Once you have made the necessary purchases and can provide documentation that Metro Communications has paid the amount in full for any of these projects, you can submit a request for reimbursement to the State 9-1-1 Coordinator.

As part of the Board's approval, your PSAP is required to submit quarterly progress reports for projects that may have multiple phases or span from one quarter to the next. Reports are due on the 15th of the month following the end of the quarter - April 15th, July 15th, October 15th and January 15th. For those projects that are one-time purchases, the final progress report should be submitted with the reimbursement documentation.

Thank you for your application for funding to provide improvements to the Metro Communications 9-1-1 dispatch center and PSAP operation.

Sincerely,

A handwritten signature in black ink that reads 'Maria King'.
