OFFENCE(S):

**22-25-13. Keeping slot machines--Free play machines excepted--Misdemeanor--
Manufacture not prohibited.**

No person may have in his possession, custody, or under his control or permit to be kept in any place under his possession or control, any slot machine or device. A slot machine or device is any machine upon the action of which anything of value is staked and which is operated by placing therein or thereon any coins, checks, slugs, balls, chips, tokens, or other articles, or in any other manner as a result of such operation anything of value is won or lost by the operation of such machine, when the result of such operation is dependent upon chance. This section does not extend to coin-operated nonpayout pin tables and arcade amusements, with free play features. A violation of this section is a Class 1 misdemeanor.

This section does not prohibit the manufacture, or any act appurtenant to the manufacture, of slot machines or devices in this state for distribution and sale.

NARRATIVE:

On January 7th, 2025, I observed a Facebook Marketplace post for a slot machine labeled, "China slot machine". The Facebook page listing the post was a Wayne Gehring, WWW.Facebook.com/wayne.Gehring. The post stated it was located near Deadwood, SD. Using a fictitious Facebook account, I contacted Wayne stating I was interested in the slot machine. He replied a short while later and said it was sold and no longer available. I requested I would pay more if he would keep it for me, but he offered another slot machine for sale.

He sent me a video of a "Emerald Rose" with a functioning slot machine. Some of the buttons were sticking and he said they needed work. He sent me a picture of the slot machine plate which provided the serial number and information for the slot machine. The manufacture date is May of 2003 with a serial number of 1261966. It is an IGT model # 96438300.

We set up that I would come to his home at Deadwood, SD 57732 on January 8th, 2026 and 1400 hours. I performed a Facebook preservation request on his Facebook account on January 8th, 2026 at approximately 1158 hours (Case #21319988).

I contacted Lawrence County Dispatch and found that Wayne was listed in their records. They ran his South Dakota drivers license and reviewing the picture, it matches the Facebook picture of the account. I took Wayne's information and reviewed it in our gaming system and found he has never been a Licensed Gaming Employee in the State of South Dakota.

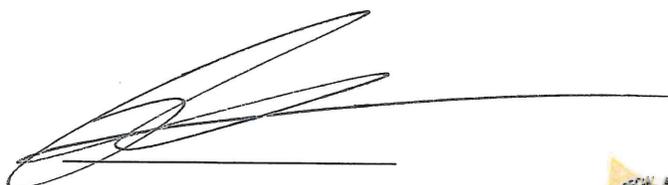

On January 8th, 2026, at approximately 1400 hours, Special Agent Randall and myself drove to Wayne's address. We wore plain clothes with our identification concealed. Our vehicle was not identified except for the South Dakota State Licenses plates showing it was a government vehicle with except tags.

Wayne welcomed us into his home and showed us to his garage where he had the slot machine which he had showed me on Facebook. He walked through it on how it works and advised everything worked the way it should. At this time, we identified ourselves as Special Agents with the South Dakota Commission on Gaming. I advised we would be seizing the slot machine, but would not be charging Wayne for the possession. I filled out a receipt of the seizure and provided the caselaw on the crime. I

also notified Wayne he would be getting a hearing notice in the mail which he would need to sign for.

SA Randall and I loaded the slot machine into our vehicle. I later placed the slot machine into our evidence room located at our office in Spearfish, SD. I took pictures of the slot machine and attached them to this case.

End of report.

**2026 Verendrye Benevolent Association (VBA) – Fort Pierre Horse Racing
Funding Request and Source Amounts**

SDCG – Special Race Revolving Fund: The VBA formally requests that \$22,000.00 in funding be approved for release from the Special Race Revolving Fund which is to be utilized as purse structure for “Open” races at 2026 VBA – Fort Pierre Horse Racing. A list of proposed races seeking approval from the Commission is also attached. Any and all funding not utilized for any reason will be sent back to the Commission for deposit in the Special Race Revolving Fund. .

SDCG – SD Bred Fund: The VBA formally requests that \$18, 500.00 in funding be approved for release from the SD Bred Fund which is to be utilized as purse structure for specific SD Bred races involving certified SD Bred horses. This includes the SD Bred QH Futurity – (\$12,500.00) and the SD Bred QH Derby-(\$6,000.00). In the event that the SD Bred QH Derby doesn’t occur we ask that these unused funds be approved to be used as a portion of the allowed 25% utilized allocation from the SD Bred Fund, which are allowed to be used as purse structure for “Open” races. This amount would not exceed \$3,000.00. Any and all funding not utilized for any reason will be sent back to the Commission for deposit in the SD Bred Fund.

The VBA is committed to providing funding as proposed in the amount of \$22,000.00 which will work cooperatively with above requested funds to provide purse structure for approximately seven or eight live races in 2026.
