# **Need for Auxiliary Aids or Services**

Any individuals who will require auxiliary aids and services for a disability in order to participate in the meeting (e.g., sign language interpreters, assistive listening devices, materials in alternative format) should submit a request to SILC staff at 1.605.494.3613 or <a href="mailto:cwaqoner@bhssc.org">cwaqoner@bhssc.org</a>.

Please request these auxiliary aids and services no later than **10 days prior to the meeting** in order to ensure requested auxiliary aids and services are available.

#### **Meeting Protocol**

- Be prompt in attending Statewide Independent Living Council (Board) and committee meetings.
- Only one person speaks at a time. In order to obtain the floor and address the Board, all in attendance – members, staff and public – must be recognized by the Chairperson and given permission to do so.
- □ To gain recognition of the chairperson, raise your hand and/or address the Chairperson as appropriate i.e., Mr. Chairperson; Ms. Chairperson.
- □ If two or more members seek recognition of the chairperson at the same time, the chairperson will determine the order in which they will be invited to address the Board.
- □ If a person has already spoken to the issue, and wishes to speak to it again, others who have not yet spoken to it will first be given the opportunity to speak.
- Private conversations are not to be conducted during the meeting. The chairperson has the authority to ask others, who have not been given the floor, to refrain from talking while someone else has the floor (this is true for all in attendance – members; staff; public).
- Remind participants that this is the time to say something, if they have something to say. It will
  do little good for them to express their dissatisfaction with what was said or agreed upon after
  the meeting is over.
- People need to speak on the subject being discussed.
- Comments and discussions need to address issues.
- Listen alertly and with an open mind.

## **Tips for a Virtual Meeting**

- Prepare a quiet, distraction free location
- Keep your audio muted when not speaking
- State your name when you want to speak or be identified
- Speak at your normal conversational volume
- Position your camera properly if you use a web camera, be sure it is in a stable position, focused at eye level. Doing so helps create a more direct sense of engagement with other participants.
- Join the presentation a few minutes early to ensure you can see the presenter/presentation and can hear
- Limit distractions
   You can make it easier to focus on the meeting by turning off notifications, closing or minimizing running apps, and muting your smartphone.
- Avoid multi-tasking You'll retain the discussion better if you refrain from replying to emails or text messages during the meeting and wait to work on that PowerPoint presentation until after the meeting ends.
- Prepare materials in advance
   If you will be sharing content during the meeting, make sure you have the files and/or links ready to go before the meeting begins.

#### Additional....

- Remember you are on camera whenever you have your video camera on. Even if you are not seeing yourself, everyone else is seeing you. If you need to do something during the meeting, turn your camera off. And, do not do anything that will embarrass yourself.
- 2. Remember, unless you are muted, you are not muted. Stay muted unless you are talking. Also, remember, if you need to get up, get coffee, talk to someone in the room—turn both your camera and your microphone off.
- 3. If you are in a rocking chair during a virtual meeting, do not rock.
- 4. Stay focused on the meeting at hand.
- 5. Be camera ready, ©
