#### Memorandum

Date: January 13, 2021

To: Board of Economic Development

From: Terri LaBrie, Senior Loan Officer

Re: Value Added Sub Fund

Background: The VASF program was created in the 90's under Governor Bill Janklow for the purpose of assisting innovative ag development projects that utilize SD ag commodities. The fund was housed under the BED at GOED and the fund was primarily used for feasibility studies. On July1, 2013 the fund was transferred to the SD Dept. of Ag and administered by the Value Added Finance Authority. Upon merging Ag Development with GOED, the program found itself back under the BED.

A VASF award can only be up to \$100,000 and a requirement of 10% equity is imposed unless voted on by the majority of the board for both requirements. In no case, shall VASF be more than 45% of the costs of the project.

If, after completion of the study, the project found to not be feasible, the project may request the board to forgive the loan.

If the project is feasible, the loan is repaid at the rate of 0% over 5 years. Typically, a UCC is filed on the study.

Because of the likelihood that many applicants do not have a feasible project, many approved loans tend to be forgiven. GOED has a 90% loan loss reserve on this program.

Annually, \$135,000 is deposited into the fund on July 1 from the motor fuels tax. One million was taken out of the fund for the Governor's Disaster Relief Loan program with COVID 19. There is currently around \$550,000 in the fund.
