RENEWAL UPDATE/CEU AUDIT UPDATE: Tellinghuisen-Geddes reported out of the individuals audited, the board office is only waiting on 11 more licensees to submit their audit materials. It was also reported for the 2024 renewal period, 21 PTA's and 79 PT's expired on January 1, 2024. These individuals have until July 1st to initiate renewal after which time they will forfeit their license.

CEU WORKGROUP UPDATE: Berg-Poppe reported the work group is meeting next week with a representative from CE Locker. APTA-SD leadership has also been invited to attend. Updates from the workgroup include:

- Using CEU documentation from other, surrounding midwestern states to generate a spreadsheet of commonly acceptable and non-acceptable CE activities and their related CEU equivalencies.
- Generating a guiding document for acceptable and non-acceptable activities. The guiding document details non-course related activities that are acceptable for CEU equivalences.
- Considering recommendations to the board that they require licensees complete an activities summary table with licensure renewal, and audits to include evidence of the reported activities.
- Exploring ways that APTA-SD may act as an approval base for licensees to obtain course approval.

SCOPE-OF-PRACTICE FLOW CHART/VOTE: The board was presented with a draft scope-of-practice flow chart developed after those adopted by other SD licensed health boards. Tellinghuisen Geddes explained that the chart is not the board condoning or approving any scope-of-practice but rather a tool to help licensees think through their scope of practice questions. Following discussion and recommended modifications, an updated draft will be presented to the board at the next meeting for adoption.

FSBPT VOTING DELEGATE(S): Weigel volunteered to attend the annual education meeting in Iowa in October as the voting delegate if his schedule allows. Ahrendt seconded the motion. **MOTION PASSED** by unanimous voice vote.

WORKFORCE DATA COLLECTION UPDATE: Berg-Poppe reported that there was a resolution that passed that supports developing an assessment of the current landscape of the workforce. The Department of Health will be developing and disseminating a survey for key health care professionals which will include Physical Therapists. The survey should be finalized and disseminated in the spring of 2024. The board plans to incorporate the survey questions into their application and renewal forms to gather the data. Tellinghuisen-Geddes mentioned that the current database should have the capabilities to incorporate the questions into the renewal application, but the cost is unknown until we see the questions and can obtain a quote from the database provider.
