Jobs Requiring Credentials

JOBS REQUIRING CREDENTIALS

Emsi (2021) estimated a job growth of 12,160 more jobs requiring a degree. Commissioned study by Board of Regents on degree and workforce analysis.

49.2% South Dakota adults have some type of post-secondary credential.

POSTSECONDARY ATTAINMENT IN RURAL COUNTIES

62 of South Dakota’s 66 counties have attainment rates below the state’s 49.2% rate.

Credential holders in South Dakota tend to be clustered around population centers in counties such as Brookings, Clay, Lincoln, and Minnehaha counties.

33 of South Dakota’s 66 counties have attainment rates below the state’s 40% rate.

Counties with the state’s lowest attainment rates are most rural and economically disadvantaged.

ATTAINMENT RATES IN NEIGHBORING STATES

9,790 students graduate from South Dakota public and private high schools each year.

Of that number, approximately 6,833 (69.8%) graduates are historically likely to enroll, while 2,957 (30.2%) are unlikely to enroll.
