

SOUTH DAKOTA DEPARTMENT OF GAME, FISH AND PARKS

523 EAST CAPITOL AVENUE | PIERRE, SD 57501

DOT Collector Road Annual Report
Department of Transportation
Attn: Secretary Jundt
April 13th, 2023

Secretary Jundt,

Please see annual report information per our updated agreement and memorandum of understanding signed in October of 2021:

During Fiscal Year 2023 the Department of Game Fish & Parks (GFP) successfully partnered with local townships and counties to improve approximately 41 miles of collector roads. The department also was able to finish the overlay of the 18 mile stretch of the Wildlife Loop Road, re-build and hard surface 1.8 miles of Playhouse Road, and apply an asphalt overlay on the completed bridge replacement on Playhouse Road. The department will be completing an interior park collector road project between Spring Creek and Cow Creek Recreation Area this spring to utilize the remaining DOT collector road funding. A full list of projects funded through the commission's assistance is included in Attachment A. As we look towards FY2024, GFP intends to invest across our state.

The list of anticipated projects for FY 2024 as noted in Attachment A is planned to assist in 14 road improvement projects with over 40 miles of improvements. We've also included a list of potential FY 2024 projects in Attachment A in case of project delays or lower than anticipated costs. Overall, the department's FY24 budget contains an additional 4.3 million dollars in anticipated funding for road improvement projects throughout the state park system. This publicly available plan contains approximately 37 million dollars of road funding planned in the next 5 years. The department currently has 20 NBI structures, 5 rated in poor condition, 14 in fair condition, and 1 in good condition. We continue to update estimates as design and project scoping progresses. We again appreciate the continued partnership as we work to improve transportation and access to our state.

Respectfully,

Adam Kulesa
Planning/Development Administrator
South Dakota Game Fish & Parks
