Board staff present: Tyler Laetsch, Carol Smith, Lee Cordell, Jenna Heyen, Melissa DeNoon, Beth Windschitl and Lan Van de Rostyne

Other parties in attendance

President Hansen called the meeting to order at 9:07 am CST. Voice roll call was taken, mission statement read, a quorum confirmed, and introductions completed. A call for public comment was made pursuant to SDCL 1-25-1 and there was no public comment.

Motion was made to remove the January 16, 2026, agenda from the consent agenda and add item (discipline on complaint 25-0019) to the agenda after the Executive Session (Kraemer / Nelson / unanimous).

Motion was made to approve revised consent agenda (Kraemer / Nelson / unanimous).

REPORTS

Operations

Tyler Laetsch

- 2026 legislative session started; bills can be viewed at sdlegislature.gov
- IGOV contract signed and arrears payment are current
- The request for proposal (RFP) for the board's new licensing software is awaiting Department of Health (DOH) approval. The RFP also includes the development of a new website to replace the board's current website which is managed by DOH.
- Introduction of Lan Van De Rostyne new senior secretary at the board
- Wholesale, other drug distributors and 503B outsourcing facility license renewal period ended 12/31/2025
- Introduced board attorney Megan Borchardt who attended the meeting
- Various state boards met with DOH to discuss discipline of unlicensed practice occurring outside the board's purview. Discussed issue at national and state levels and ways to streamline the process with the Attorney General's office.
- Remotely attended the Opioid Advisory Committee meeting; discussed ways to spend opioid settlement funds
- March 2-3, 2026, will participate in the NABP Law Enforcement on Legislation Committee or Task Force
- Updates to the Professional License Portability for Service Members and Spouses occurred in December. We continue to examine whether changes are needed to South Dakota's pharmacist's reciprocity process
- South Dakota will host the NABP District 5 meeting in 2028. Event research and planning have begun
- Board continues to field calls from fire departments throughout the state requesting after-hours access to pharmacies. South Dakota law prohibits a licensee/pharmacy from providing access (keys) to other parties.

Inspector Highlights

Carol Smith

Findings

- Completed 17 inspections (Q 4 & 1)
- Participated in an official DEA Audit inspection focused on controlled substances only. Audit process was explained.
- At an inspection, asked questions regarding USP 800, P&P and NIOSH list. PIC was well versed in USP 800 requirements but struggled to access the information specific to the pharmacy. Efforts to locate information (assessment of risk [AoR], NIOSH document and company policies and procedures were cumbersome. NIOSH directives not followed as pharmacy stored NIOSH products by pharmacy's sink where employees store personal water bottles.
- Responded to multiple pharmacist inquiries regarding Sharps disposal. Provided safeneedledisposal.org link, Needle Disposal EPA Recommendation flyer and Sharps disposal options in South Dakota
- Found a variety of inappropriate items (pickles, personal beverages, adult beverages) in pharmacy refrigerator comingled with prescription and OTC products
- Instance where pharmacy personnel incorrectly assumed refrigerator temperature recording was not required because pharmacy used medical grade refrigerators
- Two pharmacies thought they had doctor shoppers. On board advice, instructed pharmacies to contact law enforcement; investigations are underway

Lee Cordell

Findings

- Completed 11 inspections (7 in Q4 2025 and 4 in Q1)
- Found:
 - A new pharmacy (Genoa) not reporting to SDIIS; working to address issue

- Pharmacy that did not have NIOSH hazardous drugs separated or identifiable as hazardous in stock
- Tele-pharmacy where pharmacist did not visit every two weeks per their variance; variance was removed and pharmacist visits occurring weekly now; continue to monitor
- controlled substance inventories missing receipts or no documentation of receipt of inventory
- Pharmacy staffing concerns continue, and turnover remains high
- Inspector was issued a subpoena pertaining to an inspection conducted at the request of and in conjunction with the Dental Board and findings at a dental practice. Process to occur in February. The larger issue of concern is there are numerous other medical professions/providers (clinics, spas, ...) that stock, dispense, and /or administer medications with no medication inspection oversight.
- Board member Kraemer expressed concern that medication in any facility needs to be under the purview of the Board of Pharmacy and should be inspected by the board. Currently the board has no oversight of or authority to inspect. She suggests the pharmacy board start proactively working with other South Dakota boards with regards to inspections. one knows.

Jenna Heyen

Findings

- Completed 50 inspections total (25 retail)
- Identified a variety of collector status issues – failure to update signature log, not having access to the online portal; continue to address issues and refer to PDMP director when necessary
- Occurrences where NIOSH list was not updated
- Pharmacy partially filled a controlled substance outside the 72-hour allowable window
- Instances where pseudoephedrine products were being stored behind the pharmacy counter but not behind the pharmacy gate; product must be stored so it is inaccessible to the public.
- DEA inventories that did not have their will-call included in their inventory
- Reviewed CPA immunization which was not current (written in 2018). Board does not specify an acceptable CPA update timeline; however, eight years is too long.
- Finding in two separate pharmacies had a multi-dose vaccine (IPOL) open beyond normal the 28-day use window. Sites rationale was CDC article that IPol is an exception to the rule that can go through the manufacturer's date regardless of the date it was punctured. Conflicting directives from CDC, USP, manufacturer, JACHO, ... Board continues to discuss / work toward a directive.
- C2 and C3-C5 inventory together on the same document; should separate
- Working with a site to ensure compounding hood and overall compounding space is updated
- Completed an unannounced site visit audit and was joined by the DEA.

Office Topics

- Working on updating prescribing authority document. The utility of the document has come into question and may not be the best method forward.
- Six hours of continuing education credits are required for non-certified technician renewal in 2026.
- Experiencing a variety of issues with technician applications:
 - technicians trying to register without a pharmacy – L/R must have a South Dakota pharmacy employer to register
 - technicians working outside of a pharmacy (i.e. medical clinics) – L/R immediate supervision by a pharmacist is required to be a technician
 - technicians working outside the immediate supervision of a pharmacist – Law/Rule (L/R) immediate supervision is required
 - technicians trying to register with an out-of-state home address (MO, GA, FL...) – L/R person must be employed in South Dakota in order to register
- Guidance Document - board's technician/intern working from home guidance document contradicts L/R immediate supervision requirement. Suggest document be eliminated. Those who are able to work in a remote capacity based on license can meet items 1-6 of the document. Document statements (items 6-8) that pharmacist can supervise technician/intern electronically directly contradicts rule that immediate supervision is required.

Motion was made to remove board's guidance document on pharmacist and other pharmacy staff working from home policy statement 10-12-03 (Kraemer/Nelson/unanimous)

- Board wants to follow L/R and is looking at the definition of "immediate supervision". Updates may be needed to better capture the board's expectations regarding what immediate supervision means. Discussion followed.
- Discussion of definitions - immediate personal supervision (physically present and immediately available; direct supervision) vs. immediate supervision (on site and available; indirect general supervision). Per Megan Borchard, board attorney, if immediate supervision is what is desired then the word personal needs to be removed.
- Concerns and Questions related to non-licensed entities that maintain inventory, administer, dispense medications:
 - Issue – job posting by non-pharmacy health care entities trying to hire pharmacy technicians (listing technician registration as a requirement). Technician is not in a pharmacy and not supervised by a pharmacist violating SD pharmacy L/R

- Issue – the board has no authority/oversight over providers (entities like spas, clinics, dental offices...) that dispense medications to individuals. Board member Kraemer strongly suggested that providers that stock/dispense medication should be licensed with the Board of Pharmacy giving the board authority to inspect.
- Issue – Medication handling and storage by providers of all types that is outside the board's purview. The board has no oversight over entities that handle medications and dispense to patients. In Delaware and Ohio, inspectors have authority to go anywhere there is medication.
- Thorough detailed discussion followed with several examples mentioned.
- Support and Expectation expressed by Board members to move forward with actions as needed to allow inspections and actions with sites not currently under the purview of the SD Board of Pharmacy.

Prescription Drug Monitoring Program (PDMP) – Melissa DeNoon

Educational review of PDMP and program updates:

- Covered PDMP statutory establishment, program goals, dispensing data acquisition/submission, data- accuracy, errors, access, and wrongful disclosure.
- Provided summary of findings of pharmacy inspection PDMP audits from 2025 and takeaways/best practices.
- Through PMP Interconnect, South Dakota recently began sharing data with the District of Columbia which brings the total number of sharing partners to 43.

Shared the DEA & HHS jointly issued a 4th temporary rule extending the current telemedicine flexibilities through 12/31/2026.

OTHER REPORTS

SD Pharmacists Association – Amanda Bacon

- New membership center established, fee structure in place and new SDPhA website launched
- On legislative session day four of 36; association is tracking/supporting a number of bills
- Met with members of legislature discussing the World Health Transformation grant funds from congress that have been allotted to DSS
- On the federal front, association continues to focus on PBMs and actively monitoring John Thune's PBM federal PBM legislation

SD Society of Health System Pharmacists – Alyssa Howard

Upcoming Events

- SDHSP 50th Annual meeting will be held April 17 – 18, 2026 in Sioux Fall at the Ramkota
- Watch for information regarding an after-hours event in February 2026 for networking opportunities

SDSU College of Pharmacy - Dan Hansen

- Freshmen (P1) recruitment is underway
- Staff/faculty evaluation being conducted
- Multiple programs under accreditation
- Launched new MLS accelerated track for BS degree
- P4 pharmacy students (program's first small cohort) are participating in residency interviews
- Pharmacist graduating class numbers are low so employment opportunities will be plentiful for graduates
- Faculty searches in progress

SD Association of Pharmacy Technicians - Amanda Bacon

- SDPhA continues to actively engage parties interested in re-establishing the technician association

SD Health Professionals Assistance Program – Amanda McKnelly

- Currently three participants enrolled in HPAP - two board mandated participants and one voluntary enrollment.
- Two participants completed program and were discharged; both were voluntary participants

OLD BUSINESS

Past variances and waivers – Tyler Laetsch

- All remote drop sites must cease activity by the end of April 2026; impacted parties have been contacted
- Working on LCR rules package

NEW BUSINESS

Legislative Update -Tyler Laetsch

- Board submitted three bills; legislature picked up one SB 14 (clean-up bill)
- Legislation of significance SB 90 (medical cannabis cardholder data / Senator Nelson)
- HB 1068 is not favorable from the board standpoint as pharmacists are currently able to prescribe by protocol in law

Election of Officers (President and Vice President)

Motion was made to approve Curt Rising as Board President and Tom Nelson as Board Vice President (Hansen / Kraemer / unanimous)

CE for Board Meetings process – Tyler Laetsch

- Discussed the new continuing education credits offered by the board and available to pharmacists and technicians who attend board meetings in-person only

EDUCATION

Added a new component to board agenda for the purpose of educating and disseminating information on key topics or areas of interest in pharmacy. In the future, these mini-information sessions shared during board meetings may be posted on the website for reference and viewing.

DSCSA

- DSCSA was enacted in 2013 and through 2025 everyone is expected to be compliant with DSCSA after multiple extensions.
- As of last quarter, 80% of wholesalers reported being DSCSA compliant
- In 2026, small dispensers (25 or less employees) still have an extension until November of this year
- The board developed a DSCSA review guidance document for inspection items (have a list of your wholesale vendors, know how to access your DSCSA data)

Inspection Readiness

- Board conducts both scheduled and unscheduled inspections and controlled substance audits
- Be audit ready – what can we do to get ready for inspections?
- Build an inspection compliance information binder; keep it current
- Information to include in binder - table of content, all licenses (state & federal), corporate structure, officer list, floor plan, operation times, security system & alarm test, employee list with titles, POA, inventory, controlled substance security, supplier list, reference materials or where to find the material, policies/procedures, inventory records, collector status....
- All items may not fit in the binder. In this circumstance, note in the binder where items that are not in the binder can be found
- Collectors know where documents are (paper or online)
- Inspection may occur when PIC is not working so other team members need to know where to find the required information.

2026 South Dakota Legislature
Senate Bill 14
ENROLLED

AN ACT

ENTITLED An Act to modify provisions related to the practice of pharmacy.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF SOUTH DAKOTA:

Section 1. That § 36-11-2 be AMENDED:

36-11-2. Terms used in this chapter mean:

- (1) "Biological product," as defined in 42 U.S.C. § 262(i), (January 1, 2018);
- (2) "Board," the State Board of Pharmacy;
- (3) "Brand name," the proprietary or registered trademark name given to a drug product by its manufacturer, labeler, or distributor and placed on the drug or on its container, label, or wrapping at the time of packaging;
- (4) "Compounding," the preparation, mixing, assembling, packaging, or labeling of a drug or drug device, as the result of a practitioner's prescription drug order or an initiative based on the pharmacist, patient, and practitioner relationship in the course of professional practice, or for the purpose of or as an incident to research, teaching, or chemical analysis, and not for sale or dispensing. The term also includes the preparation of drug or drug devices in anticipation of prescription drug orders based on routine, regularly observed prescribing patterns;
- (5) "Delivery," the actual, constructive, or attempted transfer of a drug or drug device from one person to another, whether or not for a consideration;
- (6) "Dispensing," the preparation and delivery of a drug to a patient or a patient's agent pursuant to a prescription drug order in a suitable container with appropriate labeling for subsequent administration to or use by a patient. The term includes preparation of labels for drug devices if the labeling is related to the dosage and administration of drugs;
- (7) "Distributing," the delivery of a drug or drug device other than by administration or dispensing;

- (8) "Drug administration," the direct application of a drug or drug device by injection, inhalation, ingestion, or any other means to the body of a patient or research subject;
- (9) "Drug device," equipment, a process, a biotechnological entity, a diagnostic agent, or other product used in combination with a drug to provide effective management of medication regimens;
- (10) "Equivalent drug product," a drug product, other than a biological product, that is considered to be therapeutically equivalent to other pharmaceutically equivalent products as determined by the edition of Approved Drug Products with Therapeutic Equivalence Evaluations adopted by the board through rules promulgated pursuant to chapter 1-26;
- (11) "Interchangeable biological product," a biological product that the United States Food and Drug Administration either has licensed and determined meets the standards for interchangeability pursuant to 42 U.S.C. § 262(k)(4), (January 1, 2018), or has determined is therapeutically equivalent, as set forth in the edition of Approved Drug Products with Therapeutic Equivalence Evaluations as adopted by the board through rules promulgated pursuant to chapter 1-26;
- (12) "Labeling," the process of preparing and affixing a label to any drug or drug device container exclusive of the labeling by the manufacturer, packer, or distributor of a nonprescription drug or commercially packaged legend drug or drug device;
- (13) "Medicines," drugs or chemicals, or their preparations, in suitable form for the prevention, relief, or cure of diseases when used either internally or externally by man or for animals;
- (14) "Nonprescription drugs," drugs that are labeled for use by the general public in accordance with 21 U.S.C. § 352 (January 1, 2025), and may be sold without a prescription drug order in accordance with 21 U.S.C. § 353 (January 1, 2025). The term does not include drugs that are required by federal law to bear the statement "Caution: federal law prohibits dispensing without prescription," drugs intended for human use by hypodermic injection, or animal remedies regulated by chapter 39-18;
- (15) "Patient counseling," oral communication by the pharmacist of information to the patient or caregiver to improve therapy by ensuring proper use of drugs and drug devices;
- (16) "Pharmaceutical care," provision of drug therapy and other pharmaceutical patient care services intended to achieve outcomes related to curing or preventing a

- disease, eliminating or reducing a patient's symptoms, or arresting or slowing a disease process;
- (17) "Pharmacist," a person licensed by the board to engage in the practice of pharmacy;
 - (18) "Pharmacist-in-charge," a pharmacist designated by a pharmacy owner to assume full legal responsibility for all professional and facility operations;
 - (19) "Pharmacy," any place of business within or outside this state where drugs are dispensed and pharmaceutical care is provided to residents of this state;
 - (20) "Practitioner," a person licensed, registered, or otherwise authorized by the jurisdiction in which the person is practicing to prescribe drugs in the course of professional practice;
 - (21) "Prescription drug order," a written or oral order of a practitioner for a drug or drug device for a specific patient;
 - (22) "Proper name," the nonproprietary name for a biological product designated by the United States Food and Drug Administration license for use upon each package of the product; and
 - (23) "Registered pharmacy technician," a person registered by the board who is employed by a pharmacy to assist pharmacists in the practice of pharmacy by performing specific tasks delegated by and under the immediate personal supervision and control of a pharmacist, as permitted by the board.

Section 2. That § 36-11-11 be AMENDED:

- 36-11-11.** The Board of Pharmacy shall promulgate rules pursuant to chapter 1-26:
- (1) Pertaining to the practice of pharmacy;
 - (2) Relating to the sanitation of persons and establishments licensed under the provisions of this chapter;
 - (3) Pertaining to establishments licensed under the provisions of this chapter wherein any drug is compounded, prepared, dispensed, or sold;
 - (4) Providing for minimum equipment and standards of establishments licensed under the provisions of this chapter;
 - (5) Pertaining to the sale of drugs by or through any mechanical device;
 - (6) In cooperation with other governmental agencies where there exists a joint responsibility for protecting the public health and welfare;
 - (7) Pertaining to the sale of nonprescription drugs;

- (8) To adopt publications or supplements thereto, as deemed necessary to describe the drugs, medicines, prescription drugs, or dispensing physician;
- (9) Pertaining to the posting of prescription prices on the premises of a pharmacy department to provide consumers with comparative pricing information;
- (10) Pertaining to the registration of drug wholesalers and manufacturers;
- (11) Pertaining to home health care and service;
- (12) Pertaining to computerized pharmacy;
- (13) Pertaining to the registration of registered pharmacy technicians; an annual registration fee not to exceed thirty dollars; and tasks that may not be delegated by a licensed pharmacist to a registered technician;
- (14) Pertaining to the redispensing of pharmaceuticals;
- (15) Pertaining to the dispensing of biological products; and
- (16) Pertaining to remote drop sites, as authorized in section 10 of this Act.

Section 3. That § 36-11-32 be AMENDED:

36-11-32. The board may issue a pharmacy license only to:

- (1) A pharmacist who is the owner, or part owner, of the merchandise and fixtures of the place of business for which the pharmacy license is applied for, provided:
 - (a) The pharmacist will serve as the pharmacist-in-charge; or
 - (b) The pharmacist has submitted an affidavit, on a form prescribed by the board, delegating complete responsibility for the pharmaceutical services in the place of business to another pharmacist-in-charge; or
- (2) A non-pharmacist owner of the merchandise and fixtures of the place of business for which the pharmacy license is applied for, provided the owner has submitted an affidavit on a form prescribed by the board delegating complete responsibility for the pharmaceutical services in the place of business to a pharmacist-in-charge.

The applicant for the pharmacy license shall submit a form prescribed by the board and pay a fee, not to exceed two hundred dollars, set by the board in rules promulgated in accordance with chapter 1-26.

Section 4. That § 36-11-33 be AMENDED:

36-11-33. The board may issue a license to operate a part-time pharmacy in a hospital, nursing facility, or related facility, provided that the pharmacy services are limited to inpatients or residents of the facility.

The board may issue a license under this section if:

- (1) The owner of the proposed pharmacy submits a form prescribed by the board and pays a fee, not to exceed two hundred dollars, set by the board in rules promulgated in accordance with chapter 1-26; and
- (2) The owner:
 - (a) Is a pharmacist and will serve as the pharmacist-in-charge; or
 - (b) Submits an affidavit, on a form prescribed by the board, delegating complete responsibility for the pharmaceutical services in the proposed pharmacy to a pharmacist-in-charge.

The pharmacist-in-charge must ensure all staff comply with the provisions of this chapter and with minimum standards, as established by the board in rules promulgated pursuant to chapter 1-26.

Section 5. That § 36-11-35 be AMENDED:

36-11-35. Each pharmacy license expires on June thirtieth following the date of issuance. To renew a pharmacy license, the owner must submit a renewal application on or before June thirtieth on a form prescribed by the board, and pay the renewal fee set by the board in rules promulgated in accordance with chapter 1-26, but not exceeding two hundred dollars. If the renewal application and fee is submitted after the expiration of the license, the board must assess a fifty-dollar late fee and may reinstate the license.

If a majority ownership of the pharmacy changes, the new owners must, within thirty days after ownership change:

- (1) Submit the renewal application, indicating the change of ownership; and
- (2) Pay the renewal fee established by the board as provided in this section.

Section 6. That § 36-11-37 be AMENDED:

36-11-37. A pharmacy owner may change the designation of the pharmacist-in-charge, provided an application for the change is made upon a form prescribed by the board and upon payment of a fifty dollar fee. The application must be filed with the board not more than ten days after the change of active management is made. If the application is received by the board after ten days, the pharmacy license is void, and the owner must reapply for the license.

When a change in the designation of a pharmacist-in-charge occurs, an on-hand inventory of controlled substances, as listed in chapter 34-20B, must be completed. The inventory must be taken on the date the new pharmacist-in-charge assumes active

management of the pharmacy. The inventory list must be retained in the pharmacy for two years from the date of the inventory.

Section 7. That § 36-11-38 be AMENDED:

36-11-38. In the event of the death of the pharmacist-in-charge, the pharmacy license issued under this chapter shall, within one hundred twenty days after the date of death or on June thirtieth, whichever is sooner, become null and void, unless the designation of the pharmacist-in-charge is changed as provided in § 36-11-37.

Section 8. That § 36-11-44 be AMENDED:

36-11-44. Any pharmacist who permits the compounding or dispensing of prescriptions or the vending of drugs in the pharmacist's place of business, except under the personal supervision of a pharmacist, or any pharmacist who, while continuing in business, makes any false representations to procure a license for the pharmacist or any other person, is guilty of a Class 2 misdemeanor.

The delivery of a drug or drug device to a patient outside of a pharmacy by courier, mail, or remote drop site is not considered a violation of this chapter, if done so under the supervision of a pharmacist in a licensed pharmacy.

Section 9. That § 36-11-48 be AMENDED:

36-11-48. The board may suspend or revoke, in accordance with chapter 1-26, any pharmacy license issued under this chapter on the following grounds:

- (1) The license was obtained by false representations made in the application therefor;
- (2) The pharmacy for which the license was issued was kept open for the transaction of business without a pharmacist-in-charge;
- (3) Conviction of a violation of any law of this state or of the United States pertaining to the drug business or for the aiding or abetting in the violation of the law;
- (4) The active management of the pharmacy was changed without the change in designation of the pharmacist-in-charge, as provided in § 36-11-37;
- (5) The location of the pharmacy was changed without the change being reported as provided in § 36-11-39;
- (6) The pharmacy was kept open for the transaction of business after the pharmacist owner ceased to be in active management of the pharmacy, without a change in designation of the pharmacist-in-charge, as provided in § 36-11-37;

- (7) The minimum requirements of this chapter and the board are no longer met; or
- (8) The majority ownership of the pharmacy changed without the change being reported as provided in § 36-11-35.

A pharmacy license may not be suspended or revoked except by a vote of three or more members of the board.

Section 10. That a NEW SECTION be added to chapter 36-11:

A licensed pharmacy may utilize a remote drop site to deliver prescription drugs to patients if:

- (1) The remote drop site is under the supervision of the pharmacist-in-charge; and
- (2) The prescription drugs are prepared by, and remain under the control of, the pharmacy.

A remote drop site is not required to be separately licensed as a pharmacy.

Policy 2026-01: Annual Policy Review**Effective Date:** April 10, 2026**Last Reviewed:** April 10, 2026**Adopted By:** South Dakota Board of Pharmacy**Purpose**

This policy establishes a streamlined procedure for the annual review of all policies written for the Board of Pharmacy, to be completed at a public meeting.

Policy Statement

The South Dakota Board of Pharmacy has written and approved policies that outline tasks within the Board of Pharmacy to ensure compliance with the Board's expectations.

Procedure

All policies for the Board of Pharmacy will be reviewed annually at the spring Board Meeting. The policies can be reviewed as one group if the Board does not wish to make any changes.

Any new policy that is deemed needed during the year can be implemented and approved at any board meeting. After initial approval, the new policy will be reviewed with all other policies annually.
