the Council's project being pushed back to accommodate other state projects.
