Whitney Burrows, SDBMOE Management Analyst gave an update. A continuing education audit has been taking place. 10% of PT/PTA's were randomly chosen for participation in the audit and given four weeks to provide proof of 15 hours of continuing education. The audit has been going well, with no significant issues or concerns. The committee was also made aware that Mariah Pokorny, SD Department of Health (DOH) Director for Accreditation and Reporting and liaison to the SD licensing boards will be reaching out to members of the advisory committees regarding stakeholder meetings with the various licensed professions. The Board's advisory committee members will be receiving more information as they will play an important role for communications and the meetings.

The recent enactment of Senate Bill 78, an act to create the South Dakota Board of Physical Therapy and make an appropriation therefore was discussed. The Board plans to work closely with the PT advisory committee and other stakeholders to make the transition as smooth as possible. Various processes such as supervision of PTA's, non-working affidavits, renewal option, and hardship waivers were talked about. Board staff explained how these things are currently handled.

A question regarding the practice of lymphedema therapy was brought to the advisory committee for their opinion. The Board received an inquiry as to whether or not a person certified in lymphedema treatment could perform treatment without being licensed as a PT, OT, or massage therapist. The advisory committee unanimously agreed that an unlicensed person should not be performing lymphedema treatment, as it is very specialized. Of concern was where such certified lymphedema therapists are receiving their training.

At the request of a committee member, an advisory committee meeting will be planned for the middle of June.

As there was no further business, the meeting was adjourned at 10:35 AM
