TO: South Dakota Aeronautics Commission
FROM: Jack Dokken, Office of Air, Rail, and Transit
DATE: February 11, 2022
SUBJECT: 2022 Airport Improvement Projects

The Airport Improvement Program (AIP) projects listed in this attachment have been submitted through the Federal Aviation Administration (FAA) grant pre-application process. These projects are funded through entitlements, state apportionment, discretionary funds as well as state and local fund matches.

There is potential for additional funding in 2022 through the Bi-partisan Infrastructure Law (BIL), but at this time the funding rules are not yet known. If more funding becomes available, it is likely there could be many more projects funded through the AIP that will need to be matched.

Attachment #2

South Dakota AIP 2022
