Independent Auditor's Report

To the Board of Directors
South Dakota Health and Educational Facilities Authority
Pierre, South Dakota

Report on the Financial Statements

We have audited the accompanying financial statements of South Dakota Health and Educational Facilities Authority, which comprise the statement of net position as of June 30, 2020, and the related statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the South Dakota Health and Educational Facilities Authority as of June 30, 2020, and the changes in its net position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7 through 10 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Government Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of projects financed on pages 28 through 38 and the schedule of assisted projects financed on pages 39 through 40 are presented for purposes of additional analysis and are not a required part of the financial statements.

The schedule of projects financed and the schedule of assisted projects financed are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The listing of Authority Members and Staff on page 3 has not been subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report December 31, 2020 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2020

This section of the South Dakota Health and Educational Facilities Authority's (Authority) annual financial report presents management's discussion and analysis of the Authority's financial performance during the fiscal year ended June 30, 2020 (FY 2020). This analysis should be read in conjunction with the independent auditor's report, financial statements, notes to the financial statements and supplementary information.

The Authority

The Authority is a body politic and corporate and public instrumentality of the State of South Dakota created in 1972 by Chapter 1-16A of the South Dakota Codified Laws "SDCL" (the Act). The purpose of the Authority is to (i) assist private non-profit health and educational institutions in South Dakota in the construction, acquisition, financing and refinancing of projects to be undertaken for health care and higher education programs, (ii) assist South Dakota school districts and public bodies to alleviate cash flow shortages and reduce short-term borrowing costs, (iii) finance capital improvements for vocational education, (iv) assist public bodies in the financing of real property, equipment or other personal property and (v) assist public bodies, health institutions and educational institutions in the investment of funds intended for use or application in connection with any purpose, project or program authorized by the Act.

Under the Act, the Authority is authorized and empowered, among other things: to issue bonds, notes and other obligations for any of its corporate purposes and to refund the same; to charge and collect rates, rents, fees and charges for the use of projects or for services furnished by facilities in relation thereto; to construct, reconstruct, renovate, replace, maintain, repair, operate, lease or regulate projects for participating health institutions or participating educational institutions and to enter into contracts for the management or operation of projects; to refinance indebtedness of participating health institutions or participating educational institutions incurred with respect to the construction or acquisition of facilities by such institutions; to establish or cause to be established rules and regulations for the use of projects; to receive in relation to a project, loans or grants from any public agency or other source; to make loans to participating health institutions or participating educational institutions for costs of projects; to mortgage any project and the site thereof for the benefit of the holders of bonds issued to finance such project; and to do all things necessary or convenient to carry out the purpose of the Act.

The Act provides that the Authority shall consist of seven members serving five-year terms who shall be appointed by the Governor. All members of the Authority serve without compensation but are entitled to reimbursement for actual or necessary expenses incurred in the performance of their duties under the Act. The Authority annually elects one member to serve as Chairman, one member to serve as Vice Chairman and one member to serve as Treasurer.

The financial statements report information about the Authority using full accrual accounting methods as utilized by similar business activities in the private sector. The financial statements include a statement of net position; a statement of revenues, expenses and changes in net position; a statement of cash flows; and notes to the financial statements. While detailed sub-fund information is not presented, separate accounts are maintained for each institution to control and manage funds for particular purposes.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2020
(continued)

Financial Highlights

- Total assets of the Authority decreased \$163.8 million or 8.8%.
- Total liabilities of the Authority decreased \$164.1 million or 8.8%.
- Net position of the Authority increased \$344.0 thousand or 17.0%.
- Cash and cash equivalents of the Authority increased \$14.6 million or 101%.
- Investments decreased \$106.2 million or 87.4%.
- Receivables from institutions and bonds payable and direct borrowings decreased \$72.0 million or 4.2%.

June 30, 2020
(continued)

Statement of Revenues, Expenses and Changes in Net Position (in thousands of dollars)

	<u>2020</u>	<u>2019</u>	<u>% Change</u>
Revenues:			
Planning and service fees	\$ 771.0	\$ 795.1	(3.0%)
Application fees	145.3	89.7	(62.0%)
Interest income on receivables from institutions	65,233.9	67,209.7	(2.9%)
Investment income	1,372.1	4,749.3	(71.1%)
Other income	229.2	219.4	4.5%
	67,751.5	73,063.2	(7.3%)
Expenses:			
Travel	12.1	15.5	(21.9%)
Contractual services	203.4	178.8	13.8%
Personal services and benefits	596.1	592.1	(.1%)
Supplies and materials	20.9	18.9	10.6%
Interest	66,575.0	71,878.8	(7.4%)
Grant to the Board of Technical Education	0.0	1,913.4	(100.0%)
	67,407.5	74,597.5	(9.6%)
Change in net position	\$ 344.0	\$ (1,534.3)	122.4%

Analysis:

Bond issuances and direct borrowings for FY 2020 were \$161.7 million, a \$161.7 million increase over the previous year. Bond and direct borrowings payments for the year were \$233.6 million, a \$179.9 million increase over the prior year. Grant to the Board of Technical Education for FY 2020 was \$0 million, a \$1.9 million decrease over the previous year. This grant is nonrecurring and another grant is not foreseeable in the near future.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2020
(continued)

Debt Administration:

The Authority is authorized to issue tax-exempt revenue bonds, notes or other obligations on behalf of non-profit institutions for the purpose of the constructing, equipping and improving of facilities or the refinancing of outstanding debt.

The Authority issued a total of \$161.7 million bonds in fiscal year 2020 of which \$143.7 million was to Avera Health and \$18.0 million was to the University of Sioux Falls.

The Authority retired or paid at maturity a total of \$233.6 million of bonds in fiscal year 2020 of which \$52.3 was matured principal, \$123.1 million was paid in advance of scheduled maturity and \$58.2 million was transferred to escrow.

The Authority's bonds are rated from AA- to A+ by Standard and Poor's, Aa1 to A1 by Moody's Investor Service, AA+ to A+ by Fitch Ratings and some bonds are unrated.

More detailed information about the Authority's debt can be found in Note 2 to the financial statements, Bonds Payable and Direct Borrowings.

Overview:

Interest income from receivables from institutions, interest income on investments and planning and service fees are the major source of revenue for the Authority. Interest rates are at historically low levels and if they continue at such levels, the Authority would expect these revenues to be stable or decrease slightly. If short-term interest rates increase the Authority would anticipate interest payments on investments to increase as funds are invested in securities with higher rates.

This report is presented to provide additional information regarding operations of the Authority and to meet the requirements of the Governmental Accounting Standards Board (GASB).

**SOUTH DAKOTA HEALTH AND EDUCATIONAL
FACILITIES AUTHORITY**

**NOTES TO FINANCIAL STATEMENTS
June 30, 2020**

1. Organization and Significant Accounting Policies

Organization:

The South Dakota Health and Educational Facilities Authority (the "Authority") is a public instrumentality of the State of South Dakota intended to provide an additional capital financing method for non-profit health and educational institutions within the State. The Authority's operation includes the issuance of tax-exempt revenue bonds, notes or other obligations on behalf of non-profit institutions for the purpose of constructing, equipping and improving of facilities or the refinancing of outstanding debt. These bonds, notes or other obligations and the interest thereon do not constitute a debt or liability of the State of South Dakota or any political subdivision thereof, but are limited obligations of the Authority and are payable solely from the repayments received by the Authority for each particular project and program.

The Authority is engaged in only business-type activities and as such its financial statements are presented as required for enterprise funds. The activities of the Authority are recorded under various accounts established for the administration of the Authority's programs. Substantially all of the Authority's assets are restricted pursuant to the terms of the respective bond indentures and agreements.

The various accounts maintained by the Authority are as follows:

Administrative account which accounts for planning and service fees and disbursements necessary to conduct the day-to-day business affairs of the Authority.

Facility Projects under which the Authority is providing financing for building projects for non-profit health and educational institutions:

- Avera Health
- Avera McKennan
- LifeScape
- Dakota Hospital Association
- Dells Area Health Center
- Prairie Lakes Health Care System
- Monument Health
- Sanford Health
- University of Sioux Falls
- Vocational Education Program
- Westhills Village Retirement Community

NOTES TO FINANCIAL STATEMENTS

Significant accounting policies:

General:

The accrual basis of accounting is used, whereby revenues are recognized when earned and expenses are recognized when incurred. Net operating income includes all revenue and expenses including interest income from receivables, investment income and interest expense on bonds.

The accounting and reporting policies of the Authority included in the accompanying financial conform to generally accepted accounting principles applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Government Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled Audits of State and Local Governmental Units and by the Financial Accounting Standards Board (when applicable).

Cash and cash equivalents:

For purposes of the accompanying statement of net position and statement of cash flows all highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Investments:

The Authority reports investments in certificates of deposit, United States Treasury, Agency securities, corporate bonds and government securities funds, which are short-term money market funds, at fair value. Changes in fair value are recognized in the statement of revenues, expenses and changes in net position. The Authority has historically held the treasury securities to their maturity dates.

Receivables/concentration of credit risk from institutions:

The receivables from institutions are recorded at an amount equal to the contractual liability resulting from the related debt obligation. Management has determined that no allowance for doubtful receivables is necessary based upon periodic reviews of the financial position of the institutions and the value of the underlying collateral. Four facilities account for 94.6% of the receivables from institutions. At June 30, 2020 the Authority had receivables from these four facilities of \$1,552,800,000 consisting of \$537,475,000 from Avera Health, \$255,525,000 from Monument Health, \$644,125,000 from Sanford Health and \$115,675,000 from Vocational Educational Programs.

NOTES TO FINANCIAL STATEMENTS

Restricted assets:

Restricted assets include cash and cash equivalents, investments and receivables maintained in accordance with bond indentures for the purpose of funding receivable advances, bond payments and contingencies.

Amounts held under the terms of the bond indentures:

The amounts held under the terms of the bond indentures are comprised of various reserve accounts, payments received from institutions which have not yet been applied to the receivables from institutions and undisbursed project funds. Any amounts remaining in this liability account will be disbursed to the institution after the related project indebtedness is fully amortized. (See Note 10 for a detailed listing.)

Planning and service fee operating revenues:

The Authority's planning and service fee operating revenues are derived from fees assessed on a percentage of the outstanding debt of each issue. The institutions are billed on an annual basis and revenues are recognized over the period covered.

Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Bonds Payable and Direct Borrowings

Long-term debt in the form of bonds payable and direct borrowings has been issued by the Authority. Long-term debt issue dates are from 1997 – 2020, the fixed rates of interest are from 1.35% – 6.25%, and the maturity dates are through fiscal year ending June 30, 2047. The following table represents the changes in long term debt.

	<u>Bonds Payable</u>	<u>Direct Borrowings</u>	<u>Total</u>
Balance, June 30, 2019	\$ 1,372,225,000	\$ 341,030,000	\$ 1,713,255,000
Additions	143,660,000	18,000,000	161,660,000
Reductions	<u>(202,215,000)</u>	<u>(31,434,000)</u>	<u>(233,649,000)</u>
Balance, June 30, 2020	<u>\$ 1,313,670,000</u>	<u>\$ 327,596,000</u>	<u>\$ 1,641,266,000</u>
Amount due within one year	<u>\$ 20,858,000</u>	<u>\$ 27,140,000</u>	<u>\$ 47,998,000</u>

NOTES TO FINANCIAL STATEMENTS

Funds received under the various forms of tax-exempt indebtedness, including Certificates of Participation, issued by the Authority have been loaned to non-profit health and educational institutions which are required to make payments to the Authority or trustee sufficient to meet the principal and interest requirements of the related tax-exempt obligations.

The institutions' terms and amounts of the bonds payable and direct borrowings at June 30, 2020 are as follows:

	<u>\$1,641,266,000</u>	<u>\$ 966,686,651</u>	<u>\$2,607,952,651</u>

The interest maturity schedule for variable rate bonds is calculated using a benchmark rate for the term of the bond. The average benchmark rate used for the interest maturity schedule is 3.38%.

The bonds are limited obligations of the Authority and are collateralized by a combination of: first mortgages on the physical property financed (at the Authority's discretion), mortgage payments received by the Authority from the institutions, a security interest in the gross receipts of the institutions, first liens on the personal property financed, the Authority's assignment of its security interest in the mortgaged properties to the trustees of the bond issues; and, for certain institutions, assigned leases and cash and securities held by the institutions in restricted accounts.

NOTES TO FINANCIAL STATEMENTS

3. Extinguishment of Debt

The proceeds from current refunding/advance refunding bonds are used to purchase money market securities and/or U.S. Treasury investments, which are sufficient to pay principal and interest when maturities come due on the defeased bonds. The defeased bonds are considered to be extinguished for financial reporting purposes and, accordingly, the bonds together with the funds held in trust are not reported in the accompanying financial statements. The U.S. Treasury securities and money market securities are deposited in various trust accounts with the trustee of the defeased bonds. The gains, losses and economic benefits of these transactions revert back to the respective institution and not the Authority. However, the Authority receives an application fee for bonds issued, as well as annual service fees on the bonds outstanding.

On July 31, 2019 the Voc Ed Program paid principal of \$775,000 in advance of scheduled maturity on the Series 2014 bonds.

On November 13, 2019, the Authority issued \$43,850,000 of Avera Health Series 2019A bonds and \$99,810,000 of Avera Health Series 2019B bonds. The Series 2019A net proceeds of approximately \$50,314,526, including other sources of funds was used to current refund \$50,275,000 of the Avera Health Series 2008C bonds. A portion of the 2019B bonds was used to advance refund \$58,180,000 of outstanding maturities in the Avera Health Series 2012A bonds. Of the Series 2019B issuance, net proceeds of approximately \$62,268,733, including other sources of funds and after payment of underwriting fees and issuance costs, were used to purchase United States Government Obligations, which will provide for all future debt service payments on the defeased Series 2012A bonds.

On November 20, 2019, Sanford Health current refunded \$60,940,000 of outstanding maturities within the Sanford Health Series 2009 bonds with proceeds from non-authority debt.

On February 28 2020 the Authority issued \$7,000,000 of the University of Sioux Falls Series 2020A bonds, \$6,500,000 of the University of Sioux Falls Series 2020B bonds, \$3,000,000 of the University of Sioux Falls Series 2020C and \$1,500,000 of the University of Sioux Falls Series 2020D bonds. The net proceeds of \$11,157,500 after payment of issuance costs, project costs and extinguishment of \$4,700,000 of non-authority debt, were used to current refund the University of Sioux Falls Series 2010A, 2010B, 2010C, 2010D and 2010E.

Advance refunded bonds not yet paid to bondholders as of June 30, 2020 are as follows:

<u>Project</u>	<u>Date of Refund</u>	<u>Series Refunded</u>	<u>Amount Refunded</u>	<u>Balance 6-30-20</u>
Monument Health	September 2017	Series 2010	\$31,565,000	\$27,080,000
Monument Health	September 2017	Series 2011	\$32,245,000	\$24,915,000
Avera Health	November 2019	Series 2012A	\$58,180,000	\$58,180,000

NOTES TO FINANCIAL STATEMENTS

4. Cash, Certificates of Deposit, and U.S. Treasury and Agency Securities

The Authority invests all funds in accordance with SDCL 1-16A-19. Administrative assets of the Authority are purchased and generally held until maturity. The Authority's cash and investments for financed projects are held and administered by a bank trust department in accordance with the SDCL investment requirements and the terms of the bond and note indentures.

Separate accounts are maintained for the required debt service reserve accounts (see Note 7) and other purposes as stipulated in the indentures. All project investments are held on behalf of the Authority by the bank as trustee. As noted below, some individual projects have formal investment policies in certain risk categories.

Interest Rate Risk:

The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. As of June 30, 2020, the Authority had the following investments and maturities:

Certificate of Deposits and U.S. Treasury and Agency Maturities				
Investments	Fair Value	Less Than 1 Year	1-5 Years	More Than 5 Years
U.S. Government Agency Securities	1,897,177	1,347,136	129,126	420,915
U.S. Government Treasury Securities	12,672,029	11,156,842	1,304,613	210,574
U.S. Government Mutual Funds	532,220	-	250,460	281,760
Certificates of Deposits	245,000	245,000	-	-
Total	\$ 15,346,426	\$ 12,748,978	\$ 1,684,199	\$ 913,249

Custodial Credit Risk-Deposits:

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a deposit policy for custodial credit risk. As of June 30, 2020, \$49,520 of the Authority's bank deposits balance of \$789,946 was exposed to custodial credit risk.

Custodial Credit Risk-Investments:

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of June 30, 2020, the

NOTES TO FINANCIAL STATEMENTS

Authority had \$12,672,029 in U.S. Government Treasury Securities, \$1,897,177 in U.S. Government Agency Securities, \$532,220 in U.S. Government Mutual Funds, all of which are held by the Trustee and in the name of the Trustee. The Authority does not have an investment policy limiting the holding of securities by an outside party.

Credit Risk:

Statutes authorize the Authority to invest in direct obligations of the United States of America, obligations issued by any agency or instrumentality of the United States of America, in certificates of deposit or time deposits of any bank which is a qualified public depository or any savings and loan association which is a savings and loan depository, in obligations of any solvent insurance company or other corporation existing under the laws of the United States or any state thereof provided the company or corporation is rated in one of the two highest rating classifications established by a standard rating service of insurance companies or a nationally recognized rating agency, in short-term discount obligations of the Federal National Mortgage Agency or in obligations issued by any state of the United States.

The Authority's investments in U.S. Government Agency mortgage backed securities, asset backed securities, and debentures were rated Aaa by Moody's and AA+ by Standard & Poor's. The Authority's investments in mortgage backed and asset backed securities were all issued by U.S. Government Agencies. All U. S. Treasury and Government National Mortgage Association (Ginnie Mae) securities are issued by or explicitly guaranteed by the U.S. Government, and not considered to have credit risk.

The Authority's investments in certificates of deposit were fully insured by the Federal Deposit Insurance Company (FDIC). Insured deposits are backed by the full faith and credit of the U.S. Government. The FDIC is an independent agency of the federal government.

The Authority has investments in U.S. Government mutual funds. The mutual funds are comprised of 80% of its investment shares in securities which are issued by or explicitly guaranteed by the U.S. Government, and not considered to have credit risk. These underlying investments have average maturities of approximately 3-7 years. The remaining 20% of its investment shares can be invested in securities that are U.S. Treasuries, U.S. Agencies, or are collateralized by U.S. Treasuries and Agencies. U.S. Agencies were rated Aaa by Moody's and AA+ by Standard and Poor's.

In addition to the previous investments, the Authority has U.S. Government Security Funds which are included in cash and cash equivalents on the statement of net position. The Federated Hermes U.S. Treasury Cash Reserves Fund invests exclusively in short-term U.S. Treasury Securities issued by the United States and is rated AAAM by Standard and Poor's and Aaa-mf by Moody's. The Federated Hermes Treasury Obligations Fund and the First American Funds Treasury Obligations Fund invests in U.S. treasury securities and repurchase agreements collateralized by such obligations and is rated AAAM by Standard and Poor's and Aaa-mf by Moody's. The First American Funds Government Obligations Class D invests U.S. government securities and repurchase agreements collateralized by such obligations and is rated AAAM by Standard and Poor's and Aaa-mf by Moody's.

NOTES TO FINANCIAL STATEMENTS

Concentrations of Credit Risk:

The concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The Authority does not have a policy regarding concentration of credit risk.

The components of investment income for the year ended June 30, 2020 are as follows:

Interest income	\$ 883,950
Unrealized gains on U.S. Treasury Securities And U.S. Agencies	<u>457,110</u>
Investment income	<u>\$ 1,341,060</u>

5. Fair Value Measurements

The Authority's investments are measured and reported at fair value and are classified according the following hierarchy:

Level 1 – Investments reflect prices quoted in active markets.

Level 2 – Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered active.

Level 3 – Investments reflect prices based upon unobservable sources.

U.S. Bank, which serves as the trustee, uses the pricing service Standard and Poor's Securities Evaluation Incorporated to value investments. This service uses market approach pricing which utilizes models and pricing systems as well as mathematical tools and pricing analyst judgement. All investments are priced by this service, which is not quoted prices in an active market, but rather significant other observable inputs; therefore, the investments in U.S. Government treasury securities, U.S. Government Agency securities, Federated U.S. Treasury Services Funds and certificates of deposit are categorized as level 2. The U.S. Government mutual funds reflect prices quoted in active markets and are categorized as level 1.

	<u>Fair Value</u>
U.S. Government Treasury securities	\$ 12,672,029
U.S. Government Agency securities	1,897,177
Certificates of deposit	245,000
U.S. Government mutual funds	<u>532,220</u>
Total Level 1 Investments	<u>\$ 15,346,426</u>

6. Defined Contribution Plan

The Authority provides pension benefits for all of its employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts

NOTES TO FINANCIAL STATEMENTS

contributed to the plan plus investment earnings. Employees are eligible from the date of employment. The Authority contributes 10% of each participant's compensation for the plan year. The Authority's contributions for each employee are fully vested immediately. The Authority established the plan and has the authority to amend or terminate the plan subject to the provisions set forth in ERISA.

The Authority's total payroll for the year ended June 30, 2020 was \$431,570. The Authority's contribution to the plan was \$43,157 for the year ended June 30, 2020. The plan is administered by the First National Bank in Sioux Falls.

7. Debt Service Reserves

The bond indentures provide that reserve accounts be established for certain programs and institutions. The balances of the debt service reserves represent a portion of amounts held under the terms of the bond indentures. The balances of the reserve accounts as of June 30, 2020 are as follows:

	<u>Required Balance</u>	<u>Balance</u>	<u>Actual Excess</u>
Debt service reserve	\$ 12,296,533	\$ 12,547,923	\$ 362,390

The debt service reserve contains funds held by the trustee in the event the institution is unable to meet payments. For the year ending June 30, 2020, all institutions were in compliance with the debt service requirements. The Authority maintains cash and investments in restricted accounts equal to the balances reported above which are included in the balance of the cash and investments on the statement of net position.

8. Arbitrage Rebate Payments

Under the terms of the bond indentures, the institutions will pay any potential obligations due to the Internal Revenue Service. As such, no obligation for arbitrage is reported within this financial statement. There were no payments made by institutions related to the bond issues on pages 28-38 in fiscal year 2020 for rebate obligations to the Internal Revenue Service as none were due.

9. Related Party Transactions

Representatives from certain South Dakota non-profit health and educational institutions serve as board members. The Authority complies with state law that requires board members to abstain from voting on any project resolution if the board member has any vested business interest in the project.

NOTES TO FINANCIAL STATEMENTS

10. Amounts Held Under the Terms of the Bond Indentures

The amounts summarized below are held by the Authority under the terms of the bond indentures. The amounts are comprised of various reserve accounts, payments received from institution which have not yet been applied to the receivables from institutions, and undisbursed project funds. When an institution has paid its debt in full, any remaining amount is payable to the institution.

Avera Health	\$ 14,091,278
LifeScape	265
Dells Area Health Center	171,968
Monument Health	7,630,976
Sanford Health	3,313,788
University of Sioux Falls	2,000,784
Vocational Education Program	9,803,893
Westhills Village Retirement Community	<u>5,064,731</u>
Total amounts held under the Bond Indentures	<u>\$ 42,077,683</u>

11. Risk Management

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; directors' and officers' and directors' errors and omissions; injury to employees; and natural disasters. During the period ended June 30, 2020, the Authority managed its risks as follows:

The Authority purchased from a commercial carrier, health insurance for its employees; liability insurance for risks related to torts, theft or damage of property and errors and omissions; and liability insurance for workmen's compensation.

The Authority is a member of the South Dakota Authority Captive Insurance Company, LLC with five other Authorities in the State of South Dakota to reduce costs of general liability, employment practices liability and directors and officers liability insurance. The captive insurance has a liability limit of \$5,000,000 and a \$0 retention limit on general liability claims and a \$25,000 retention limit on all other claims.

12. Risks and Uncertainties

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets, including the geographical area in which the Authority

NOTES TO FINANCIAL STATEMENTS

operates. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

While the event is expected to impact the world economy, the extent to which this event will impact the Authority's financial position and the financial position of the non-profit health and educational institutions within the State, will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and actions taken to contain the coronavirus or its impacts, among others.

13. Subsequent Events

On October 27 2020 the Authority issued \$127,620,000 of Monument Health Series 2020A bonds and \$26,285,000 of Monument Health Series 2020B bonds. \$46,865,000 of the Series 2020A bonds will be used to refund outstanding maturities in the Monument Health Series 2015 bonds and the remaining proceeds will be deposited in a project fund.
