I. POLICY

It is the policy of the South Dakota Department of Corrections Board of Pardons and Paroles that parole agents may provide a request to the parole board for consideration of partial/early discharge and/or return of street time to an offender under parole supervision.

II. PURPOSE

The purpose of this policy is to establish guidelines for parole agents and the Parole Board regarding the recommendation and granting the return of street time, a partial early discharge, or an early final discharge to offenders on community supervision. Through the application of these early discharge standards and procedures, offenders on community supervision representing a lower risk to public safety, having followed the rules of the Department of Corrections, and having followed the conditions of their community supervision agreement may be afforded an opportunity to be considered for the return of street time, a partial early discharge and/or an early final discharge from community supervision.

Neither this policy, the sections of SDCL, nor its application may be the basis for establishing a constitutionally protected liberty, property, or due process interest in any offender.

III. DEFINITIONS

Early Final Discharge

As authorized by SDCL 24-5-2, 24-5-7, and 24-15A-8, the Board of Pardons and Paroles, upon recommendation of the supervising agent, may grant an early final discharge to an offender on community supervision, including those serving a suspended sentence under the supervision of the board, if the board is satisfied that an early final discharge would be in the best interests of society and the offender.

Neither this policy, the sections of SDCL, nor its application may be the basis for establishing a constitutionally protected liberty, property, or due process interest in any offender.

Street Time

New System Offenders – All time spent on supervision, including time spent on absconder status and suspended sentence, will be considered street time (see SDCL 24-15A-28).

Old System Offenders – All time spent serving the suspended portion of the sentence will be considered street time. As it applies to this policy only, street time will only encompass any time the Parole Board has previously denied the credit of or taken at prior revocations on current admissions.

Partial Early Discharge

A length of time to be credited to an offender's active sentence which would reduce the actual time an offender on community supervision must serve. Any time credited to the offender under a partial early discharge may be rescinded by the Parole Board during any subsequent parole revocation actions.

3. Early Final Discharge

- a. Offenders on supervision should be halfway to their most current TED to be eligible for an early discharge. The formula for determining eligibility is: Current TED Year minus Year of most recent parole release; divide by two; add calculated result to year of most recent parole release=year of eligibility.
Example: TED-2030. Year Released-2015. $2030-2015=15$. $15/2=7.5$. $2015+7.5=2022$
- i. Exceptions to this requirement may be allowed by the board in situations of specific hardship or in the best interest of public safety and justice.
- b. Offenders must have an adequate and stable residence/living environment. Halfway houses, shelters and temporary placements are not considered stable under this section.
- c. Offenders on supervision shall not have used alcohol or any illegal substance, or abused over the counter medications, for the past three (3) months.

- A. Offenders on supervision who have been deported from the United States by the Department of Homeland Security may be submitted for an early final discharge.
 1. Supervising agents of deported offenders will not be required to ensure the previous outlined criteria for submission are met.
 2. Prior to the submission of an application for early final discharge of a deported offender, the supervising agent will verify with the Department of Homeland Security and/or Immigration and Customs Enforcement Agency (ICE) that the offender has been deported from the United States and will include such verification in the submitted application.

3. Submission of Application

- A. When the supervising agent has an offender that meets the conditions outlined in this policy or exceptional circumstances exist, an application may be submitted to the regional supervisor for a review. If the regional supervisor feels the application has merit, he/she send the application to the parole board office. Any exceptions to the eligibility criteria outlined in this policy will be identified, and the supervising agent, with approval from their regional supervisor, will provide supporting information and explanation for the board's consideration along with the application signed by the agent and supervisor.

Compelling Reasons for Board Denial of Early Discharge from Community Supervision:

- ☐ The Board is not satisfied that society will be protected if the parolee would be discharged early.
- ☐ The Board is not satisfied that the parolee has secured suitable employment, other beneficial occupation of his/her time, or suitable place to live.
- ☐ The Board is not satisfied, given the nature and circumstances of the offense for which the parolee was convicted that he/she has been confined and supervised in the community for sufficient length of time.
- ☐ The Board is not satisfied, given the parolee's attitude, character, capabilities and habits, as exhibited by his/her conduct in the institution, or in the community, or both, that he/she has accomplished rehabilitation.
- ☐ The Board is not satisfied, given the nature and circumstances of previous probation or parole history, that the parolee has recognized his/her problems and has made sufficient efforts towards self-improvement.
- ☐ The Board is not satisfied, given a review of the standards set forth in SDCL 24-13-7, as amended, that the parolee is willing to lead a law-abiding life without harm to society.
- ☐ You still owe on your obligations; you need to make consistent payments toward that and bring that balance down or pay it off before we will consider an early/partial discharge.
