FY Financial Update: Lesselyoung reported on the most recent financial report – March 31, 2021. Financials were then compared to corresponding reports from the previous year – 2020. Lesselyoung reported the following financials as of March 31, 2021: revenue - \$10,921.47; year-to-date expenditures - \$45,268.52; cash balance – \$84,769.44. Lesselyoung reported corresponding financials for the previous year (2020) as follows: revenue - \$11,193.56; year-to-date expenditures -\$48,092.49; cash balance - \$74,505.14. Lesselyoung stated that the difference in expenditure amounts from 2020 to 2021 could be contributed to the lack of travel related expenditures due to the use of teleconference meetings during COVID-19 restrictions. Ellison moved and Overturf seconded the motion to accept the financial report. Motion passed unanimously via roll call vote. Stanage, yes; Christiansen, yes; Miller - yes; Ellison, yes; Sherman, yes; Overturf, yes; Roegiers, absent.

Online System/Records Retention Update: Lesselyoung reported that the executive staff are actively training on the new system. Tellinghuisen-Geddes stated further training will include credit card

processing. This is expected to occur as soon as Albertson Consulting has received the last piece of information from the credit card processing company. Lesselyoung communicated intent to have Miller enter her re-licensure application and CEU's in under the new system in June as a trial run.

Legislative Updates: Loker identified HB1077, HB1014, and SB193 as bills of potential impact for this board. Loker stated HB1077, which addresses licensure by endorsement, has raised verbiage concerns for this board. Loker is actively working on a memorandum to be given to all DSS Boards to address implementation of passed bills. Loker identified no concerns or comments about HB1014, simply reminding the board that bill was to create a uniform complaint process across boards. Loker made the group aware that SB193 is a bill which addressed remote notarization and inquired how often the board office deals with notarization. Tellinghuisen-Geddes made Loker aware that each new applicant must have their application notarized. There was no further discussion.

PSYPACT Update: Lesselyoung stated this item was left on the agenda simply in case an update should be available and because Wyoming did just introduce their own licensure by endorsement bill. Stange stated the licensure by endorsement bill appears to be a good solution for SD and correspondence he received from Wyoming said their endorsement bill will go into effect July 1, 2021, so they do not feel a need to proceed with a regional compact at this time. Stange stated he perceived this item can be taken off the agenda for the future, unless new information should arise. All agreed.

EPPP-II: Miller did not have new information from the ASPPB spring meeting discussions. Stange stated that he is not aware of a response from ASPPB to the feedback previously given. Stange provided a recap of the feedback given to ASPPB – licensee applicants for states that have not adopted EPPP-II would not be given the opportunity to take the EPPP-II voluntarily, thus creating potential licensure mobility issues in the future. Due to this issue, states may feel pressure to adopt the EPPP-II in order to accommodate licensure applicants.

Thayer exited from the conference call at 8:44am MDT/9:44am CDT.

Kinsman exited from the conference call at 8:45am MDT/9:44am CDT.

Board members, executive staff, and Loker transitioned to a secure private online conference room at this point.

USD Psychology Department Question – State Oral Licensure Exam: Stange made the group aware the USD Psychology Department inquired whether the board would be willing and able to share retired oral examination questions for students to review. Miller stated this may depend on how similar the content of the retired questions is to the current questions. Sherman voiced being surprised by the request, as he felt the professors should be able to come up with similar scenarios and questions to prepare students. Stange agreed with Sherman, explaining students can also use online examples questions as a resource. Overturf inquired if the students are advised what to study for on the exam. Tellinghuisen-Geddes stated a potential response could be that the executive staff send a copy of the packet applicants receive. This packet includes information on how to prepare and includes the ASPPB Code, citation of statutes, etc. All agreed this was a sufficient response.
