**Subject:** [EXT] LATC Drone Camp Sponsorship Opportunity!!!

Greeting from Lake Area Technical College!

The last two summers we've had over 80 students from around the state attend our Drone and Coding Camp!

This summer the Drone and Code Camp will be held on **June 2, 2023** at Lake Area Technical College. Students entering into grades 3-8 in South Dakota will be invited to attend this STEM event where they will learn drone flight, coding, robotics and so much more at this one day camp!

We are seeking sponsorships to assist in covering a portion of equipment, supplies, and lunch as well as scholarships for the \$50 camp fee in an effort to remove any barriers students may encounter that would prevent them from attending.

Suggestions of a \$500+ level sponsorship is recommended, but any amount would be most beneficial and appreciated! Thank you for considering!

Our goal is to expose as many young people as possible to opportunities in the STEM fields and keep their excitement and passion alive. With your help, we can do this together and grow our highly-skilled workforce.

The sponsorship form (attached) can be filled out and mailed in with your sponsorship amount or for your convenience you may use the link below for payment options:

As always, thanks for all you do for Lake Area Tech and our students!

Best Regards,

*Shane Swenson*
