Fire Marshal's Office Updates:

Paul Merriman and Doug Hinkle discussed the SD Volunteer Firefighter PPE Grant Program in detail. The discussion included a run through of all grant guidance documents, covered purchases allowed under the grant, department eligibility requirements, application process, and associated program deadlines. Grant applications will be scored based on need by a review committee made up of members of the SDDFA, State Fire Marshal's Office, and the SD Fire Service.

Member Updates:

Brian Bowker indicated the grant was timely due to inflation and increased cost of purchasing gear and believed that VFD's would be very appreciative of the grant.

Mike Roemmich reported that it has been quiet in the Aberdeen area in regard to fire activity. Recent rainfall and wet conditions have kept rural fire calls down.

Rick Gustad discussed the upcoming SDDFA Fall Conference and Membership Meeting. Registration should be opening up soon for the conference. The SD Fallen Firefighters Memorial Service would be held at the end of the conference weekend on October 1.

Mike Harstad reported that supply chain issues are improving. Fire apparatus manufacturers are eagerly awaiting NFPA 1900 standard updates which will put all requirements for the design, performance, and acceptance criteria, and testing of fire apparatus in one location.

Calen Maningas updated the group on the status of the new training tower being constructed in Rapid City and renovations to the main fire station in Rapid City. Also discussed the upcoming Sturgis Rally and SD Task Force One readiness for response.

Adjournment:

Meeting was adjourned.

The date, time, and location of the next meeting of the Fire Marshal's Advisory Board will be announced.
