

**Statewide Independent Living Council
State Plan for Independent Living (SPIL) Committee**

Disseminated July 15, 2026

SPIL Committee Instructions: The committee has been reviewing the 2028–2030 State Plan goals one goal at a time. Now we are moving on to Goal 3.

Goal 3: Expand Independent Living Skills, Youth Transition, and Community Engagement

Please:

- Review the draft for Goal 3 (see attached: *2028-2030 Table for Goal Objective Measurement Goal 3*).
- Identify 2-3 objectives (what we want to see change).
- For each objective, identify an indicator or measurement (how success will be measured).

Please send your suggestions for Goal 3 to me by **July 24, 2026**. If possible, please use “Reply All” so committee members can see and build on one another’s ideas.

Input received to date has been incorporated into Goals 1 and 2. You may still submit suggestions for Goals 1 and 2.

Out of curiosity, I asked Copilot to help identify potential indicators and measurements for the SPIL. A copy of those suggestions is attached for your information and consideration.

Staff will compile all responses and incorporate them into a working document.

This is a starting point. We welcome your ideas and expertise as we continue developing the plan.

A revised draft incorporating all input received will be distributed to the committee for review and discussion prior to the **August 5 meeting**.

Thank you for your participation and feedback.
