# STATE FISCAL YEAR 2025 EXECUTIVE SUMMARY

#### PROGRAM OVERVIEW

The Clean Water State Revolving Fund (SRF) program was created by the 1987 amendments to the federal Clean Water Act to provide low interest loans to communities and other political subdivisions for wastewater, storm sewer and nonpoint source projects (solid waste facilities/water quality). South Dakota's first Clean Water SRF loan was made in November 1989.

The Drinking Water State Revolving Fund (SRF) program was federally authorized by the Safe Drinking Water Act Amendments of 1996 to provide low interest loans to public water systems for drinking water projects. Political subdivisions (cities and special purpose districts) and nonprofit corporations (rural water systems) are eligible to apply for South Dakota Drinking Water SRF loans. The first Drinking Water SRF loan was awarded in January 1998.

Funds are provided for the programs by means of capitalization grants awarded annually through the United States Environmental Protection Agency. For every \$5 the federal government provides to each program through annual capitalization grants, the state must match it with \$1. Through SFY 2025, the federal capitalization grants total more than \$630 million.

The South Dakota Board of Water and Natural Resources was authorized by SDCL § 46A-1-60.1 through § 46A-1-60.3 to administer a water pollution control revolving fund program and drinking water revolving fund program and to promulgate rules pursuant to chapter 1-26 to implement the provisions of this section consistent with the requirements of federal law. The board serves as the board for the South Dakota Conservancy District.

The two key federal program requirements are that loan rates are set below market rate and that all loan payments and program income revolve in the programs to provide low-interest financing for water and wastewater infrastructure in perpetuity.

As of June 30, 2025, the Conservancy District has made 1,239 State Revolving Fund awards totaling nearly \$3.6 billion.

#### **BONDING AUTHORITY OVERVIEW**

The authority for the South Dakota Conservancy District to issue bonds is established in SDCL § 46A-1-31.

Since the programs' inceptions, the state match requirement amounts to more than \$107.7 million. The South Dakota Conservancy District has issued revenue bonds to provide a large portion of the state match, as well as reserves required for earlier issues. An initial state appropriation was made for each program. Administrative surcharge fees paid by borrowers were used to match the 2002 and 2003 Clean Water SRF capitalization grants, a portion of the 2010 Drinking Water SRF capitalization grant, the entire 2011 – 2013 Drinking Water SRF capitalization grants, and portions of the 2024 and 2025 capitalization grants for both programs.

The Conservancy District has the ability to issue revenue bonds and notes above the amount required for state match to leverage additional funds for the programs. Leveraged bonds for the Clean Water SRF program were issued in 1995, 2005, 2008, 2012, 2014, 2017, 2018, 2020,

2022, 2024, and 2025, and in 2004, 2005, 2008, 2014, 2017, 2018, 2022, 2024, and 2025 for the Drinking Water SRF program. The total par amount of the leveraged bonds is \$1.06 billion. In August 2009, the Conservancy District issued \$55 million in leveraged bond anticipation notes.

#### **BOND HISTORY**

The South Dakota Conservancy District has issued 27 bond or note series since 1989. The Conservancy District issues bonds for state match as needed. Additionally, bonds have been issued to refund prior issues and to provide leveraged funds. Table 1 itemizes the uses of the various series of bonds and notes. Summaries of previous bond and note issues are provided beginning on page 81. Table 2 shows the principal balances for the outstanding bond issues.

Table 1
State Revolving Fund Program Bond and Note Issues

			Clean Water SR	 F		Drinking Water SR	F
Series	Par Amount	Match	Refund	Leveraged	Match	Refund	Leveraged
1989	\$5,875,000	\$5,875,000					
1992	\$4,180,000	\$4,180,000					
1994	\$10,220,000	\$631,195	\$9,299,195

2025A	\$79,835,000.00	\$117,370,000.00	\$197,205,000.00
Totals	\$450,658,984.64	\$304,241,015.36	\$754,900,000.00

#### TAX INCREASE PREVENTION AND RECONCILIATION ACT (TIPRA)

Passage of the federal Tax Increase Prevention and Reconciliation Act (TIPRA) of 2005 placed additional requirements on tax-exempt pooled financing bonds. Of particular concern to the South Dakota SRF programs was the Strengthened Reasonable Expectation Requirement. This mandated that 30 percent of net bond or note proceeds must be spent within one year and 95 percent of net proceeds must be spent within three years of the date of issue. If these objectives are not met, bonds or notes must be redeemed in an amount necessary to meet the spend-down requirement. To avoid extraordinary call provisions on fixed rate bonds, the South Dakota Conservancy District opted to issue variable rate bonds in 2008 and bond anticipation notes (BANs) in 2009. Based on the pace of disbursements on those issues, the district chose to issue fixed-rate bonds in 2012, 2014, 2017, 2018, 2022, 2024, and 2025. The spend down requirements are not applicable to the 2020 issue since it was not a pooled financing bond or the 2022A bonds since it was a taxable issuance.

#### ADDITIONAL SUBSIDY

The American Recovery and Reinvestment Act (ARRA) of 2009 required a portion of the ARRA funds to be awarded as "additional subsidy" to borrowers. This could be in the form of grants, negative interest rate loans, or principal forgiveness on loans. It was decided that the South Dakota SRF programs would provide additional subsidy in the form of principal forgiveness on loans.

Subsequent capitalization grants also required that a portion of the grants be awarded as additional subsidy. Since 2009, borrowers from the Clean Water SRF program have received \$68,043,101 in principal forgiveness and Drinking Water SRF borrowers have received

\$149,304,315 in principal forgiveness. The Clean Water and Drinking Water projects awarded principal forgiveness can be found in Tables 9 and 12 on pages 55 and 76, respectively.

#### INFRASTRUCTURE INVESTMENT AND JOBS ACT

The Infrastructure Investment and Jobs Act (IIJA), also referred to as the Bipartisan Infrastructure Law (BIL), was signed into law on November 15, 2021. The IIJA invests more than \$50 billion over the next five years in EPA water infrastructure programs including the State Revolving Funds. IIJA funding was appropriated for federal fiscal years 2022-2026.

The IIJA funding will be issued through the Clean Water SRF in two categories: 1) CWSRF IIJA General Supplemental Funding and 2) CWSRF IIJA Emerging Contaminants (EC) Funding. Table 3 describes the 2024 CWSRF IIJA funding categories and amounts.

Table 3
2024 CWSRF IIJA Funds

	Total	Subsidy	Subsidy	State	State Match
	Appropriation	Percentage	Amount	Match	Required
				Percentage	
General Supplemental	\$11,164,000	49% <sup>a</sup>	\$5,470,360	20%	\$2,232,800
Emerging Contaminants	\$1,043,000 b	100%	\$1,043,000	0%	\$0

a The 49% additional subsidy must be provided to loan recipients meeting the affordability criteria definition.

The IIJA funding will be issued through the Drinking Water SRF in three categories: 1) DWSRF IIJA General Supplemental Funding, 2) DWSRF IIJA Emerging Contaminants Funding, and 3) DWSRF IIJA Lead Service Line Funding. Table 4 describes the 2024 DWSRF IIJA funding categories and amounts.

Table 4
2024 DWSRF IIJA Funds

	Total	Subsidy	Subsidy	State	State Match
	Appropriation	Percentage	Amount	Match	Required
				Percentage	
General Supplemental	\$22,985,000	49% <sup>a</sup>	\$11,262,650	20%	\$4,597,000
Lead Service Lines	\$28,650,000 <sup>b</sup>	49% <sup>a</sup>	\$14,038,500	0%	\$0
Emerging Contaminants	\$7,640,000	100%°	\$7,640,000	0%	\$0

<sup>&</sup>lt;sup>a</sup> The 49% additional subsidy must be provided to loan recipients meeting the disadvantaged community definition.

<sup>&</sup>lt;sup>b</sup> As of June 30, 2025, the 2024 CWSRF IIJA EC funding have not been applied for due to lack of eligible projects.

<sup>&</sup>lt;sup>b</sup> The 2024 DWSRF Lead Service Line funds were declined as there were not sufficient eligible projects to allocate funding towards within the timeframe allowed by EPA.

<sup>&</sup>lt;sup>c</sup> At least 25% of these funds must be provided to loan recipients meeting the disadvantaged community definition or to public water systems serving fewer than 25,000 persons.

#### SRF PROGRAM INTEREST RATES

Interest rates are reviewed periodically to ensure that they are below market rate and are competitive with other funding sources such as the federal Rural Development program. The SFY 2025 interest rates for each program are summarized in the respective sections below.

#### **Clean Water SRF Program**

The term of each loan is at the discretion of the borrower provided that the proposed repayment source produces the required debt service coverage and does not exceed the useful life of the facilities being financed. In November 2023, the board set rates at 3.25 percent for loans with a term of 10 years or less, 3.50 percent for loans with a term greater than 10 years up to 20 years, and 3.75 percent for loans with a term up to 30 years. Borrowers subject to the Build America, Buy America (BABA) provisions my receive a Clean Water SRF incentive rate. In November 2023, the board set the BABA incentive rates at 3.00 percent for loans with a term of 10 years or less, 3.25 percent for loans with a term greater than 10 years up to 20 years, and 3.50 percent for loans with a term up to 30 years.

In addition to the base rates, the board has established a Clean Water SRF incentive rate for nonpoint source (NPS) projects. In November 2023, the board set the nonpoint source incentive rates at 2.50 percent for loans with a term of 10 years or less, 2.75 percent for loans with a term greater than 10 years up to 20 years, and 3.00 percent for loans with a term up to 30 years.

#### **Drinking Water SRF Program**

The term of each loan is at the discretion of the borrower provided that the proposed repayment source produces the required debt service coverage and does not exceed the useful life of the facilities being financed. In November 2023, the board set rates for public entities at 3.25 percent for loans with a term of 10 years or less, 3.50 percent for loans with a term greater than 10 years up to 20 years, and 3.75 percent for loans with a term up to 30 years. In June 2024, the board set rates for nonprofit corporation borrowers at 4.25 percent for loans with a term of 10 years or less, 4.50 percent for loans with a term greater than 10 years up to 20 years, and 4.75 percent for loans with a term up to 30 years. Additionally, all borrowers are eligible for an interim financing rate of 2.50 percent for a term not to exceed 5 years and a 0.00 percent interest rate for IIJA lead service line replacement loans.

Public entities that meet the disadvantaged community criteria may receive a Drinking Water SRF loan at an interest rate below that for other recipients. In November 2023, the board set disadvantaged communities' rates at 3.25 percent for 30-year loans for communities with a median household income (MHI) between 80 percent and 100 percent of the statewide MHI. Communities with an MHI between 60 percent and 80 percent of the statewide MHI are eligible for an interest rate of 3.00 percent for loans with a term up to 30 years or 2.25 percent for loans with a term up to 10 years. Communities with an MHI less than 60 percent of the statewide MHI are eligible for an interest rate of 2.75 percent for loans with a term up to 30 years or 2.00 percent for loans with a term up to 10 years.

Borrowers that are subject to the Build America, Buy America (BABA) may receive a Drinking Water SRF loan at an incentive interest rate. In November 2023, the board set BABA incentive rates for public entities at 3.00 percent for loans with a term of 10 years or less, 3.25 percent for loans with a term greater than 10 years up to 20 years, and 3.50 percent for loans with a term up to 30 years. In June 2024, the board set BABA incentive rates for nonprofit corporation borrowers at 4.00 percent for loans with a term of 10 years or less, 4.25 percent for loans with a term greater than 10 years up to 20 years, and 4.50 percent for a term up to 30 years.

In May 2023, the disadvantaged community criteria definition was updated in ARSD 74:05:11:01(8). Residential water bills for municipalities and sanitary districts must be at least \$45 for 5,000 gallons usage or \$30 for 5,000 gallons usage for projects that will receive loan proceeds from the Drinking Water SRF Emerging Contaminates funding or Drinking Water SRF Lead Service Line Replacement funding. Residential water bills for other community water systems must be at least \$70 for 7,000 gallons usage or \$55 for 7,000 gallons usages for projects that will receive loan proceeds from the Drinking Water SRF Emerging Contaminates funding or Drinking Water SRF Lead Service Line Replacement funding.

#### SRF FINANACIAL TEAM

#### **Trustee**

The First National Bank in Sioux Falls was selected as trustee at the onset of the Clean Water SRF program in 1989. On September 2, 2016, the First National Bank in Sioux Falls provided the department with written notice of its intent to terminate its consultant contract as trustee. The Board of Water and Natural Resources authorized the distribution of a Request for Proposals for Trustee, Loan Servicer, and Paying Agent/Registrar on September 23, 2016. U.S. Bank NA was named Successor Trustee effective April 24, 2017.

#### **Bond Counsel**

Kutak Rock served as bond counsel for the Series 1989 and series 1992 bond issues. Altheimer & Gray served as bond counsel for the Series 1994A, 1995A, 1996A, 1998A and Series 2001 State Revolving Fund Program Bonds. In July 2003, Altheimer & Gray law firm dissolved, and Perkins Coie LLP was retained to serve as bond counsel. Perkins Coie has served as bond counsel for all subsequent transactions.

#### Underwriter

The Conservancy District has retained several underwriting firms to provide investment banking service since 1989. The underwriters for each bond issue are identified in the Bond Issue Summaries section of the report.

#### Financial Advisor

In September 2003, PFM Financial Advisors, LLC (formerly Public Financial Management, Inc.) was retained to provide financial services related to the SRF programs. PFM prepares program cash flow models that assist in the rating and sale of the District's bonds, assesses

the financial impacts of transfers between the Clean Water and Drinking Water programs, maintenance of SRF funds in perpetuity, and short- and long-term effects of refunding some or all of the District's outstanding debt. PFM Financial Advisors prepares a capacity model designed to evaluate the impacts to current and future lending capacity considering factors including loan terms, loan rates, leveraging the programs and various methods by which required state matching funds may be provided. PFM Financial Advisors also provides guidance regarding TIPRA compliance and maintaining the SRF fund in perpetuity.

#### **Investment Manager**

The Board of Water and Natural Resources authorized distribution of a Request for Proposals for an Investment Manager for the SRF programs in January 2013. On March 11, 2013, the board selected PFM Asset Management as the investment manager, which directed the investment of certain SRF program funds. The contract with PFM Asset Management expired March 31, 2019, and the board chose to discontinue utilizing PFM Asset Management's services. A new investment manager is not expected to be retained in the near future, and necessary investments will be directed by staff.

#### **OVERSIGHT**

Region VIII of the Environmental Protection Agency oversees the State Revolving Fund Loan Programs. EPA assists the state in securing capitalization grants and guides the Conservancy District in its administration of the program.

The Department of Legislative Audit conducts annual financial audits of the Clean Water and Drinking Water SRF programs, and EPA conducts a program audit. No deficiencies were noted by the EPA program audit and SFY2024 audit by the Department of Legislative Audit.

#### FISCAL YEAR 2025 PROGRAM ACTIVITY

#### **Clean Water State Revolving Fund**

The Clean Water SRF program received the 2024 federal capitalization grant of \$4,008,000 in August 2024. The capitalization grant was matched by \$801,600 of state match bond proceeds. The Clean Water SRF program also received the 2024 IIJA General Supplemental capitalization grant of \$11,164,000. The IIJA capitalization grant was matched by a \$2,232,800 state match. The Clean Water SRF program also received the 2023 IIJA Emerging Contaminants (EC) capitalization grant of \$1,043,000 in August 2024. As of June 30, 2025, the 2023 CWSRF IIJA EC capitalization grant was pending transfer to the Drinking Water SRF IIJA EC program, due to the lack of eligible CWSRF projects. Capitalization grants and state match are supplemented by accumulated loan repayments, interest earnings, and leveraged bond proceeds.

In SFY 2025, disbursements totaling \$159,186,131 were made to borrowers. Disbursements consisted of \$4.91 million in federal funds, \$0.38 million in State match funds, \$137.89 million in leveraged bond proceeds, and \$16.01 million in principal repayments and interest earnings.

Two hundred and seventy-seven loans are in repayment, and \$37,085,254 in repayments were received during the year. Two hundred and twenty loans have been repaid in full, which includes those with 100 percent principal forgiveness. Forty-five loans drew no funds, and the full loan amounts were deobligated. There have been no defaults.

In SFY 2025, the Board of Water and Natural Resources awarded 28 loans and one loan amendment totaling \$121,712,000. Table 5 provides a synopsis of the loans that were awarded.

Table 5 Clean Water Loans State Fiscal Year 2025

Recipient	Project Description	Total SRF Assistance	Principal Forgiveness	Rate	Term
Aberdeen (05)	Wastewater Treatment Facility - Additional Funding	\$30,000,000		3.75%	30

#### **Drinking Water State Revolving Fund**

The Drinking Water SRF program received the 2024 federal capitalization grant of \$4,661,000 in August 2024. The capitalization grant was matched by \$932,200 of state match bond proceeds. The Drinking Water SRF program also received the 2024 IIJA General Supplemental capitalization grant of \$22,985,000. The IIJA capitalization grant was matched by \$4,597,000 of state match proceeds. In August of 2024, the 2023 Drinking Water IIJA Emerging Contaminants (EC) capitalization grant of \$7,640,000 and the 2024 Drinking Water IIJA EC capitalization grant of \$5,928,000. The 2024 Drinking Water IIJA EC capitalization grant was a partial amount of the \$7,640,000 allocation. The remaining \$1,712,000 for the 2024 Drinking Water IIJA EC allocation was applied for in June 2025 and as of June 30, 2025, these funds have not been awarded. The IIJA EC capitalization grant awards do not have state match requirements. Capitalization grant and state match are supplemented by accumulated loan repayments, interest earnings, and leveraged bond proceeds.

In SFY 2025, disbursements totaling \$145,094,971 were made to borrowers. Disbursements consisted of \$41.77 million in federal funds, \$4.60 million in state match funds, \$91.03 million in leveraged bond proceeds, and \$7.69 million in principal repayments and interest earnings.

Two hundred and forty-one are in repayment, and \$21,719,604 in repayments were received during the year. One hundred and thirty-four loans have been repaid in full, which includes those with 100 percent principal forgiveness. Forty loans drew no funds, and the full loan amounts were deobligated. There have been no defaults.

In SFY 2025, the board awarded 21 loans for a total of \$58,073,257. Table 6 provides a synopsis of the loans that were awarded.

#### SOUTH DAKOTA BOARD OF WATER AND NATURAL RESOURCES CLEAN WATER STATE REVOLVING FUND NOTES TO THE FINANCIAL STATEMENTS June 30, 2025

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Authorizing Legislation

The 1988 South Dakota Legislature authorized the State Water Pollution Control Revolving Loan Fund Program, also known as the Clean Water State Revolving Fund (CWSRF) Loan Program. Additionally, the legislature appropriated \$1,200,000 and directed the South Dakota Conservancy District (SDCD) to administer the program. The SDCD was created by the Legislature under Chapter 46A-2 of the South Dakota Codified Law as a body politic and corporate for the purpose of constructing water resource facilities for the conservation, storage, distribution and utilization of water for municipal purposes within the State of South Dakota. The SDCD bonds do not constitute a debt of the State of South Dakota, or a pledge of the faith and credit of the State. Because the State of South Dakota is able to impose its will over the SDCD and the governing body is substantively the same as the governing body of the primary government, it is considered a blended component unit and, as such, the accompanying financial statements are included in the Annual Comprehensive Financial Report of the State of South Dakota. The Department of Agriculture and Natural Resources performs all of the functions of the South Dakota Conservancy District, except for quasi-legislative, quasi-judicial, advisory, and special budgetary functions, which are performed by the Board of Water and Natural Resources acting in its capacity as the Conservancy District. The CWSRF is a low interest loan program to finance the construction of wastewater facilities, storm sewers and non-point source pollution control projects. The program was created by the 1987 Clean Water Act amendments. Funds are provided to the states in the form of capitalization grants awarded annually through the United States Environmental Protection Agency. The federal capitalization grants are matched by state funds at a ratio of 5:1.

#### B. Fund Accounting

The CWSRF is accounted for as an enterprise fund. An enterprise fund is a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

#### C. Basis of Accounting

The CWSRF follows the accrual basis of accounting. This method of accounting recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

#### D. Cash and Cash Equivalents

For purposes of the accompanying Statement of Net Position and Statement of Cash Flows all highly liquid investments with original maturities of 90 days or less are considered to be cash equivalents.

#### E. Investments

Investments are reported at fair value except for Guaranteed Investment Contracts, which are nonparticipating and, therefore, are recorded at carrying value. Unrealized gains and losses due to fluctuations in market value are included in investment income.

#### F. Premiums and Deferred Amounts on Refunding

Premiums and the deferred amount of refunding on bonds are amortized using the straight-line method over the life of the bonds to which they relate.

#### G. Revenue and Expense Recognition

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering items in connection with an enterprise fund's principal ongoing operations. The CWSRF records all revenues derived from interest on loans as operating revenues since these revenues are generated from the CWSRF's daily operations needed to carry out its purpose. Operating expenses include grants and subsidies, and contractual service expenses related to the administration of the CWSRF program.

#### H. Federal Capitalization Grant

Federal capitalization grant contributions reported as nonoperating income in the statement of revenues, expenses, and changes in fund net position are for a federally funded loan program. Information about the program is as follows:

CFDA Number: 66.458

Federal Agency: Environmental Protection Agency
Program: Clean Water State Revolving Fund
State Agency: Agriculture & Natural Resources

**Current Year Contributions** 

Loan Disbursement: \$4,908,303 Administrative Expense: \$585,919

#### I. Net Position

Net Position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net Position is classified in the following two components:

- Restricted Consists of net position with constraints placed on their use by (1)
   Master Trust Indenture and (2) law through enabling legislation.
- Unrestricted Consists of net position that does not meet the definition of net investment in capital assets or restricted.

When both restricted and unrestricted funds are eligible for use in payment of expenses, the type of expense to be incurred is analyzed to determine the best funding source based on available funds and plans for future projects.

#### J. Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. Clean Water SRF contributions and net pension liability (asset) are recognized on an accrual basis of accounting.

#### K. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to future period of periods. These items will not be recognized as an outflow of resources until the applicable future period.

In addition to liability, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow of resources until the applicable future period.

#### 2. CASH AND INVESTMENTS

#### Cash

Cash and Cash Equivalents at the end of FY25 consisted of Federated Government Obligations Funds. The South Dakota Conservancy District has adopted an Investment Policy to supplement the provisions of the Master Trust Indenture, various Series Resolutions and supplemental indentures and certain tax regulatory agreements related to the investment of funds.

Federated Government Obligations Fund was rated AAAm by Standard and Poor's Rating Group and as of 6/30/25 had a total annualized return of 4.62%.

#### Investments

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the Clean Water State Revolving Fund's investments may not be returned. As of June 30, 2025, \$84,098,859 of guaranteed investment contracts were uninsured and unregistered, with the securities held by its trust department, but not in the CWSRF's name and, as a result, were exposed to custodial credit risk.

Guaranteed Investment Contracts (GICS):

The CWSRF holds the following GICS where the rate of return is guaranteed.

	Maturities	Cont	ract Value
Guaranteed Investment Contract	8/01/2025	\$ 1	8,949,873
Guaranteed Investment Contract	8/01/2026	6	5,148,986
		\$ 8	4,098,859

The South Dakota State Revolving Fund Master Trust Indenture requires any investment agreement to be with a guarantor whose long-term rating category is no lower than the two highest long-term rating categories. The investment is rated by Moody's Investors Service. The ratings for Guaranteed Investment Contracts are as follows:

Moody's Rating	Contract Value				
Baa1*	\$	84,098,859			

<sup>\*</sup> These guarantor's ratings are below the acceptable rating category (i.e., below Moody's Aa3). The Guaranteed Investment Contract investments have been fully collateralized with government securities in accordance with the provisions of Guaranteed Investment Contracts. These fully collateralized investments have a fair value that equates to contract value.

#### 3. LOANS RECEIVABLE

Loans receivable consist of loans made to local governments through a loan agreement. In order for a borrower to receive a loan, evidence must be shown that the principal and interest of the loan will be repaid. Loans made from the CWSRF may be made at or below market interest rates and may be fully amortized up to thirty years. Interest rates are reduced for those loans shorter than thirty years. As of June 30, 2025, the loan receivable amount for the CWSRF program is \$610,485,309.

The allowance for doubtful accounts is determined principally on the basis of loans that are in default. Receivables are reported at the gross amount and an allowance for doubtful accounts would reduce loan receivables by the outstanding loan balances that are in default. As of June 30, 2025, the District has no loans that are in default. Loans in default would be expensed only after it has been determined the collection process has been exhausted and all legal actions have been finalized.

#### 4. LONG-TERM DEBT

On September 5, 2024, the District issued \$106,950,000 in Revenue Bonds, Series 2024A. The tax-exempt bond proceeds provided \$120,000,000 to be loaned to borrowers and provided funds to pay associated costs of issuance. Subsequently, on June 4, 2025, the District issued \$79,835,000 in Revenue Bonds, Series 2025A. The tax-exempt bond proceeds provided \$60,000,000 to be loaned to borrowers, \$24,922,588 deposited into escrow to refund 2014B outstanding debt, and pay associated costs of issuance.

The following is a summary of the sources and uses for the Clean Water Program FY25 Bond Issues:

#### 5. REFUNDED BONDS

The SDCD entered into a refunding whereby refunding bonds have been issued to facilitate defeasance of the District's obligation with respect to certain bond issues. The proceeds of the refunding issues have been placed in irrevocable escrow account and will provide amounts sufficient for future payment of interest and principal on the issues being refunded. Refunded bonds and the related assets held in the trust are not included in the accompanying financial statements since the District has satisfied its obligations with respect thereto through consummation of the refunding transactions.

The Tax-exempt Series 2025A refunding portion had an interest rate of 2.74 percent which was used to refund \$27,310,000 of outstanding Tax-exempt Series 2014B bonds with an interest rate of 2.97 percent. The net proceeds of the refunding portion of \$24,922,588 and \$2,967,750 of additional funds on hand were deposited in an irrevocable trust with an escrow agent to provide for the future debt service payment on the refunded portions. As a result, the refunded portion bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position.

The current refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$3,399,727. This difference is being charged to operations through 2035 using the effective-interest method. The District completed the current refunding for a net economic gain of \$2,356,308. The difference between the cash flows of the refunded bonds and the new refunded bonds is a \$2,503,419 reduction in debt service payments.

#### 6. COMMITMENTS

As of June 30, 2025, the CWSRF had loan commitments with borrowers worth \$450,113,643.

#### 7. PENSION PLAN

The Department of Agriculture and Natural Resources, (DANR), participates in the South Dakota Retirement System (SDRS), a cost-sharing, multiple-employer defined benefit pension plan established to provide retirement, disability, and survivor benefits for employees of the State and its political subdivisions. Authority for establishing, administering, and amending plan provisions is found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements, footnote disclosures, and required supplementary information. That report may be obtained by contacting the SDRS in writing at South Dakota Retirement System, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731. Additionally, the State of South Dakota's Annual Comprehensive Financial Report (ACFR) will report the State's proportionate share of the plan. The ACFR can be obtained by writing to the Department of Legislative Audit, 427 South Chapelle, c/o 500 East Capitol, Pierre, South Dakota 57501 or by calling (605)773-3595.

State law requires employees to contribute 6 percent of their salary to the plan and the employer to contribute an amount equal to the employee's contribution. The right to receive retirement benefits vests after three years of credited service. DANR contributions to the SDRS for the fiscal years ended June 30, 2025, 2024, and 2023 were \$20,112, \$18,120, and \$16,775, respectively, equal to the required contributions each year.

The net pension asset was measured as of June 30, 2025 and the estimated SDRS was 100% funded. At June 30, 2025, CWSRF reported an asset of \$436 for its proportionate share of the net pension asset. At June 30, 2025, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources:

	Deferred Outflows of Resources		Inf	eferred lows of sources
Difference between expected and actual experience	\$	40,346	\$	-
Changes in assumption		7,183		54,756
Net difference between projected and actual earnings on pension plan investments		16,412		-
Changes in Proportionate Share		-		782
Contributions after the measurement date		20,112		-
Total	\$	84,053	\$	55,538

#### 8. COMPENSATED ABSENCES

All full-time and permanent part-time employees earn vacation leave and sick leave. Employees earn fifteen days of vacation leave per year that can be accumulated to thirty days, except for employees with more than fifteen years of employment, who earn twenty days of vacation leave per year that can be accumulated to forty days. Annual leave can be used during the term of the employee's employment or upon termination employees will receive payment for their accumulated vacation leave. Employees earn fourteen days of sick leave per year. Sick leave can be used during the term of the employee's employment or unless dismissed for cause, employees who terminate after seven years of continuous employment receive payment for one-fourth of their accumulated sick leave balance, not to exceed four hundred eighty hours. A liability has been estimated and recorded in the financial statements for compensated absences based on a first-in-first-out flow assumption for the estimated leave to be used by the employees during the term of their employment as well as the remaining portion of the employees balances to be paid upon termination in accordance with GASB standards.

#### 9. RISK MANAGEMENT

The Board of Water and Natural Resources and the Department of Agriculture and Natural Resources are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Department participates in the various programs administered by the State of South Dakota. These risk management programs are funded through assessments charged to participating entities. The risk management programs include; 1) coverage for risks associated with automobile liability and general tort liability (including public officials' errors and omissions liability, medical malpractice liability, law enforcement liability, and products liability) through the State's Public Entity Pool for Liability Fund, 2) coverage of employee medical claims through the State's health insurance program. 3) coverage for unemployment benefits through the State's Unemployment Insurance Fund, 4) coverage for workers' compensation benefits through the State's Workers' Compensation Fund, and, 5) coverage for property loss through the South Dakota Property and Casualty Insurance Company, LLC. Financial information relative to the self-insurance funds administered by the State is presented in the State of South Dakota Annual Comprehensive Financial Report.

#### SOUTH DAKOTA BOARD OF WATER AND NATURAL RESOURCES DRINKING WATER STATE REVOLVING FUND NOTES TO THE FINANCIAL STATEMENTS June 30, 2025

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Authorizing Legislation

The Drinking Water State Revolving Fund (DWSRF) Loan Program was federally authorized by the Safe Drinking Water Act Amendments of 1996. The State authorized the loan program in 1994 in anticipation of federal action. The Environmental Protection Agency (EPA) developed final guidance for the Drinking Water State Revolving Fund on February 28, 1997. The Board of Water and Natural Resources, acting in its capacity as the South Dakota Conservancy District, conducted a public hearing on April 15, 1997 to adopt formal administrative rules for the program. The South Dakota Conservancy District (SDCD) was created by the Legislature under Chapter 46A-2 of the South Dakota Codified Law as a body politic and corporate for the purpose of constructing water resource facilities for the conservation, storage, distribution and utilization of water for municipal purposes within the State of South Dakota. The SDCD bonds do not constitute a debt of the State of South Dakota or a pledge of the faith and credit of the State. Because the State of South Dakota is able to impose its will over the SDCD and the governing body is substantively the same as the governing body of the primary government, it is considered a blended component unit and, as such, the accompanying financial statements are included in the Annual Comprehensive Financial Report of the State of South Dakota. The Department of Agriculture and Natural Resources performs all of the functions of the South Dakota Conservancy District, except for quasi-legislative, quasi-judicial, advisory, and special budgetary functions, which are performed by the Board of Water and Natural Resources acting in its capacity as the Conservancy District. The DWSRF is a low interest loan program to finance drinking water projects. Funds are provided to the states in the form of capitalization grants awarded annually through the United States Environmental Protection Agency. The federal capitalization grants are matched by state funds at a ratio of 5:1.

#### B. Fund Accounting

The DWSRF is accounted for as an enterprise fund. An enterprise fund is a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

#### C. Basis of Accounting

The DWSRF follows the accrual basis of accounting. This method of accounting recognizes the financial effect of transactions, events and interfund activities when they occur, regardless of the timing of related cash flows.

#### D. Cash and Cash Equivalents

For purposes of the accompanying Statement of Net Position and Statement of Cash Flows all highly liquid investments with original maturities of 90 days or less are considered to be cash equivalents.

#### E. Investments

Investments are reported at fair value except for Guaranteed Investment Contracts, which are non-participating and, therefore, are recorded at carrying value. Unrealized gains and losses due to fluctuations in market value are included in investment income.

#### F. Premium and Deferred Amount on Refunding

Premiums and the deferred amount on refunding on bonds are amortized using the straight-line method over the life of the bonds to which they relate.

#### G. Revenue and Expense Recognition

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering items in connection with an enterprise fund's principal ongoing operations. The DWSRF records all revenues derived from interest on loans as operating revenues since these revenues are generated from the DWSRF's daily operations needed to carry out its purpose. Operating expenses include grants and subsidies, and contractual service expenses related to the administration of the DWSRF program.

#### H. Federal Capitalization Grant

Federal capitalization grant contributions reported as nonoperating income in the statement of revenues, expenses, and changes in fund net position are for a federally funded loan program. Information about the program is as follows:

CFDA Number: 66.468

Federal Agency: Environmental Protection Agency
Program: Drinking Water State Revolving Fund
State Agency: Agriculture & Natural Resources

Current Year Contributions

Loan Disbursement: \$41,771,132 Administrative Expense: \$881,543

#### I. Net Position

Net Position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net Position is classified in the following two components:

- Restricted Consists of net position with constraints placed on their use by (1)
   Master Trust Indenture and (2) law through enabling legislation.
- Unrestricted Consists of net position that does not meet the definition of net investment in capital assets or restricted.

When both restricted and unrestricted funds are eligible for use in payment of expenses, the type of expense to be incurred is analyzed to determine the best funding source based on available funds and plans for future projects.

### J. Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. Drinking Water SRF contributions and net pension liability (asset) are recognized on an accrual basis of accounting.

### K. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to future period of periods. These items will not be recognized as an outflow of resources until the applicable future period.

In addition to liability, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow of resources until the applicable future period.

### 2. CASH AND INVESTMENTS

### Cash

Cash and Cash Equivalents at the end of FY25 consisted of Federated Government Obligations Funds. The South Dakota Conservancy District has adopted an Investment Policy to supplement the provisions of the Master Trust Indenture, various Series Resolutions and supplemental indentures and certain tax regulatory agreements related to the investment of funds.

Federated Government Obligations Fund was rated "AAAm by Standard and Poor's Rating Group and as of 6/30/25 had a total annualized return of 4.62%.

### Investments

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the Drinking Water State Revolving Fund's investments may not be returned. As of June 30, 2025, \$35,835,879 of guaranteed investment contracts was uninsured and unregistered, with the securities held by its trust department, but not in the DWSRF's name and, as a result, were exposed to custodial credit risk.

Guaranteed Investment Contracts (GICS):

The DWSRF holds the following GICS where the rate of return is guaranteed.

	Maturities	Co	ntract Value
Guaranteed Investment Contract	8/01/2025	\$	32,023,107
Guaranteed Investment Contract	8/01/2026		3,812,772
		\$	35,835,879

The South Dakota State Revolving Fund Master Trust Indenture requires any investment agreement to be with a guarantor whose long-term rating category is no lower than the two highest long-term rating categories. The investment is rated by Moody's Investors Service. The ratings for Guaranteed Investment Contracts are as follows:

Moody's Rating	Contract Value
Baa1*	\$ 35,835,879

\*This guarantor's rating is below the acceptable rating category (i.e., below Moody's Aa3). This investment has been fully collateralized with government securities in accordance with the provisions of Guaranteed Investment Contracts. These fully collateralized investments have a fair value that equates to contract value.

### 3. LOANS RECEIVABLE

Loans receivable consist of loans made to local governments and nonprofit corporations through a loan agreement. In order for a borrower to receive a loan, evidence must be shown that the principal and interest of the loan will be repaid. Loans made from the DWSRF may be made at or below market interest rates and may be fully amortized up to thirty years. Disadvantaged Communities may be eligible for lower rates or even zero percent, and may be fully amortized up to thirty years. Interest rates are reduced for those loans with shorter amortization periods. As of June 30, 2025, the loan receivable amount for the DWSRF program is \$428,413,174.

The allowance for doubtful accounts is determined principally on the basis of loans that are in default. Receivables are reported at the gross amount and an allowance for doubtful accounts would reduce loan receivables by the outstanding loan balances that are in default. As of June 30, 2025, the District has no loans that are in default. Loans in default would be expensed only after it has been determined the collection process has been exhausted and all legal actions have been finalized.

### 4. LONG-TERM DEBT

On September 5, 2024, the District issued \$53,500,000 in Revenue Bonds, Series 2024A. The tax-exempt bond proceeds provided \$60,000,000 to be loaned to borrowers and provided funds to pay associated costs of issuance. Subsequently, on June 4, 2025, the District issued \$117,370,000 in Revenue Bonds, Series 2025A. The tax-exempt bond proceeds provided \$120,000,000 to be loaned to borrowers, \$3,366,238 deposited into escrow to refund 2014B outstanding debt, and pay associated costs of issuance.

The following is a summary of the sources and uses for the Drinking Water Program FY25 Bond Issues:

### 5. REFUNDED BONDS

The SDCD entered into a refunding whereby refunding bonds have been issued to facilitate defeasance of the District's obligation with respect to certain bond issues. The proceeds of the refunding issues have been placed in irrevocable escrow account and will provide amounts sufficient for future payment of interest and principal on the issues being refunded. Refunded bonds and the related assets held in the trust are not included in the accompanying financial statements since the District has satisfied its obligations with respect thereto through consummation of the refunding transactions.

The Tax-exempt Series 2025A refunding portion had an interest rate of 2.74 percent which was used to refund \$3,670,000 of outstanding Tax-exempt Series 2014B bonds with an interest rate of 2.97 percent. The net proceeds of the refunding portion of \$3,366,238 and \$381,750 of additional funds on hand were deposited in an irrevocable trust with an escrow agent to provide for the future debt service payment on the refunded portions. As a result, the refunded portion bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position.

The current refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$447,560. This difference is being charged to operations through 2035 using the effective-interest method. The District completed the current refunding for a net economic gain of \$308,917. The difference between the cash flows of the refunded bonds and the new refunded bonds is a \$330,428 reduction in debt service payments.

### 6. COMMITMENTS

As of June 30, 2025, the DWSRF had loan commitments with borrowers worth \$415,161,656.

### 7. PENSION PLAN

The Department of Agriculture and Natural Resources, (DANR), participates in the South Dakota Retirement System (SDRS), a cost-sharing, multiple-employer defined benefit pension plan established to provide retirement, disability, and survivor benefits for employees of the State and its political subdivisions. Authority for establishing, administering, and amending plan provisions is found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements, footnote disclosures, and required supplementary information. That report may be obtained by contacting the SDRS in writing at South Dakota Retirement System, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731. Additionally, the State of South Dakota's Annual Comprehensive Financial Report (ACFR) will report the State's proportionate share of the plan. The ACFR can be obtained by writing to the Department of Legislative Audit, 427 South Chapelle, c/o 500 East Capitol, Pierre, South Dakota 57501 or by calling (605)773-3595.

State law requires employees to contribute 6 percent of their salary to the plan and the employer to contribute an amount equal to the employee's contribution. The right to receive retirement benefits vests after three years of credited service. DANR contributions to the SDRS for the fiscal years ended June 30, 2025, 2024, and 2023, were \$31,540, \$29,271, and \$25,167, respectively, equal to the required contributions each year.

The net pension liability was measured as of June 30, 2025, and the estimated SDRS is 100% funded. At June 30, 2025, the DWSRF reported an asset of \$704 for its proportionate share of the net pension asset. At June 30, 2025, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources:

	Ου	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between expected and actual experience	\$	65,175	\$	-	
Changes in assumption		11,604		88,452	
Net difference between projected and actual earnings on pension plan investments		26,511		-	
Changes in Proportionate Share		-		1,263	
Contributions after the measurement date		31,540		-	
Total	\$	134,830	\$	89,715	

### 8. COMPENSATED ABSENCES

All full-time and permanent part-time employees earn vacation leave and sick leave. Employees earn fifteen days of vacation leave per year that can be accumulated to thirty days, except for employees with more than fifteen years of employment, who earn twenty days of vacation leave per year that can be accumulated to forty days. Annual leave can be used during the term of the employee's employment or upon termination employees will receive payment for their accumulated vacation leave. Employees earn fourteen days of sick leave per year. Sick leave can be used during the term of the employee's employment or unless dismissed for cause, employees who terminate after seven years of continuous employment receive payment for one-fourth of their accumulated sick leave balance, not to exceed four hundred eighty hours. A liability has been estimated and recorded in the financial statements for compensated absences based on a first-in-first-out flow assumption for the estimated leave to be used by the employees during the term of their employment as well as the remaining portion of the employees balances to be paid upon termination in accordance with GASB standards.

### 9. RISK MANAGEMENT

The Board of Water and Natural Resources and the Department of Agriculture and Natural Resources are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Department participates in the various programs administered by the State of South Dakota. These risk management programs are funded through assessments charged to participating entities. The risk management programs include; 1) coverage for risks associated with automobile liability and general tort liability (including public officials' errors and omissions liability, medical malpractice liability, law enforcement liability, and products liability) through the State's Public Entity Pool for Liability Fund, 2) coverage of employee medical claims through the State's health insurance program, 3) coverage for unemployment benefits through the State's Unemployment Insurance Fund, 4) coverage for workers' compensation benefits through the State's Workers' Compensation Fund, and, 5) coverage for property loss through the South Dakota Property and Casualty Insurance Company, LLC. Financial information relative to the self-insurance funds administered by the State is presented in the State of South Dakota Annual Comprehensive Financial Report.

# SOUTH DAKOTA CLEAN WATER STATE REVOLVING FUND PROGRAM INFORMATION

### **CLEAN WATER SRF OVERVIEW**

The Clean Water SRF program was created by the 1987 Clean Water Act amendments, and in 1988 the South Dakota legislature authorized the State Water Pollution Control Revolving Loan Fund program. The legislature also appropriated \$1,200,000 and directed the South Dakota Board of Water and Natural Resources to administer the program.

Since 1989, South Dakota's Clean Water SRF program has received federal capitalization grants totaling \$282,737,300. In federal fiscal years 2002 and 2003, because of the demand on the drinking water program, the Clean Water SRF Capitalization Grants and state match were transferred to the Drinking Water SRF program. These grants amounted to \$12,978,600, with a corresponding state match of \$2,595,720. In 2009, the Clean Water SRF program received \$19,239,000 through the American Recovery and Reinvestment Act. Through June 30, 2025, the Clean Water SRF program had received \$30,135,000 of grants through the Investment in Infrastructure and Jobs Act (IIJA). The state provided a match of \$4,129,900. In 2022, the Clean Water SRF program also received \$459,000 through the 2022 IIJA Emerging Contaminants (EC) funding. This amount was transferred to the Drinking Water SRF Program due to lack of qualifying projects. In 2024, the Clean Water SRF program received the \$1,043,000 2023 CWSRF IIJA EC grant. As of June 30, 2025, these funds are still pending transfer to the DWSRF IIJA EC program due to lack of qualifying projects. Table 7 shows capitalization grants, state match, and leveraged funds for the Clean Water SRF program.

Table 7

<sup>&</sup>lt;sup>a</sup> The 2002 and 2003 capitalization grants and state match were transferred to the Drinking Water SRF program. Administrative surcharge funds were used as state match.

Through June 30, 2025, principal repayments from borrowers totaled \$511,451,670. Principal repayments are reloaned or used for debt service on leveraged bonds. Interest payments from borrowers totaled \$120,984,672. Interest payments are reloaned or used for debt service on State Match bonds.

<sup>&</sup>lt;sup>b</sup> Leveraged funds in the amount of \$37,455,570 were issued as part of the 2009 bond anticipation notes. When the 2010 bond anticipation notes were issued to redeem the 2009 bond anticipation notes, \$3,543,094 of leveraged bonds were converted to state match bonds.

<sup>&</sup>lt;sup>c</sup> The 2022 Clean Water SRF IIJA EC grant was transferred to the Drinking Water SRF IIJA EC fund. As of June 30, 2025, the 2023 Clean Water SRF IIJA EC grant was pending transfer to the Drinking Water SRF IIJA EC fund.

 $<sup>^{</sup>d}$  As of June 30, 2025, the 2025 CWSRF federal capitalization grants have not been awarded.

As of June 30, 2025, the board has made 685 Clean Water loan awards totaling \$1,972,821,947. The Clean Water SRF loan portfolio begins with Table 8, beginning on page 36, which provides the loan amount, date, and terms. Table 9, beginning on page 55, shows the projects awarded principal forgiveness.

# SOUTH DAKOTA DRINKING WATER STATE REVOLVING FUND PROGRAM INFORMATION

#### DRINKING WATER SRF OVERVIEW

The Drinking Water SRF program was federally authorized by the Safe Drinking Water Act Amendments of 1996, while the state authorized the loan program in 1994 in anticipation of federal action. EPA provided the final guidance for the Drinking Water SRF program on February 28, 1997. The South Dakota Conservancy District, acting in its capacity as the Board of Water and Natural Resources, conducted a public hearing on April 15, 1997, to adopt formal administrative rules for the program.

Since 1997, South Dakota's Drinking Water SRF Program has received federal capitalization grants totaling \$347,449,698. Because of the demand on the Drinking Water SRF program, the 2002 and 2003 Clean Water SRF Capitalization Grants and state match were transferred to the Drinking Water SRF program. These grants amounted to \$12,978,600, with the corresponding state match of \$2,595,720 provided by administrative surcharge funds and not bond proceeds. In 2009, the Drinking Water SRF program received \$19,500,000 through the American Recovery and Reinvestment Act. Through June 30, 2025, the Drinking Water SRF program received \$62,032,000 in grant funds through the Investment in Infrastructure and Jobs Act (IIJA). The state provided a match of \$8,501,700. The Drinking Water SRF program also received \$21,123,000 through the IIJA Emerging Contaminants (EC) funding. Additionally, the Drinking Water SRF program received \$459,000 transferred from the Clean Water SRF IIJA EC funding. This amount was transferred to the Drinking Water SRF Program due to lack of qualifying projects. Table 10 shows capitalization grants, state match and leveraged funds for the Drinking Water SRF program.

<sup>&</sup>lt;sup>a</sup> As of June 30, 2025, the 2025 DWSRF federal capitalization grants have not been awarded.

Through June 30, 2025, principal repayments from borrowers totaled \$269,198,019. Principal repayments are reloaned or used for debt service on leveraged bonds. Interest payments from borrowers totaled \$76,697,223. Interest payments are reloaned or used for debt service on State Match bonds.

As of June 30, 2025, the board has made 554 Drinking Water loan awards totaling \$1,593,769,034. The Drinking Water SRF loan portfolio begins with Table 11, beginning on page 61, which provides the loan amount, date, and terms. Table 12, beginning on page 76, shows the projects awarded principal forgiveness.

# \$197,205,000 State Revolving Fund Program Bonds Series 2025A

### **Bond Issue**

- Tax-exempt revenue bonds
- Par Amount \$197,205,000
- Net Premium \$11,683,028
- Provided \$60.0 million in leveraged proceeds for Clean Water SRF program
- Provided \$120.0 million in leveraged proceeds for Drinking Water SRF program
- Provided \$30.98 million to refund 2014B Series Bonds
- All-In True Interest Cost 4.4921%
- Aaa rating by Moody's Investors Services, Inc.
- AAA rating by Standard & Poor's
- Competitive Bid
- Bids Received May 21, 2025

- Perkins Coie, LLP Bond Counsel
- U.S. Bank N.A. Trustee
- Public Financial Management, Inc. Financial Advisor

# \$160,450,000 State Revolving Fund Program Bonds Series 2024A

### **Bond Issue**

- Tax-exempt revenue bonds
- Par Amount \$160,450,000
- Net Premium \$20,391,621
- Provided \$120.0 million in leveraged proceeds for Clean Water SRF program
- Provided \$60.0 million in leveraged proceeds for Drinking Water SRF program
- All-In True Interest Cost 4.0577%
- Aaa rating by Moody's Investors Services, Inc.
- AAA rating by Standard & Poor's
- Competitive Bid
- Bids Received August 21, 2024

- Perkins Coie, LLP Bond Counsel
- U.S. Bank N.A. Trustee
- Public Financial Management, Inc. Financial Advisor

# \$156,675,000 State Revolving Fund Program Bonds Series 2022A and 2022B

#### **Bond Issue**

- Series A Taxable revenue bonds
  - Par Amount \$58,845,000
  - Provided \$7.7 million of Clean Water SRF state match funds
  - Provided \$12.9 million of Drinking Water SRF state match funds
  - Provided \$38.2 million in leveraged proceeds for Drinking Water SRF program for Private Activity Borrowers
  - All-In True Interest Cost 5.143%
- Series B Tax-exempt revenue bonds
  - Par Amount \$97,830,000
  - Net Premium \$10,231,549
  - Provided \$72.9 million in leveraged proceeds for Clean Water SRF program
  - Provided \$35.1 million in leveraged proceeds for Drinking Water SRF program
  - All-In True Interest Cost 4.1048%
- Aaa rating by Moody's Investors Services, Inc.
- AAA rating by Standard & Poor's
- Competitive Bid
- Bids Received October 12, 2022

- Perkins Coie, LLP Bond Counsel
- U.S. Bank N.A. Trustee
- Public Financial Management, Inc. Financial Advisor

### \$76,310,000 State Revolving Fund Program Bonds Series 2020

### **Bond Issue**

- Tax-exempt, revenue issue
- Par Amount \$76,310,000
- Net Premium \$23,946,603
- Provide \$100 million in leveraged proceeds for Clean Water SRF program
- Provide funds solely to the city of Sioux Falls for ongoing and upcoming projects
- Aaa rating by Moody's Investors Services, Inc.
- AAA rating by Standard & Poor's
- Bonds priced and sold on June 16, 2020
- Bond closing on July 1, 2020

STATUTES	

## State Revolving Fund Administration

## SOUTH DAKOTA CONSERVANCY DISTRICT BOARD OF WATER AND NATURAL RESOURCES

- 1-40-5. Water and Natural Resources Board created -- Functions -- Appointment and terms of members. The Board of Natural Resource Development is abolished. There is created a Board of Water and Natural Resources. The board shall perform all functions exercised by the former Board of Natural Resource Development. The Board of Water and Natural Resources shall consist of seven members not all of the same political party and appointed by the Governor for four-year terms. The terms of members of the Board of Water and Natural Resources who are first appointed after the effective date of this order shall be: one appointed for a term of one year; two appointed for a term of two years; two for a term of three years; and two for a term of four years, and such initial terms shall be designated by the Governor. Any member appointed to fill a vacancy arising from other than the natural expiration of a term shall serve for only the unexpired portion of the term.
- **1-40-9. Performance of administrative functions of conservancy district board.** Except as provided in § 1-40-10, the Department of Agriculture and Natural Resources shall, under the direction and control of the secretary of agriculture and natural resources, perform all the functions of the former board of directors of the South Dakota conservancy district, created by chapter 46A-2.
- **1-40-10. Performance of nonadministrative functions of conservancy district board.** The Board of Water and Natural Resources created by this chapter shall perform all quasilegislative, quasi-judicial, advisory, and special budgetary functions (as defined in § 1-32-1) of the former board of directors of the South Dakota conservancy district, created by chapter 46A-2.
- **46A-2-1. Creation of South Dakota conservancy district -- Boundaries -- Powers.** There is hereby created within the State of South Dakota, a conservancy district, to be known as the "South Dakota conservancy district." The boundaries of the district shall coincide in all particulars with the boundaries of the state of South Dakota. Such district is a governmental agency, body politic and corporate with authority to exercise the powers specified in this chapter.
- **46A-2-5. Board of directors abolished -- Performance of functions.** The board of directors of the South Dakota conservancy district is abolished, and all its functions shall be administered by the department and board of water and natural resources, as provided by § § 1-40-9 and 1-40-10.
- **46A-2-11. Board of Water and Natural Resources -- Authority to sue and be sued.** The Board of Water and Natural Resources shall have the power to sue and be sued in the name of the district.

## State Revolving Fund Administration

## SRF SUBFUNDS SRF LOAN PROGRAMS

Discretionary bond issuance to finance water resources projects or developments-- Maximum amount--Issuance of bonds for purchase or financing of loans by FmHA--Issuance of bonds for revolving fund programs under federal Clean Water Act or federal Safe Drinking Water Act. In addition to the aggregate indebtedness authorized by the Legislature and Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may issue bonds in an amount not to exceed in aggregate eight million dollars at any time for the purpose of financing projects as defined in subdivision 46A-2-4(5) which are components of the statewide water plan subject to the provisions of §§ 46A-1-49 to 46A-1-52, inclusive. In addition to the aggregate indebtedness authorized by the Legislature and Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may issue bonds in any amount at any time for the purpose of purchasing or otherwise financing or providing for the purchase or payment of loans made by the United States Farmers' Home Administration to any person or public entity, whether or not the person or public entity or the project financed with the loan are located in South Dakota or formed under or recognized by South Dakota law, as community facilities loans or water and waste disposal loans, which purchasing, financing, or payment activities are hereby determined to be components of the state water plan and are authorized without regard to § 46A-2-20. The district may enter into financing agreements with the persons or public entities to secure and provide for the payment of the bonds, without regard to § 46A-2-20 or §§ 46A-1-63.1 to 46A-1-69, inclusive. The district may make payments or deposits for the purchase or payment of the loans from funds obtained from the persons or public entities, whether or not bonds have been issued. The purchase or payment of loans for persons or public entities or projects located outside of the State of South Dakota is hereby authorized and declared to be a public purpose whenever, at the discretion and in the determination of the district, the purchase or payment is expected to result in economies of scale, fees, interest savings, financing, or other benefits to the district, South Dakota persons or public entities or the State of South Dakota. The district, in the proceedings for the issuance of the bonds, shall establish the manner in which the trustee shall manage and disperse any savings for the benefit of the persons and public entities whose community facilities loans and water and waste disposal loans have been purchased or prepaid by the district. In addition to the aggregate indebtedness authorized by the Legislature and the Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may also issue bonds in any amount at any time for the purpose of funding all or part of the revolving funds required for either the state water pollution control revolving fund program or the state drinking water revolving fund program or both under either the federal Clean Water Act or federal Safe Drinking Water Act or both. The bonds issued for these revolving fund programs shall be used to purchase or otherwise finance or provide for the purchase or payment of bonds or other obligations, including the refinancing of obligations previously issued or for projects previously completed, which purchasing, financing, or payment activities are hereby determined to be components of the state water facilities plan and are authorized without regard to § 46A-2-20. The district may enter into financing agreements with such persons or public entities to secure and provide for the payment of such bonds, without regard to § 46A-2-20 or §§ 46A-1-63.1 to 46A-1-69, inclusive. The district may pledge or assign to or hold in trust for the benefit of the holder or holders of the bonds those moneys appropriated by the Legislature for the purpose of funding state contributions to the state water pollution control revolving fund program and the state drinking water revolving fund program, which moneys may be held and invested pursuant to a trust agreement for the payment of the principal of, premium, if any, and interest on, the bonds.

**46A-1-32. Terms of bonds.** The bonds may be issued and sold in one or more series, may be in such amounts and at such prices, may bear such date or dates, may be in such denomination or denominations, may mature at such time or times not exceeding fifty years from the respective dates thereof, may mature in such amount or amounts, may bear interest at such times and at such fixed or variable rate or rates as shall be determined by the district and without regard to any interest rate limitation appearing in any other law, may be in such form, either coupon or registered as to principal only or as to both principal and interest, may carry such registration privileges (including the conversion of a fully registered bond to a coupon bond or bonds and the conversion of a coupon bond to a fully registered bond), may be executed in such manner, may be made payable in such medium of payment, at such place or places within or without the state, may be callable or subject to purchase and retirement or tender and remarketing as determined by the district in any indenture, resolution, or other instrument. The district may take any action it deems appropriate for the purpose of implementing this section, including establishing parameters referencing current market conditions or published indices in connection with establishing interest rates, imposing maximum interest rate limitations, or establishing other parameters it deems appropriate, and may delegate the administration of specific functions within the established parameters. The district may enter into arrangements to provide additional security and liquidity for bonds, and to limit, reduce, or manage interest rate exposure with respect to bonds issued or to be issued

§ 46A-1-60.1. Water pollution control revolving fund program and state drinking water revolving fund program established - Program subfunds created - Deposits into subfunds and use thereof. The state water pollution control revolving fund program and the state drinking water revolving fund program are hereby established. Program subfunds shall be created within the water and environment fund established pursuant to § 46A-1-60. The required subfunds shall be maintained separately, and all federal, state, and other funds for use in the program shall be deposited into the respective subfund, including all federal grants for capitalization of either a state water pollution control revolving fund or a state drinking water revolving fund or both, all repayments of assistance awarded from the subfund, interest on investments made on money in the subfund, proceeds of discretionary bond issues allowed by § 46A-1-31, and principal and interest on loans made from the fund. Money in the subfund may be used only for purposes authorized under federal law. The subfund may be pledged or assigned by the district to or in trust for the holder or holders of the bonds of the district and may be transferred to and held by a trustee or trustees pursuant to § 46A-1-39.

The board shall promulgate rules pursuant to chapter 1-26, to implement the provisions of this section consistent with the requirements of federal law in order for an approved state water pollution control revolving fund or a state drinking water revolving fund to become eligible for grant funds from the United States Environmental Protection Agency.

§ 46A-1-60.2. Disbursements from and administration of water pollution control revolving fund program and state drinking water revolving fund program - Sections 46A-1-61 to 46A-1-69 inapplicable. Funds from the state water pollution control revolving fund program and the state drinking water revolving fund program shall be disbursed and administered according to rules promulgated by the Board of Water and Natural Resources pursuant to chapter 1-26, § 46A-1-65 and the provisions of §§ 46A-1-60 to 46A-1-60.3, inclusive. Sections 46A-1-61 to 46A-1-69, inclusive, do not apply to the subfund of the water and environment fund or loans therefrom pursuant to the state water pollution control revolving fund program and the drinking water revolving fund program described in §§ 46A-1-60 to 46A-1-60.3, inclusive.

The board shall promulgate rules pursuant to chapter 1-26, to implement the provisions of this section consistent with the requirements of federal law in order for an approved state water pollution control revolving fund or a state drinking water revolving fund to become eligible for grant funds from the United States Environmental Protection Agency.

§ 46A-1-60.3. Rules for selection of projects to receive funds from water pollution control revolving fund program and state drinking water revolving fund program and administration of same. The Board of Water and Natural Resources may, by rules promulgated pursuant to chapter 1-26, establish criteria and procedures for the selection of projects to receive funds from the state water pollution control revolving fund program and the state drinking water revolving fund program and for the administration of the programs.
