DIVISION	032	Resource Conservation and Forestry	
PROGRAM	03223	Conservation	

IMPACT ON GOVERNMENT SUMMARY: (Changes to any existing process, schedule, or activity of any state or local gov't entity resulting from the proposed rule change.)

This rule change will not impact government. The proposed rule changes would make the administrative rule consistent with verbiage that was adopted with the passage of HB 1033 by the 2024 State Legislature.

FISCAL IMPACT STATEMENT: (Estimate the overall fiscal impact--in terms of increases or decreases--because of, or to carry out, the proposed changes. Take into consideration staffing and resource changes (i.e. dollars, employees, equipment, supplies). Include a brief explanation if there is a minimal, incalculable, or no fiscal impact.)

There will be no fiscal impact with the adoption of the changes to the administrative rules. This will not change any of the functions of government if the rules are adopted as proposed.

FISCAL IMPACT BASIS: (Provide the assumptions, any computations, and any statistics that went into this Fiscal Note; and describe the accuracy of the estimated impacts on this form.)

The proposed rule changes are changing the terminology in the current administrative rule to reflect the role that conservation districts play in natural resources management. The proposed rule change does not entail any changes in the ways that the conservation districts do business. This doesn't expand or change their current roles so there will be no additional expenses.
