- Also at the February meeting, arrangements will be made with the Attorney General's Office to present to the Commission information on the open meeting laws.
- SB40 is an agency/Department bill. It was determined after discussions with LRC that the changes to the statutes made in 2019 were excessive and the proposed bill will reestablish the Commission's rulemaking authority regarding licensing of airports.
- The Department present to the House and Senate Transportation Committees each year as required by SB1. The presentation includes updating them on current airport funding as well as other fundamentals of the Department.
