A request.

There is a meandering stream that serves as a watershed for two townships of relatively flat farm and grassland in southern Spink County. This stream, that we neighbors and landowners refer to, we simply call a river. It is unnamed but is very important to our topography as it empties into the James River. Our area has importance because of visitors we have from all over the country, mostly because of the hunting and hospitality industry greatly enhanced by our neighbors and friends the Olsens. They have made an investment in a first class hunting lodge. From their picturesque dining room one looks out on the stream that we would like to name as "Iron River." Dave and his Mother Annette Olsen can share why that title would be appropriate and relevant. The Wollman and the Olsen farms have lived in this area for 110 years and finally we want to name our river! Please give this request favorable consideration, we would be most grateful.

Sincerely, Harvey Wollman,  
Former Governor of South Dakota
