Oral Testimony

Dr. Kathryn Blaha, Director, Division of Accreditation and Certification, DOE

- Dr. Blaha presented the proposed rules package. Two packages related to ARSD 24:28 have been combined into one, at the recommendation of the Legislative Research Council (LRC).
- She described the processes for seeking feedback from stakeholders and the effect of the proposed rule changes. She reviewed types and numbers of comments received associated with this rules package: 3 requests for testimony registration; correspondence through email with one party; correspondence by phone – two parties. These proposed rules have been developed out of the needs associated with improving the certification process, the timeliness of processing applications, and the experience of educators and districts, and compliance with HB 1020 and HB 1187 from the 2024 legislative session. An overview of the package was provided.

Proponents

None

Opponents

- Representative Stephanie Sauder
 - District 4, House of Representatives
 - Bryant
 - Sponsor of HB 1187 for the one-year Career and Technical Education (CTE) permit.
 - Opposed to the current five-year requirement. Feels someone with experience prior to five years could still have the knowledge to teach.
 - Agency discussion in response - See Rebuttal Comments
 - No agency action taken
- Jessica Filler
 - Director of Policy and Legal Services, Associated School Boards of South Dakota
 - Pierre
 - Page 21 of package: 24:28:09:39 – adding 4,000 hours of work-related experience is too much of a burden, especially with the time constraint of the last five years
 - Noted that SDCL 13-48-3 requires two years of notice to be given prior to rules going into effect if the rules reflect an increase in requirements
 - Unclear what validated work experience means
 - Page 29 of the package: 24:28:09:55 – eligibility requirements concerned with the 2,000 hours requirement; wants the endorsement categories to be less restrictive and more broad

- Page 57 of the package: 24:28:17:28 – ½ credit requirement for renewal – what does that equal, requests clarification
- Agency discussion in response - See Rebuttal Comments.
- No agency action taken
- Rob Munson
 - Executive Director, School Administrators of South Dakota
 - Parkston
 - CTE permit - concerned with the renewal requirements as being a burden for the proposed one-year CTE permit and against the intention of the bill
 - Agency discussion in response - See Rebuttal Comments
 - No agency action taken

Rebuttal

- Dr. Kathryn Blaha, DOE
 - Page 21 – 24:28:09:39 – reference of 4,000 hours is coming from LRC change of how the hours are written from numerical form to written form, not an additional requirement for the 5-year CTE permit
 - Regarding the question on meaning of validated – explained that work experience must be signed off
 - SDCL reference for two-year wait period, noted that the department is not adding new requirements to the 5-year CTE permit
 - Many revisions were made for clarity based off of LRC recommendations
 - Page 57 – 24:28:17:28 – performing artist permit is an existing one-year permit and looking to mirror requirements for the one-year CTE permit; ½ of 1 credit equates to 7.5 continuing education contact hours – could be training from the schools or from their field
 - Page 29 – 24:28:09:55 – list of endorsements identified as eligible for the one-year CTE permit
- Laura Scheibe, DOE
 - Encourage community members' involvement with students and coursework
 - Endorsements are tied to pathways within CTE; pathway endorsements connect to standards and mirror the content area
 - Teacher certification is one component of running an approved CTE program, but additional requirements to run an approved CTE program for graduation requirements and Perkins funding
- Secretary Joseph Graves, DOE
 - Encourage board to accept the package as presented
 - Conversations regarding questions and concerns were had, but what remains needs to remain
 - Requirements for continuing education: Education is a profession – there are qualifications; all other certificates and permits require continuing education

- requirement; if remove continuing education then could be used beyond the purpose intended; 7.5 hours is one day of professional development provided by the district
- Have spent decades to develop strong CTE program with grants, programs, and facilities available; don't want to reduce CTE to what it once was

Board questions and discussion

Motion by Heineman to approve rules as proposed; 2nd by Moulton. All present voted in favor. Motion carried.
