INSTRUCTIONS:

- A) All blanks must be completed. Please be as accurate as possible.
B) SDCL 45-6C-52 allows an operator to submit either a single Annual Report for multiple Exploration Notices of Intent or the operator may submit separate Annual Reports for each EXNI.
C) Attach a map with a scale of 1:24,000 or larger (e.g. topographic maps). The map must show the locations of drill holes and shot holes completed and/or plugged, trenches, and bulk sampling sites, show areas disturbed, areas reclaimed, and the acreage of each. More than one EXNI is permitted to be shown on one map, however, please make sure that each EXNI number is indicated on the map. If no exploration activity was conducted at this site since last January 1, no map is required.
D) **Sign, date, and return** this form, the map, and a description of the coming year's activities to be conducted under this Exploration Notice of Intent to the Minerals and Mining Program prior to January 1.

- 1) Total number of drill holes, trenches, bulk sampling sites, or shot holes allowed by this Notice:

Drill Holes 0
Trenches 0
Bulk Sampling Sites 100
Shot Holes 0

- 2) Total number of drill holes, trenches, bulk sampling sites or shot holes completed since January 1 of this year:

Drill Holes 0
Trenches 0
Bulk Sampling Sites 0
Tonnage Excavated from Bulk Sampling Sites 0
Shot Holes 0

- 3) Total acres of surface disturbance created as a result of conducting exploration activities under this Notice:

0.4 acres

- 4) Total number of drill or shot holes plugged and reclaimed since last January 1 including the method to plug each hole:

Drill Holes 0
Shot Holes 0
Plugging Method 0

- 5) Total acres of surface disturbance reclaimed since last January 1:

0

- 6) Total acres of surface disturbance remaining to be reclaimed:

0.4 acres

- 7) Total number of drill or shot holes remaining to be plugged and reclaimed:

0

- 8) Describe any activities that will be conducted under this Exploration Notice of Intent in the coming year.

We plan on spraying for invasive weeds in Spring 2018
and to begin reclamation of site in Fall of 2018
of 2018.

Dear Ms. Tepley:

We have reviewed the annual report form you submitted on January 4, 2017, for EXNI 408. We noted a mistake in the submitted form which we are bringing to your attention. The corrected form has been enclosed for your review.

1. In Item #3 and #6, please note that there are still 0.4 acres of disturbed acreage that have not been reported as being reclaimed. This information may change depending on mining and/or reclamation activities at the site. If these corrected values are in error, please provide us with additional information.

Please maintain these corrections in your files. They may be utilized to properly fill out the required information in the 2017 annual report.

If you have any questions please feel free to contact me at (605) 773-4201.

Sincerely,

Roberta Hudson

Dear Ms. Tepley:

We are in receipt of your 2015 Annual report. The annual report form appears to be filled out correctly. However, you need to supply a map for the exploration indicated as per the instructions part C shown at the top of the report form. Please supply a map showing the location of the two areas indicated where exploration activities occurred at the site.

If you have any questions, please feel free to contact me at (605) 773-4201.

Dear Ms. Tepley:

On November 3, 2015, our office sent you an annual report form for EXNI-408. Please note that our office has not received the following renewal information:

1. The annual report form sent to you on November 3, 2015, needs to be completed and returned to our office.

Before we can consider the annual report complete, you will need to submit the requested information to our office. Failure to submit the required information within 30 days after the receipt of this letter may result in enforcement action against EXNI-408.

Thank you for your anticipated cooperation in this matter. If you have any questions, please feel free to contact me.

Dear Ms. Tepley:

Please find enclosed a revised copy of the annual report for EXNI-408. The following corrections were made to the annual reports:

1. Under Item #1, the total number of bulk sample sites allowed under the notice was incorrectly entered for the permit. The corrections have been made to the attached notices.

Please review the attached revised annual report and let me know if the changes are acceptable or if additional changes need to be made. If the changes are acceptable, please keep the enclosed copy of the annual report and use them to help you complete next year's annual report.

If you have any questions, please feel free to contact me.

Sincerely,

Roberta Hudson

Dear Mr. Tepley:

We have reviewed the annual report form you submitted on January 6, 2014, for EXNI 408. We noted a mistake in the submitted form which we are bringing to your attention.

1. In Item #1, please note that under your permit you are allowed 100 bulk samples from the site. The correction has been made on the attached form. This information will not change in future annual reports as Item #1 simply requests information on the type and amount of activity allowed by the exploration permit.

Please maintain this correction in your files. It should be utilized to properly fill out the required information in the 2014 annual report which will be sent to you in November 2014.

If you have any questions please feel free to contact me at (605) 773-4201.

Bemidji, MN 56601-6812

Dear Mr. Tepley:

We are in receipt of your May 7, 2013, response to our April 17, 2013, letter regarding your annual report for EXNI-408. In your response you state that you are in contact with Gary Haag to resolve the issues found in the annual report. Please note that Mr. Haag is with the US Forest Service. The annual report you provided to our office is a document required by the South Dakota Department of Environment and Natural Resources (DENR). Any corrections or issues to be resolved with the annual report need to be done with the DENR. Mr. Haag has been provided a copy of the annual report you supplied to the DENR and may have his own concerns to discuss with you regarding this document; however, the corrections still need to be addressed and corrected with the DENR. Please address the following items which we previously indicated needed to be corrected on your annual report:

1. Item #1 – You are allowed to have a total of 100 bulk sample sites with a total of no more than 5,000 tons of bulk sample removed.
2. Item #3 – Please provide the total number of acres disturbed through exploration activities permitted through this notice.
3. Item #8 – You indicate under this section that you plan to drill holes on the Good Hope #1 and #3 this year as part of your exploration activities. Please note that you are allowed a total of 100 bulk sample sites but are not allowed to drill holes under this exploration permit. Also, the Good Hope #3 claim was not permitted under this EXNI. In order to perform exploration activities within the Good Hope #3 claim or drill holes you will need to submit a new exploration permit.

Another copy of the annual report you submitted is attached to this letter. Please make the necessary changes to the report and return to us or provide this information in a letter so that we may make the necessary corrections to your annual report.

If you have any questions, please feel free to contact me at (605) 773-4201.

Sincerely,

Roberta Hudson

May 7, 2013

Dear Roberta;

In regards to your letter dated April 17, 2013 we have taken the following action:

- 1) The BLM Montana State Office was contacted today regarding the incorrect section number for Good Hope #2. After checking their records they discovered they had made an error in recording and corrected it. You will be able to see the correction on LR2000.
- 2) An Annual Report for B4 Time, LLC was recently sent to the South Dakota Secretary of State with the required \$50. Fee.
- 3) Philip talked with Gary Haag concerning the annual report and will set up a time to resolve those issues with him.

Thank you for your diligence in this matter, especially discovering the incorrect location number on our claim.

Sincerely,

Sandra Tepley

Dear Mr. Tepley:

On February 4, 2013, we received your annual report form for EXNI-408. There are a few things we would like to address about your form that we need to see corrected.

1. Item #1 – you are allowed to have a total of 100 bulk sample sites with a total of no more than 5,000 tons of bulk sample removed.
2. Item #3 – Please provide the total number of acres disturbed through exploration activities permitted through this notice.
3. Item #8 – You indicate under this section that you plan to drill holes on the Good Hope #1 and #3 this year as part of your exploration activities. Please note that you are allowed a total of 100 bulk sample sites but are not allowed to drill holes under this exploration permit. Also, the Good Hope #3 claim was not permitted under this EXNI. In order to perform exploration activities within the Good Hope #3 claim or drill holes you will need to submit a new exploration permit.

We have also done a brief review of the status of your company B4Time, LLC with the South Dakota Secretary of State Office. Currently, we have found that your company is noted to be delinquent. Please contact the South Dakota Secretary of State Office to see about bringing your company up to date. You can contact them at (605) 773-4845. The address for the Secretary of State Office is:

South Dakota Secretary of State
500 E Capitol Ave
Suite 204
Pierre, SD 57501

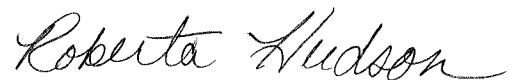

A brief review was also done to verify the claim status with BLM. We found during this review that the Good Hope #2 claim is not located in Section 7 T1N R4E as indicated on the map you have provided. Currently the BLM database indicates this claim is located in Section 4 T1N R4E. Please contact the regional BLM office in Montana at (406) 896-5000. The mailing address for this office is:

BLM Montana State Office
5001 Southgate Dr
Billings, MT 59101

A copy of the annual report you submitted has been attached to the letter. Please make the necessary changes to the report and return to us or provide this information in a letter so that we may make the necessary corrections to your annual report.

If you have any questions, please feel free to contact me at (605) 773-4201.

Sincerely,

A handwritten signature in cursive script that reads "Roberta Hudson". The signature is written in black ink and is positioned above the typed name and contact information.

Re: B4Time, LLC – EXNI 408 2010 Annual Report

Dear Mr. Tepley:

Thank you for the prompt submittal of the annual report for EXNI-408. I'm writing to let you know we need a little more information to complete this report. Please review the enclosed copy of your report, fill in or address the highlighted areas, and return this information (i.e., the completed form and a map) to my attention. Please note, I've made some corrections to your report form—all your exploration disturbance activities fall under one "bulk sample", so please don't list specific "trenches" on future annual report forms.

I've enclosed an aerial photo and a topographic map of your exploration area for you to use as a template for the required map. Please use either one to show the total disturbed area, the area(s) where you collected your bulk sample from (i.e., the trenches), and the area you reclaimed this year. The aerial photo was taken in 2006, so, unfortunately, it doesn't show the footprint of your recent disturbance.

Sincerely,

Michael A. Lees
