- ☒ **Help America Vote Act (HAVA) Grant Application**  
☐ **In-Person Satellite Voting Center Pre-Approval Application**

HAVA grants are established by the South Dakota HAVA [State Plan](#) and approved by the HAVA Grant Board. The HAVA Grant Board, with the approval of the State Board of Elections, is made up of four County Auditors (two Democrats and two Republicans), the HAVA Coordinator in the office of the Secretary of State, one member from the disability community and one member from the Department of Tribal Relations.

A county may apply for a HAVA grant to reimburse election expenses related to HAVA. All expenses submitted must meet the requirements of [HAVA](#) and may be subject to both federal and state audits. Before a county may apply for a HAVA grant, all funds in the county's State-Held account and County-Held Match Money account must be spent. A County's State-Held account does not need to be expended if they are applying for funding for an In-Person Satellite Absentee voting locations, as defined in the HAVA Grant Board Parameters.

The maximum amount for which a county may apply for non-in-person satellite voting center related expenses is \$9,000 per election year for expenses for Primary and General Elections. Exceptions may be made in extraordinary cases such as satellite absentee voting locations, as defined in the HAVA State Plan. Applications must be received by the Secretary of State's office by July 1<sup>st</sup> of every odd-numbered year for the following year's anticipated expenses. Applications will be approved or denied by November 1<sup>st</sup> of the odd-numbered year.

If a county is denied a HAVA grant, the county may submit an appeal to the State Board of Elections to review the decision and must do so within 30 days of receiving their denial notice. The decision of the State Board of Elections is final and may not be appealed again.
