

PUBLIC NOTICE

The South Dakota Board on Geographic Names (SDBGN) seeks public comment on a proposed name for an unnamed feature:

Unnamed Summit on the South Dakota Mines Campus in Rapid City

One name has been proposed: Smelter Hill. The Board is seeking public comment regarding the request to name the unnamed summit located on the South Dakota Mines Campus in Rapid City. Location is shown on the enclosed map.

The above feature is unnamed and the SDBGN requests public input on a name for the geographic feature. Based on the U.S. Board on Geographic Names guidelines, the following principles apply:

- Names descriptive of topographic form, suggested by local history, folklore, or incident, or by associated natural life or other phenomena are preferred including American Indian or other ethnic names appropriate to the area.
- If a proposed name duplicates another feature in the state, it should not create confusion by being in close proximity.
- If a personal name is proposed, it must be determined in the public interest to honor the person or family for historical or commemorative reasons.
- If a personal name is proposed, the person or persons must be deceased for at least five years.
- If a personal name is proposed, it should just include the surname.

This process is intended to seek public comment on proposed names for unnamed features. No name should imply discrimination or be derogatory to a particular racial or ethnic group, gender, or religious group. This also includes names considered obscene in a present-day cultural context.

If an alternate name is submitted to the SDBGN, additional information may be needed to support the recommendation to the U.S. Board on Geographic Names. The basic information requested is a recommended name, reason/justification for the name, and the origin/meaning of the name.

Comments should be submitted no later than May 14, 2021. Submit comments to:
