The **Audiology & Speech-Language Pathology Interstate Compact** (ASLP-IC) facilitates the interstate practice of audiology and speech-language pathology while maintaining public protection.

### **ASLP-IC Commission Newsletter**

Volume 1: Edition 1: February 2025

#### **Current Status of ASLP-IC**

The ASLP-IC is an interstate compact, or formal agreement among states, that facilitates interstate practice of audiology and speech-language pathology.

Under the ASLP-IC, audiologists and speech-language pathologists who are licensed in good standing in a compact member state will be eligible to practice in other compact member states via a "compact privilege," which is equivalent to a license.

At this time, 34 states and 1 territory have enacted ASLP-IC legislation to be part of the compact. However, the ASLP-IC is not yet operationalized, meaning the process to apply for and receive compact privileges is in the works. The Commission is working with developers to create the necessary data system to receive applications, provide

interstate data communications, and issue privileges to practice. It is anticipated that the ASLP-ICC will begin issuing compact privileges to practice in late summer 2025.

For more information about the process to develop the comprehensive data system, please visit: [www.compactconnect.org](http://www.compactconnect.org).

The current member states are: Alabama, Alaska, Arkansas, Colorado, Delaware, Florida, Georgia, Idaho, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Minnesota, Mississippi, Missouri, Montana, Nebraska, New Hampshire, North Carolina, Ohio, Oklahoma, Rhode Island, South Carolina, Tennessee, Utah, Vermont, Virginia, Virgin Islands, Washington, West Virginia, Wisconsin and Wyoming.

The interactive state [map](#) lists the current ASLP-IC member states and other states proposing to join the ASLP-IC.

The ASLP-IC Commission has established rules and bylaws to implement the compact. Committees meet on a regular basis and are open to the public. You can find more information [here](#).

**Please see this page for additional updates from the ASLP-IC Commission.**

The ASLP-IC offers several benefits to the public:

- Improves continuity of care
- Improves portability for military spouses
- Improves access to audiology and speech-language pathology providers
- Increases choice of audiology and speech-language pathology providers
- Facilitates alternate delivery methods (Telehealth)
- Simplifies/speeds up the current process
- Addresses portability & barriers to access
- Practice of audiology and speech-language pathology occurs in the state where the patient/client is located at the time of the patient/client encounter
