COVID's Impact on Telehealth Services

Data from FY19 - FY21

Mental Health and Substance Use Disorder Telehealth Services

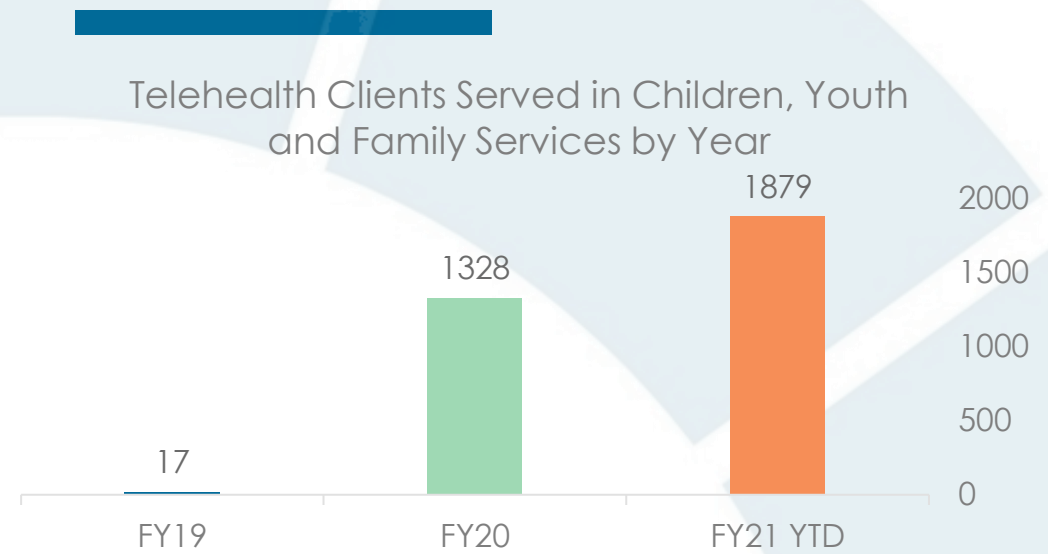

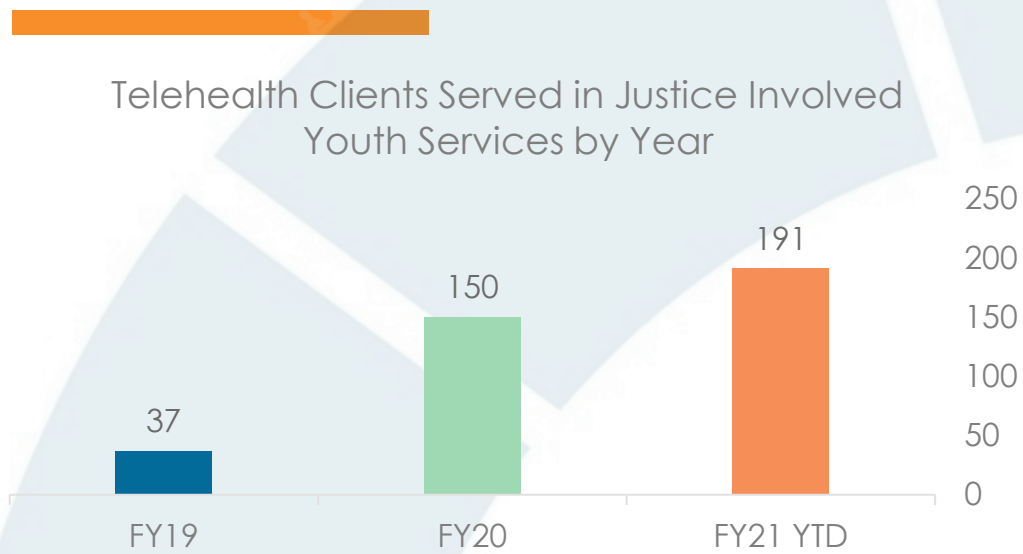

The Division of Behavioral Health supports and encourages the use of telehealth services for mental health and substance use disorders to ensure access to treatment.

- Telehealth services in the publicly funded system have been available for 10 years,
- Any allowable face-to-face service is now eligible for telemedicine services.
- FFT services are now also available via telehealth as well as MRT, ART, and SUD services.

Justice Involved Youth Telehealth Services

Telehealth Clients Served

Thank You
