

SOUTH DAKOTA BOARD OF PHARMACY

April 10, 2026

Unapproved Draft Minutes

9:00 am CDT

Public Board Meeting

Board members present: Shane Clarambeau, Ashley Hansen, Cheri Kraemer, Tom Nelson, and Curt Rising

Board staff present: Tyler Laetsch, David McVey (Board Counsel), Lee Cordell, Jenna Heyen, Allison Gross (SDSU P4 Student), Beth Windschitl and Lan Van de Rostyne

Other parties in attendance

Vice President Nelson called the meeting to order at 9:02 am CDT. Voice roll call was taken, mission statement read, a quorum confirmed, and introductions completed. A call for public comment was made pursuant to SDCL 1-25-1 and there was no public comment. Motion to approved consent agenda (Hansen / Kraemer / motion carries).

Contested Case Hearing: SDCL 1-26 (David McVey)

1. Complaint 25-0004, Walgreens #10729, 100-1925, Sioux Falls
2. Complaint 25-0006, Walgreens #5243, 100-1803, Sioux Falls
3. Complaint 25-0007, Walgreens #10347, 100-1911, Mitchell
4. Complaint 25-0008, Walgreens #09806, 100-1898, Yankton

Notice of hearing on contested matters (1-4) was filed on March 20, 2026. Stipulation settlement has been reached in the matter. Pursuant to SDCL 1-25-2(3), motion was made to recess meeting and enter executive session for the purpose of discussing pending litigation (Hansen / Clarambeau / motion carries). Adjourn to executive session 9:10 a.m. Return to Public Meeting 9:59 a.m.

Discipline – David McVey, SD Attorney General Office

Refer to audio record for discipline specific information.

1. Complaint 25-0003, Walgreens #05643, 100-1813, Rapid City

Motion to reject and withdraw stipulation of settlement dated November 13, 2025 (Clarambeau / Kraemer / motion approved). New stipulation agreement was negotiated. Motion to approve new stipulation settlement signed by Walgreens on February 27, 2026 (Clarambeau / Hansen / motion carries).

2. Complaint 25-0004, Walgreens #10729, 100-1925, Sioux Falls

Stipulation settlement was negotiated. In stipulation settlement the parties agreed to the following conditions:

- Walgreens #10729 will be placed on probation for a term of two years beginning 30 days from date of agreement signed by the parties.
- Walgreens must conduct manual, perpetual inventory for all controlled substances during the probation period.
- Walgreens will obey and not violate any federal, state or local law, rule, statute or regulation.
- If Walgreens fails to comply with any terms of the stipulation, board may reopen complaint 25-0004 or initiate a new complaint.
- Walgreens may petition the board for early termination of the probation and perpetual inventory requirements.

Motion to approve stipulation settlement for Walgreens 100-1925 in accordance with the terms and conditions of stipulation agreement (Kraemer / Hansen / motion carries).

3. Complaint 25-0006, Walgreens #5243, 100-1803, Sioux Falls

Complaint was scheduled for contested case hearing on this date and at the time. Parties agreed to a stipulation of settlement and following conditions.

- Walgreens #5243 will be placed on probation for a term of two years beginning 30 days from date of agreement signed by the parties.

- Walgreens must conduct manual, perpetual inventory for all controlled substances during the probation period.
- Walgreens will obey and not violate any federal, state or local law, rule, statute or regulation.
- If Walgreens fails to comply with any terms of the stipulation, board may reopen complaint 25-0006 or initiate a new complaint without limitation.
- Walgreens may petition the board for early termination of the probation and perpetual inventory requirements.

Motion to approve stipulation settlement related to complaint 25-006 subject to the terms and conditions stated (Hansen / Kraemer / motion carries).

4. Complaint 25-0007, Walgreens #10347, 100-1911, Mitchell

Matter was scheduled for contested case hearing on this date and time. A stipulation settlement was entered into between the two parties to resolve the complaint. Pursuant to the stipulation, Walgreens must comply with the following conditions.

- Walgreens #10347 will be placed on probation for a term of two years beginning 30 days from date of agreement signed by the parties.
- Walgreens must conduct manual, perpetual inventory for all controlled substances during the probation period.
- Walgreens will obey and not violate any federal, state or local law, rule, statute or regulation.
- If Walgreens fails to comply with any terms of the stipulation, board may reopen complaint 25-0007 or initiate a new complaint without limitation.
- Walgreens may petition the board for early termination of the probation and perpetual inventory requirements.

Motion to approve stipulation settlement related to complaint 25-0007 subject to the terms and conditions stated (Clarambeau / Kraemer / motion carries).

5. Complaint 25-0008, Walgreens #09806, 100-1898, Yankton

Matter was scheduled for contested case hearing on this date and time. Parties entered into stipulation settlement where Walgreens must comply with the following conditions.

- Walgreens #09806 will be placed on probation for a term of two years beginning 30 days from date of agreement signed by the parties.
- Walgreens must conduct manual, perpetual inventory for all controlled substances during the probation period.
- Walgreens will obey and not violate any federal, state or local law, rule, statute or regulation.
- If Walgreens fails to comply with any terms of the stipulation, board may reopen complaint 25-0008 or initiate a new complaint without limitation.
- Walgreens may petition the board for early termination of the probation and perpetual inventory requirements.

Motion to approve stipulation settlement related to complaint 25-0008 subject to the terms and conditions stated (Hansen / Clarambeau / motion carries).

These are the complaints before the board. Board chair will be presented with these stipulations for signature. To clarify, the specific stipulation conditions cited on the record are those Walgreens must comply with upon signature by the board. Any other general terms and conditions of the stipulations must be complied with by Walgreens and are not limited to only noted stipulation items above.

Public Comment – No public comments

Staff Reports

Operations Report
Tyler Laetsch

- SB 14, addressing remote drop sites, PIC change requirements to make law and rule align, and final clean-up of licensing sections and terms, passed without opposition and is effective July 1, 2026
- SB 90, brought forth by Senator Nelson, passed and adds data indicator fields to PDMP; board has preemptively contacted DOH and the medical cannabis team to implement the terms of bill as soon as possible after the July 1 effective date
- Contract for new licensing software is signed with inLumon. Data conversion will occur over the next few months. inLumon will also design the board's new website.
- Full-time, part-time, and nonresident pharmacy licenses expire June 30, 2026. Renewal period begins May 1st.

- Board attorney Megan Borchard has left the State Attorney General's Office. Previous board attorney David McVey has been reassigned as board counsel.
- The SD Opioid Advisory Committee met in March to discuss grants that were selected to receive funds this year. The PDMP receives funds from the opioid settlement. DSS, the settlement administrator, cannot confirm how long funds will be available in the future. Committee meets again in May to discuss next steps.
- MPJE question writing concluded in March. Tyler, Melissa, Jenna, and Carol all participated in the process.
- The board's office rental lease was renewed for five additional years.
- The Department of Agriculture and Natural Resources (DANR) issued letters to ag stores. Stores interpreted the letter content as giving them authority to purchase/possess prescription medication products (injectable antibiotics). The board reached out to DANR who agreed to not send letters out in the future.
- State car issues. Working with State Fleet and Travel to review available options.
- Planning for next legislative session. Focus on updates and clean-up of wholesale laws.
- Board received multiple calls and emails from pharmacies throughout the state regarding fake scripts sent by e-prescribing software. Board sent a communication regarding issue to all listserv parties. One pharmacy filled the prescription, and it was picked up.

Inspector Reports

Lee Cordell - Quarter 1 completed 5 wholesale and 8 pharmacy inspections

Findings

- Board of Pharmacy was requested by the Board of Dentistry to conduct an inspection of a dental office. Inspector conducted two inspections, wrote a report and at trial served as a subject matter expert reporting what we found. The Board of Pharmacy did not have a role in the disciplinary decisions. Approximately 44 hours of inspector's time spent on topic.
- Equipment calibration must be completed and documented daily. During inspection one pressure gauge was identified as being 3% off. Updated standards and policy only allow 2% variance. Equipment was quarantined and gauge had to be replaced.
- Found expired combat meth certifications expired at several locations.
- Identified PDMP reporting issues. Information was being reported incorrectly; Working with main office and issues are being resolved.
- During inspection, inspector found an entire bottle missing of Alprazolam 0.5 mg and a DEA 106 was filed
- Several pharmacies are not DSCSA compliant. Still working on processes and procedures.
- Pharmacy getting rid of their robot placed medication into bottles with no identification (no labels, no bar codes, etc) and placed them on the shelf behind stock bottles. All bottles were quarantined.

Carol Smith - Quarter 1 completed 22 inspections

Findings

- Pharmacist working with local hospital Emergency Department to provide starter packs of buprenorphine over the weekend; patient(s) return on Monday for telemedicine visit with Project Recovery out of Rapid City.
- Discovered a nurse practitioner using the hospital for their private IV hydration business
- Pharmacy over technician ratio (1:4), should be (1:3)
- Pharmacy software not reporting influenza immunizations to SDIIS. Other immunizations were submitting successfully.
- Pharmacist board member Ashley Hansen accompanied inspector on retail site inspection. Found the experience valuable and encouraged other board members to participate. Hansen suggested it would be beneficial for the board to create a policy and procedure template for independent retail pharmacies use. Board attorney advised against board providing such a document.
- Hospitals using remote order entry but did not have lists of the pharmacists that were readily available or who would be overseeing orders for that facility.
- Incident where technician was making recommendations for over-the-counter products.
- Found a circumstance where a counting device was incorrectly counting.

Jenna Heyen – Quarter 1 completed 39 inspections

Findings

- Introduction of Allison Gross SDSU P4 student completing her final rotation at the board. After graduation, Allison will be a PGY1 at Sanford.
- Issues with takeback box participants/ those with collector status – missing signature logs, in ability to access other needed documents, and liner information not on DEA inventory.
- Random things missing from inventories – will call bin missed, missing liners, C2 and C3 - C5 medications intermixed, missing DEA numbers.
- Personal drinks in medication refrigerator.
- Antibiotic reconstituted and put back on the regular shelf; it needed to be refrigerated.
- Support person reconstituted an antibiotic for a patient in the drive through. Case of staff performing tasks outside of scope and it was never checked.
- Outdated medications and medications that had been opened and put on shelf for dispensing to patient.
- Pharmacies with controlled substance handling issues and discrepancies.

- DEA registration not posted.
- Identified machine counting errors (over counting).
- Provided a 222 log to share with sites.
- Identified a site with an unreported 106.
- Protect from light medications not correctly stored.
- Found keys stored in Pixis tower (accessible to anyone).

Complaints, Investigations, Disciplinary Actions, and Loss/Theft Reports – Jenna Heyen

5. Complaint 2026-0005 Pharmacy
6. Complaint 2026-0006 Pharmacy/Pharmacist-in-charge
7. DEA Form 106 – Hy-Vee (Marion)
8. DEA Form 106 – Lewis (Plankinton)
9. DEA Form 106 – Walgreens (Yankton)
10. DEA Form 106 – Walgreens (Sertoma)
11. DEA Form 106 – Walgreens (Louise)
12. DEA Form 106 – Bon Homme Pharmacy
13. DEA Form 106 – Walgreens (Mitchell)
14. DEA Form 106 – CSRS (Rapid City)
15. DEA Form 106 – Avera Behavioral Health Pharmacy
16. DEA Form 106 – Walgreens (Louise)
17. DEA Form 106 – Sanford (Chamberlain)
18. DEA Form 106 – Lynn's Dakotamart (Belle Fourche)

Other Reports

SD Pharmacists Association – Amanda Bacon

- Monitored 570 bills in the 2026 legislative session.
- All bills monitored by SDPhA's can be found on our bill tracker website
- Transitioning to the SDPhA's new membership model continues.
- Legislative Days in February was an awesome event.
- SDPhA's emphasizes that advocacy is a year-round effort, begins at the ballot box and engagement in primary elections is essential.
- SDPhA was a staunch supporter of SB14
- At the federal level, PBM reform remains a top priority, and we are grateful for the passage of the Federal PBM provision.
- Check our website for the dates of upcoming district meetings
- Membership drive work continues. The founding member initiative and member referral program are helping to increase engagement and move pharmacy practice forward.
- 140th SDPhA annual convention is September 10-12, 2026, in Brookings.
- Expect more information on the technician association in the future

SD Society of Health System Pharmacists – Ryan Waybright

- SDSHP 50th annual conference is April 17-18, 2026, in Sioux Falls.
- Officers will be installed during the conference. Aly Howard will move to past president and Ryan Waybright will move to president.

SDSU College of Pharmacy - Dan Hansen (no report)

SD Association of Pharmacy Technicians (no report)

Old Business

Refer to audio record for compliant specific information.

- All remote drop site pharmacies received a letter informing them operations do not have to cease in April as was previously communicated.
- Discussed and solicited input regarding:
 - IV hydration and medical spas regulation.

- Requiring all locations that store/administer prescription products (medical clinics, dental offices, veterinary offices and ambulance services) to be licensed by the board. Schools would be exempt.
- Requiring a pharmacist-in-charge of a South Dakota licensed nonresident pharmacy to obtain a South Dakota pharmacist license.
- Efforts to move Controlled Substance registration licensure from the DOH to the Board of Pharmacy. Meeting with the Governor's office has been requested.

New Business

Refer to audio record for compliant specific information.

ARSD 20:51 Rules package 2026 explanations and initial review

- Review of initial ideas for possible rule changes.
 - 20:51:05:15 Prescription requirements
 - 20:51:06: 02:01 Nonresident pharmacy PIC shall be licensed in SD
 - 20:51:14:05 Variance requests
 - 20:51:15:18 Storage of Patient Owned Medications
 - Technician roles with Pyxis and AMDD
 - Temporary licenses
 - Nonrefundable fees
 - Definition of supervision
- Public rules hearing timelines:
 - last date deadline May 20th for an effective date of July 1st, 2026
 - last date deadline May 24th for an effective date of August 1st, 2026

Policies for administrative duties in the office

- Reviewed and discussed possible updates

Licensing

- Split Rock Ag Services (Garretson, SD)
Motion made to deny license application (Clarambeau / Hansen / motion carries).
- Neighbors Pharmacy, LLC (Lafayette)
Motion made to deny license application (Kraemer / Clarambeau / motion carries).

Early MPJE Discussion

- NABP rolled out new MPJE early testing option for South Dakota State University P4 pharmacy students only
- New option allows P4 students to take MPJE exam anytime during their P4 year
- Rational – one less test to take at the end of P4 year
- North Dakota and Wisconsin piloted the early testing option last year.
- Board is in favor and would like to see if we can get a date of September or October for students to start to take the MPJE annually.
- Universal MPJE (UMPJE) rollout is June 1, 2026. Six states are early adopters; all questions are multiple choice with three possible answers per question. For a \$90 fee, pharmacists can take the pre-UMPJE for the experience.

Education

Compounding Cleaning

- Review of USP 797 for informational purposes, including sterility does and don'ts, cleaning tools and supplies, sterility cleaning training, supply storage in suite, environmental surface sealing and cleaning.

Controlled Substance Inventory

- Board has developed a controlled substance inventory cover sheet to serve as a template for pharmacies to use. Should document be shared with pharmacies.

Other Business

Motion to adjourn (Clarambeau / Kraemer). Meeting adjourned 12:42 p.m.

FORM 10

MINUTES OF PUBLIC HEARING South Dakota Board of Pharmacy

The South Dakota Board of Pharmacy convened at 2:02 p.m. CDT on June 18, 2026, at 4001 W. Valhalla Blvd., Ste. 202, Sioux Falls, SD 57106.

The purpose of the meeting was to conduct a public hearing on the proposed rules of the South Dakota Board of Pharmacy numbered §§ 20:51:02, 20:51:05, 20:51:06, 20:51:13, 20:51:14, 20:51:15, 20:51:17, 20:51:19, 20:51:20, 20:51:21, 20:51:22, 20:51:27, 20:51:28, 20:51:29, 20:51:30, and 20:51:34.

Hearing Officer: Tom Nelson, South Dakota Board of Pharmacy Vice President

Members of the Board in Attendance: Shane Clarambeau, Ashley Hansen (virtual), Cheri Kraemer, Tom Nelson, and Curt Rising (virtual)

Others in Attendance: Tyler Laetsch, Melissa DeNoon, Jenna Heyen, Lee Cordell, Carol Smith, Lan Van De Rostyne, Beth Windschitl, Holly Herrmann, Jeremy Daniel, Ryan Waybright, Nick Roby, Jennifer Bertsch, Michelle Aytay, Aly Howard, Jessica Strobl, Amanda Bacon, Chelsea Conway, Emily Van Klompenburg, Sarah Cronin, Traci Carlson, David McVey, Tyler Turek, and Eric Grocott.

Roll Call / Approval of Agenda

The Hearing Officer and Presiding Chair, Tom Nelson, called the meeting to order at 2:02 pm, explained the reason for the Rules Hearing, and reviewed meeting protocol. Voice roll call was taken, mission statement read, a quorum confirmed, and introductions completed. The only item on the agenda is the Rules Hearing

Motion to approve the agenda was ratified. (Kraemer/Clarambeau/Unanimous)

Motion to accept the draft packet as presented for review was ratified.

(Clarambeau/Kraemer/Unanimous)

Rules Hearing Presentation of Proposed Rules

Board Executive Director Tyler Laetsch explained the rules promulgation process, activities completed by the board, presented a synopsis of the amended draft rules as enumerated in the agenda (Article 20:51), and recommendations to IRRC from LCR. Written comments received by June 15, 2026, were read by PDMP Director Melissa DeNoon.

Summary of LRC Comments/Changes

1. A Notice of Public Hearing must include a reason for adopting proposed rules as required by SDCL 1-26-4.1(2).
2. 20:51:02:04 Could not identify any general authority or law implemented in SDCL chapter 36-11 that provides the basis for charging an intern fee.
3. 20:51:028:02.01 Edits to the section were reverted by the Rules Committee in May 2024 for revision, as statute does not authorize interns to administer immunizations. No revisions to date.
4. Submit a revised Form 5 that clarifies the fiscal impacts of permit waivers, medication remote drop sites, and non-refundable fees.

Written Testimony

- Ian Alverson
 - Madison Hospital, Pharmacist
 - Proponent or Opponent – Undeclared
 - Madison, South Dakota
 - Received May 28, 2026
 - 20:51:15:18 Storage of a patient's own medication. Proposed language: "the patient's health record must contain documentation, including medications that are being stored". Interpreted to mean each individual medication patient brings with them to the facility, including supplements, over-the-counter, and prescriptions, must be documented in the patient's health record. Process will be too cumbersome, - limit to recording individual prescription medications only or controlled substances, and the quantity
 - Suggestions, changes, clarification, and general support with modifications
 - Agency Discussed
 - Agency Action – Modified language to 20:51:15:18 to remove concern
- Austin Oyen
 - Lewis Drug & Lewis Family Drug, Pharmacist
 - Proponent with suggestions
 - Sioux Falls, South Dakota
 - Received May 29, 2026
 - 20:51:05:15.03 Authorized refilling of a prescription. Add clarity language regarding original prescription, partial fill, total quantity, authorized refill, and filling timelines
 - Suggestions, changes, clarification, and general support with modifications
 - Agency Discussed
 - Agency Action – No action warranted at this time, the wording matches federal and other state laws and rules.
- John Daniel
 - Avera Heart Hospital, Pharmacy Director
 - Proponent or Opponent – Undeclared
 - Sioux Falls, South Dakota
 - Received June 4, 2026
 - 20:51:05:15:02 Delivery of a prescription. Propose an agent of the prescriber be an approved signer
 - 20:51:15:12 Storage of drugs in areas other than the pharmacy. Suggests part of month record checks of stored meds be performed by licensed clinical staff in other departments not pharmacy staff.
 - 20:51:15:18 Storage of a patient's own medication. Suggests recordkeeping for storage of patients own medications be maintained by the pharmacy in a retrievable format for a specified period instead of in patient's health record.
 - 20:51:29:16 Training and utilization of pharmacy technicians. Request clarification of the parties and process
 - Agency Discussed
 - Agency Action – Section 20:51:15:18 was modified to address the comment
- Ryan Waybright, PharmD, BCCCP
 - Avera McKennan Hospital & University Health Center, AVP Pharmacy
 - Proponent with suggestions
 - Sioux Falls, South Dakota

- Received June 5, 2026
 - 20:51:14:05 through 20:51:14:07 Operational waiver. Additional clarification regarding metric measures, standards, rule equivalencies, evidentiary sources, audits, waiver suspension process, and annual review requirements.
 - Agency Action –20:51:14:07, the investigation of an issue was addressed to further clarify the process of reviewing a waiver.
- Emily Van Klompenburg, PharmD, BCACP
 - SDSU College of Pharmacy & Allied Health Profession, Assistant Professor
 - Proponent with suggestions
 - Brookings, South Dakota
 - Received June 9, 2026
 - Section 20:51:02 through 20:51:20 language continuity changes, clarification of information appearing on a prescription, and inspection frequencies.
 - Agency Action –20:51:05:15 had wording change from signature to name and 20:51:13:06(6) was changed from pharmacy staff to a pharmacist
- Amanda Bacon
 - South Dakota Pharmacists Association, Executive Director
 - Proponent with suggestions
 - Pierre, South Dakota
 - Received June 11, 2026
 - 20:51:05:15 clarify prescriber's federal registration number, suggested alternatives to 20:51:13:02(1) requiring staff rosters for remote drop sites, 20:51:15:12 recordkeeping methods for medications stored outside of the pharmacy, 20:51:17:01:02 expanding the exceptions for emergent use.
 - Agency Action – 20:51:05:15 was modified to add the words Drug Enforcement Administration, and 20:51:15:12 was modified to quarterly checks, along with a list of authorized staff roles with access to medications.
- Austin Block
 - Haisch Pharmacy, PharmD
 - Proponent or Opponent – Undeclared
 - Canton, South Dakota
 - Received June 15, 2026
 - 20:51:05:15 change full legal name to full name; 20:51:05:15.03 clarify documentation requirements for circumstances when pharmacist exercised professional judgement; change term amount to quantity for consistency.
 - Agency Action – 20:51:05:15 was changed to full legal first and last name, and 20:51:05:15.03 wording was changed to quantity from amount.
- Linda Young
 - South Dakota Board of Nursing, Executive Director
 - Proponent or Opponent – Undeclared
 - Sioux Falls, South Dakota
 - Received May 22, 2026
 - 20:51:15:13 line four, add phrase "licensed pursuant to SDCL chapter 36-9" designated by the hospital, nursing facility....
 - Agency Action – LRC review stated this wording is not necessary

Oral Testimony

- Traci Carlson
 - South Dakota Department of Corrections, Pharmacy Manager
 - Proponent with suggestions
 - Yankton, South Dakota
 - June 18, 2026
 - 20:51:14:05 Proponent of the proposed waiver section; 20:51:14:07 request additional information regarding waiver suspension process, delineate adverse issues, and consider suspension pause options.
 - Agency Action – 20:51:14:07, the investigation of an issue was addressed to further clarify the process of reviewing a waiver.
- Jessica Strobl
 - Lewis Drug, VP of Pharmacy Services
 - Proponent with suggestions
 - Sioux Falls, South Dakota
 - June 18, 2026
 - Old version 20:51:13:05.01(4) implementation of the designated person prescription pick process will be operationally difficult. Suggest a log be used to document pick instead of outside of the package.
 - Agency Action – 20:51:13:05.01(4) removed the designated person from the package wording.
- Jeremy Daniel
 - Avera McKennan Behavioral Health Clinical Pharmacist, South Dakota Pharmacist Association (SDPhA) representative
 - Proponent with suggestions
 - Sioux Falls, South Dakota
 - June 18, 2026
 - 20:51:13:08(3) Remote drop site Board approval. Request clarification of policies and procedures requirements.
 - 20:51:13:09(4) Remote drop site Requirements. Concur, J. Strobl comment
 - 20:51:13:10(1) Remote drop site – Recordkeeping. Providing a list of all staff at a site presents challenges due to turnover; proposed a list of the types of individuals who would have access (technician, registered nurse...) instead of a list of specific persons by name; easier to implement and maintain.
 - 20:51:14:05 Administrative rule waiver or modification request – prohibition-board approval – notification. Language reads as an “individual” waiver per pharmacy. Clarify is an individual waiver required for each site. Propose a waiver “system approach” for a chain of community pharmacies or a health system (all pharmacies under one waiver).
 - 20:51:14:06(2) Waiver application requirements. Clarify whether there is one waiver per location or a roster of locations under one waiver.
 - 20:51:15:18 Storage of a patient’s own medication. Support entity completing an inventory/list of patient’s own medications brought to a facility. Suggest limiting the inventory list to controlled substances only, and document all the patient’s items (supplements, over-the-counter, etc.) brought to the facility, as this presents a challenge.
 - 20:51:14:07 Granted waiver – Annual review – Adverse issue – Suspension and review. The section does not outline requirements to be submitted annually; what is to be provided for annual review. Clarification requested.
 - Agency Discussed

- Agency Action - 20:51:13:05.01(4) removed the designated person from the package wording. 20:51:15:18 was modified to address the comment.
- Aly Howard
 - Sanford USD Medical Center, Director of Pharmacy, Sioux Falls Region
 - Proponent or Opponent – Undeclared
 - Unknown
 - Cite not provided. Medication stored outside of the pharmacy. Appreciate the intent to address appropriate user access, proper storage, inventory, and accountability. Unsure how to implement; what a solution would be.
 - Agency Discussed
 - Agency Action – 20:51:15:12 was modified from monthly checks to quarterly and added the wording to exclude medications stored in an automated mechanical distribution device.

Discussion

20:51:02:04 Section removed per LRC comments. The plan is for future statute updates.

20:51:05:15 Controlled drug to be dispensed only by prescription. Change “full” legal name to just full name. The section had significant revision and updating. Rationale – maintain legal name for potential identification requirements, PDMP date integrity.... Board suggests change to legal name (first and last name, middle name not required)

20:51:05:15.02 Delivery of a prescription. Would a provider’s agent be a suitable individual to sign a handwritten or faxed prescription? Recommend no change to maintain consistency between controlled and non-controlled drugs.

20:51:05:15.03 Refilling of a prescription. The entire section was significantly revised for organization, ease of use, and understanding. Underlined information is not new but has been moved from another section.

- There was no change to language; it does not prohibit partial filling and aligns with the federal government's refill, fill, and partial fill language. Recommend no changes.
- Does not limit total quantity dispensing as long as allowable in the prescription or how quickly the prescription can be refilled.
- Twelve-month expiration date on a legend non-controlled drug. Refill historically in rule but moved to section 05:20. Recommend no change.
- Submitter solutions do not dictate any changes. Board comments do not dictate any changes to sections.
- Prescriber cannot be contacted for a refill. Several individuals commented on this section. It was a newer addition to the previously written 2024 rules. Not an addition to the rule and requires professional judgement. Recommend no change.

20:51:05:15(4) Prescriber’s signature required. Board recommends changing the signature to “name”.

20:51:05:15(5) Edit, already planned to include “Drug Enforcement Agency” number.

20:51:05:20 Legend drug to be dispensed by prescription only – refill restricted. Section repealed. Prescription filing and retention information now in 20:51:24:04 Maintenance of records.

20:51:06:02 Ownership or control by pharmacist required. For clarity, change language to read “on a form provided by the board”. Section repealed in draft.

20:51:13:05.02 Inspection visits quarterly / at least every 90 days. Inconsistent language, should they be the same? The board intends to keep starter packs at 90 days and remote drop sites at quarterly intervals. Remote drop site to maintain a list of employees who have been trained and

have access to prescription packages. Suggest list be based on staff roles/position not specific named individuals. At these locations, access to the remote drop site medications is not expected to be "role" related due to the variety of locations and staffing patterns at the site. Recommend no change.

20:51:13:05.03(4) Style and form correction. Add period to the end of the sentence.

20:51:13:06(6) Off-site medication control in a hospital or medical clinic. Who should check starter packs at a location? Continuity of language should be "pharmacy staff or pharmacist". Recommend further discussion on whose role this is and seek recommendations from the board as it relates to pharmacist technician oversight outside of the pharmacy. Should the pharmacist be the individual to perform task(s)?

20:51:13:09(4) Delete language "If a designated person is to pick up the prescription, the person's name is also listed on the outside packaging".

20:51:14:05 Administrative rule waiver or modification. Requests for further detail/clarification for the operational waiver and scenario process. It is not feasible to provide greater detail in the rule, given the unique variability of each waiver request. Recommend no changes.

20:51:14:06 Waiver application – Requirements. Clarify which term to use: "A licensee or pharmacist-in-charge". Both terms required as a pharmacy might not be the only entity/facility applying for a waiver. The pharmacist-in-charge must complete a waiver for a pharmacy; a licensee may apply for a waiver for an entity. Recommend no change.

20:51:14:07 Granted waiver – Annual review – Adverse issue – Suspension.

- What constitutes an adverse issue? Open to alternate ways to state "adverse issue". The board intentionally chose a broad term to allow for a variety of scenarios. The board recommends language changes as updated in the revised draft.

Annual review. Will be dictated in each waiver. Recommend no change to allow for broader interpretation.

20:51:15:12 Storage of drugs in areas other than the pharmacy. Recommend maintaining the expectation that these are checked by pharmacy employees. Addresses the continual finding of expired products upon inspection when the pharmacy is not involved in the maintenance and storage of drugs. Recommend that we examine products stored in AMDD versus outside AMDD. Change wording to be "a list of authorized staff roles..." in place of each employee name.

20:51:15:18 Storage of a patient's own medication. Addressed, rewritten by LRC.

20:51:17:01.02 Pharmacist shall review first-dose prescription drug order – Exception. SDPhA recommends 1. expanding the exception to include circumstances where immediate administration is necessary, delay may adversely affect patient care, and a licensed prescriber is present and directing patient care, and 2. Expanding the drugs that can be removed by someone other than a pharmacist. Board recommends no change, at this time, to meet the challenging needs of both urban and rural environments. Future discussion.

20:51:28:01.02 Section removed per LRC comments.

20:51:29:16 Comment is the result of a misread of terms "a licensed pharmacy employing".

Summary of Changes to Proposed Rules Because of the Public Hearing or Comment

- LRC style and form changes throughout the entire rules packet.
- 20:51:02:04 and 20:51:28:02.01 have been removed from the packet due to LRC concerns with statutory authority.
- 20:51:05:15(4) changed the word signature to name and 20:51:05:15(5) added the words Drug Enforcement Administration.
- 20:51:05:15.03 changed the word amount to quantity under Schedule II or IV controlled drug.
- 20:51:13:08(4) added a missing period at the end.
- 20:51:13:09(4) removed the last sentence If a designated person is to pick up the prescription, the person's name is also listed on the outside package.
20:51:13:09(9) changed the wording from pharmacy staff to a pharmacist.
- 20:51:14:07 added wording to be like 20:51:13:11 for the board to investigate any reported issue and, if warranted, suspend the waiver until review by the full board.
- 20:51:15:12 added outside of an automated mechanical distribution device.
20:51:15:12(3) changed from monthly to quarterly. 20:51:15:12(4) changed from the names of facility employees to a list of authorized staff roles.
- Reason for Changes – After discussion and public and written comments, it was reviewed and amicably agreed upon the modification/clarification of the above rule chapters.

Motion to approve rules packet as amended was ratified (Clarambeau/Hansen/Unanimous)

Adjournment: (Kraemer/Nelson) 5:10 p.m.

Respectfully submitted,

Tyler J. Laetsch
Executive Director
South Dakota Board of Pharmacy

Dear Dr. Laetsch and Members of the Board,

On behalf of Neighbors Pharmacy, I respectfully submit this letter requesting an appeal and reconsideration of the decision denying our application.

Since receiving notice of the denial, we have worked with the Board office to address and remedy the previously identified deficiency item associated with the application. We appreciate the guidance provided and have made every effort to ensure all requested information has now been completed and submitted.

We respectfully ask that the Board reconsider the prior denial and allow the application to proceed based on the corrected and completed materials now before the Board.

We value the opportunity to become licensed in South Dakota and to serve patients in compliance with all applicable laws and regulations. We appreciate the Board's time, consideration, and assistance in this matter.

We will be present for the July 10 Board meeting and are happy to answer any questions the Board may have in the meantime.

Sincerely,

Chad Bodin

Innovative Healthcare Solutions & Expertise

Gates Healthcare: What We Do

- Gates Healthcare Associates, Inc. (GHA) is a nationally recognized consulting and inspection firm specializing in pharmacy operations and compliance since 1994.
- Gates Healthcare Inspection Reports are accepted and trusted by numerous state Boards of Pharmacy and are guaranteed to thoroughly assess a pharmacy's or outsourcing facility's adherence with regulatory compliance standards.
- Our client base spans across 48 states and Canada and includes 503A pharmacies, 503B outsourcing facilities, veterinary pharmacies, home infusion pharmacies, long-term care pharmacies, health system pharmacies, and more.

Inspection Tools & Deliverables

- GHA has developed proprietary inspection tools based on USP Standards Chapters <797>, <795>, <800>, <825>, FDA guidance, DEA regulations, cGMP requirements, and state-specific regulations .
- GHA Inspection Reports and corrective action planning ensure a high-level of compliance with applicable standards and are performed in a constructive, collaborative manner with the client.

The Rise of Compounding

Pharmacies	Revenue from Compounding
3,500	≥ 50%
1,000	15 - 50%
7,000	< 15%
11,500	Total

Source: Alliance for Pharmacy Compounding (APC)

- Thousands of pharmacies across the nation are currently involved in compounding.
- There is a growing interest in starting new compounding pharmacies.
- Levels of experience and expertise vary widely.
- Many state Boards of Pharmacy lack the resources and personnel to properly inspect and monitor compounding pharmacies.

The Need for A Choice

- In recent years, sterile compounding has expanded far beyond health systems. More pharmacies than ever have entered the sterile compounding space and the need for licensing inspections has grown exponentially.
- Increased scrutiny by Boards of Pharmacy, the FDA, and consumers is leading the industry's drive to ensure compounded products are being prepared by pharmacies and outsourcing facilities following the highest of quality standards.
- Pharmacies and outsourcing facilities deserve to have a choice of which company they want to conduct their inspections. These types of decisions include pricing considerations, scheduling capabilities, subject matter expertise, and the overall client experience.

Why consider Gates Healthcare?

- Gates Healthcare Associates and its team has a strong, long-standing reputation as subject matter experts within the compounding industry.
- Strive to maintain a client-centric and educational approach.
- Big pharmacies, small pharmacies, compliant, partially compliant, noncompliant—it doesn't matter.

We work with all types of pharmacies to raise the bar and ensure compliant and safe compounding practices are being followed throughout the country and across the industry.

Why Clients Choose Us

- Fast turn-around times from initial request for an inspection to the on-site inspection.
- Expedited inspections can be scheduled within expected timeline
- Knowledgeable and experienced inspection team.
- Optional corrective action planning with compliance support.

Pharmacy Monitoring Services

- GHA is also approved by numerous Boards of Pharmacy to provide monitoring services for pharmacies under a consent agreement.
 - Our team conducts an initial assessment of the pharmacy based on BOP findings and works with the BOP and licensee to develop an agreed upon corrective action plan and timeline for compliance.
 - Monitoring services can be conducted monthly or quarterly or as per the terms and conditions of the consent agreement.
 - GHA reports are sent directly to the BOP for review.

Request for Consideration

- We respectfully request that you join the growing list of state Boards of Pharmacy and approve GHA as a provider of license inspections and monitoring services.

- Current states that accept GHA Inspection Reports:

Massachusetts	Connecticut	Mississippi	New Jersey	West Virginia	Virginia
Kentucky	New Hampshire	Iowa	Florida	Vermont	Rhode Island
Washington	Michigan	*Other states pending	Indiana	New Mexico	Wisconsin

- Thank you for your time and consideration of our proposal.
- We welcome the opportunity to provide any additional documentation, references, or presentations to support this request.

Questions?

Thank You!

Re: Albertsons LLC dba Albertsons Specialty Care Pharmacy

Albertsons Companies Inc. operates over 1700 pharmacies across 34 states and the District of Columbia. In the state of South Dakota, we have 3 under the Safeway banner. We appreciate the opportunity to file an application for a non-resident pharmacy license in South Dakota. The purpose of this letter is to outline the business model for this pharmacy.

Name: Albertsons Specialty Care Pharmacy
Address: 250 E. Parkcenter Blvd. Boise, ID 83706
Phone: 877-466-8028 (Toll Free)
Idaho License: 2081104
PIC: Kristina Jonas

Scope of Operation:

Our central processing pharmacy operation is based in Boise, ID. This pharmacy focuses on supporting pharmacies from a data processing standpoint and does not provide any inventory fulfillment support. The staff based in this facility leverage technology within our dispensing system to perform data entry or data verification of prescriptions that have been received by a company owned South Dakota based pharmacy. This technology will allow our staff to perform tasks based on the most urgent next task according to the promised pick-up time for the patient. Our program excludes all controlled substance prescriptions and REMs products.

The support our local pharmacies will receive helps the pharmacy staff to focus on the patients who are in the pharmacy and provide more complete and effective patient care services. We have successfully implemented this program in many states and look forward to seeing these benefits reach the pharmacy in South Dakota.

Due to the nature of the operation of this pharmacy as a non-dispensing facility the following items listed on the application will not be included:

1. DEA License
2. State Controlled Substance License

Thank you for the consideration of this application and if there is any additional information or clarification needed, please don't hesitate to contact me at Dawn.Burrow2@Albertsons.com

Sincerely,

Dawn Burrow
Licensing Specialist
